DEAR MEMBERS

Our founding fathers from the old country are all dead, or ill.

The few of us, their children that came about the society, are now old and ill too, unable to manage. There is no leadership to replace us. While there is still time, during the next year, a Final meeting shall be called.

We have had preliminary discussions with lawyers. Legally, morally and ethically we shall take proper steps to disband.

Every one will then get deeds to their final resting place. Every one will share in the REMAINING assets.

Until then be assured, in time of loss of a "Loved One" God forbid, all are covered. Despite HAVING paid dues on top, the last 2 years.

Please do not phone, seeking further information. At the moment, there are no more details available.

For your peace of mind, at bottom, are 3 phone #'s, for use in moments of final need.
