

CHARLES F. CLARK'S

ANNUAL

DIRECTORY

OF THE

INHABITANTS, INCORPORATED COMPANIES,

BUSINESS FIRMS, ETC.,

OF THE

CITY OF DETROIT,

FOR 1864-'5.

PRICE, \$3.00.

DETROIT:
COMPILED AND PUBLISHED BY CHARLES F. CLARK,
53 GRISWOLD STREET.
1864.

P R E F A C E.

The publication of the **DIRECTORY** has been delayed for some days beyond the usual time, simply from the fact that, owing to the scarcity of printers the mechanical part could not be done before. This delay has been as annoying to the Publisher as to the public. We present this number, feeling that it is as correct as it is possible to make a City Directory during the existing troubles of the country. Many persons have refused to give their names at all; many, we have reason to believe, have given them fictitiously fearing that the Directory might be used as a means of making an enrollment for the "Draft." We have used our best endeavors to overcome these difficulties. We respectfully submit, therefore, whether these things should not be taken in consideration, before a criticism of the work be made. The publication is at best a thankless job.

While the City Directory, more than any other publication, shows the commercial *status*, and does far more to impress favorably or otherwise the strangers who constantly visit our city, it receives its chief support from a *very limited* number of the business men, whose interest *should* be identical with the growth and prosperity of the city. To the business men who have so kindly aided us, we take this occasion to return our sincere thanks; we are sure that a discriminating public will return them a thousand fold the "Bread they have cast upon the waters" through the medium of its pages.

We have increased the price *fifty cents* per volume; this is but *twenty per cent.* above the price *two years ago*. The expenses this year are *fifty per cent.* over those of 1862. Should the expenses be less another year we shall reduce the price to the original figure.

CHARLES F. CLARK, *Publisher.*

Among the heaviest hardware houses in the Western States, is that of Messrs. B. B. & W. R. NOYES, 86 Woodward Avenue, Detroit. The firm now occupy one of the largest stores in town, and have on hand an immense stock of general hardware goods, including hundreds of articles not enumerated in the advertisement above. Country merchants who have been in the habit of procuring their stocks in New York and other Eastern cities, should pay a visit to this establishment, and learn the fact that they can have as good a stock to select from, and can purchase to as good advantage here as they can in the East. Many of the finer articles of cutlery offered for sale, were imported by the Messrs. NOYES, direct from Europe, expressly for the trade, and for price and quality set competition at defiance.—EDITOR.

**DETROIT BUSINESS DIRECTORY.**

# DETROIT BUSINESS DIRECTORY.

It may be well to forestall envious criticism, by reminding those who consult the following pages, that the primary aim and object of a Directory, properly so called, is to afford a ready means of ascertaining the address of any given citizen. This, as far as it lies in the power of human energy and care to do, has been accomplished in the preceeding pages of this volume. In the following pages will be found a carefully arranged list of the professional, trading and manufacturing classes of Detroit. It will be seen that those who exhibit no interest in supporting the work, are represented in small type, under the single heading of their principle business. The names of the patrons of the work will be found displayed, under the various classifications of their business in capital letters. On reflection, it must be admitted by every one, that this arrangement, so far from being invidious, is an eminently proper distinction, inasmuch as the subscription price of the work is below its actual cost of production; it is fitting that this, being an *extra* portion of the work, should be made available as a source of income to the publisher, and that the public should have an opportunity of discriminating between the enterprising and public spirited of our citizens; and those who seem to take less interest in a work of such general practical utility, which will naturally be regarded as a reflex of the business status of Detroit.
