The manufactory of Messrs. H. P. Baldwin & Co., recently erected, is, without exception, the most complete establishment of the kind in the United States. It is situated on the northwest corner of Woodbridge and Bates streets, is forty by one hundred feet, and five stories high. The most approved machinery invented has been introduced, which could in any manner expedite or assist the labor. The soles and uppers for either boots or shoes, are cut by dies worked by machinery, and the seams are also sewed by machinery. They are then fitted together by hand, and the soles are fitted on by machinery; among the most interesting features of the establishment are the pegging and sewing machines, which will peg or sew a boot or shoe in fifteen seconds, and in a manner superior to that done by hand. More than two hundred and fifty persons are employed in the building. It is an establishment of which Detroit is deservedly proud, and one which reflects the highest credit upon the enterprising firm who have constructed it. Messrs. Baldwin & Co. are now in a condition to compete successfully with any Eastern *Manufacturer*.—EDITOR.

## P R E F A C E.

We herewith present to the public the fourth edition of our City Directory. We are not unmindful that it contains some faults, and probably some deficiencies. The idea that a *perfect* City Directory can be published, is obsolete. It is impossible, with a population of sixty thousand, speaking almost every known tongue, engaged in every department of trade and business, to procure the correct address in each and *every* instance. We believe this edition to be as nearly correct as possible, and therefore worthy of support.

The city has increased in population very materially during the past year—this edition of the Directory containing at least 1,600 more names than that of last year. This would give an increase of nearly, if not quite 6,000 persons. We trust to be able to record a like progress for many years to come.

Notwithstanding the fact that the war has closed, and in many departments of trade a material decline has taken place, the publication of this City Directory has cost THIRTY-THREE per cent. more than last year, and double what it did three years ago. As we receive no more for advertising than we did at that time, we are compelled, from necessity, to increase the price of the book. To those who have use for it, the price will be no more than it is worth. We trust those who only borrow from their neighbors will withhold comment.

We congratulate the citizens of Detroit upon the return of peace. We trust it may be a lasting one. We think the present condition of the Southern States is sufficient notice to any section that the government of the United States "must and shall be maintained."

To the business men who have aided us, we are under renewed obligations. We have endeavored to fulfill our part of the agreement. The public will discriminate between enterprising merchants, whose advertisements are printed herein, and those who withhold their support.

**WESTERN BRANCH**  
OF THE  
**New York Life Insurance**  
COMPANY,  
**No. 75 Griswold Street, Detroit.**

**PARENT OFFICE, 112 AND 114 BROADWAY, NEW YORK.**

On the first day of January, 1865, this Company declared a dividend of *Fifty per cent.*, and paid off all former dividends declared and unpaid, from the organization of the Company to January 1st, 1863, and after reserving a Reinsurance Fund, sufficient to purchase of the assured every policy on their books, added

**Over One Million of Dollars**

To their capital. This is doing more than any other company has ever done in one year.

To those policy holders who pay all Cash, the dividends will be paid in Cash; and those who receive a credit of 40 per cent., in anticipation of the dividends, will have this credit canceled, by the dividends.

In the New York Life no notes are required, but credits are given, if desired, for 40 per cent. of the premium—thus enabling a party to insure for nearly double the amount he could in any other company, whose members are not liable to an additional charge or assessment, for the same amount of Cash payments.

In this Company suicide does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease. By this, the thousand queries arising from ACCIDENTAL DEATH are swept away.

The NEW YORK LIFE INSURANCE Co. took in more Cash for Insurance during the last year, than any other Company in the United States, *who give Credit for any part of the premium.*

Application for Agencies must be made at this Office.

**LIFE INSURANCE CO.**  
*ESTABLISHED 1845.*

Home Office, 112 & 114 Broadway, N. Y.

**ASSETS, (SECURELY INVESTED,) \$4,000,000.**

A Policy of Life Insurance is always an evidence of prudent forethought, and no man with a dependent family is free from reproach if his life is not insured.—*The late Lord Lyndhurst, Chancellor of England.*

There is nothing in the Commercial world which approaches, even remotely, to the SECURITY of a well established and prudently managed Life Insurance Company.—*DeMorgan.*

This is one of the **OLDEST, SAFEST,** and most **SUCCESSFUL** Life Insurance Companies in the United States and offers advantages *not excelled*, and, in some respects, **NOT EQUALLED**, by any other. It has paid to widows and orphans of the assured over **TWO MILLION DOLLARS**. Its Trustees in New-York City are of the very first and most reliable names.

**It is STRICTLY MUTUAL,** the policy holders receiving the entire profits.

Special care in the selection of its risks,—strict economy,—and a safe and judicious investment of its funds,—**emphatically characterize the management of this Company.**

Premiums received **QUARTERLY, SEMI-ANNUALLY** or **ANNUALLY**, at the option of the assured. Policies issued in all the various forms, of **WHOLE LIFE, SHORT TERM, ENDOWMENT, ANNUITY, &c.**

**DIVIDENDS DECLARED ANNUALLY, (FOR 1865, 50 PER CENT.)**

The mortality among its members has been *proportionately less* than that of any other Life Insurance Company in America—a result consequent on a most careful and judicious selection of lives, and one of great importance to policy holders.

It offers to the assured *the most abundant security in a large accumulated fund, amounting now to*

**FOUR MILLION DOLLARS.**

It accommodates its members in the settlement of their premiums, by receiving a note for a part of the amount when desired—thus furnishing Insurance for *nearly double the amount* for about the **SAME CASH PAYMENT**, as is required in an "all cash Company."

The **NEW FEATURE** in Life Assurance, recently introduced by this Company of issuing

**LIFE POLICIES NOT SUBJECT TO FORFEITURE,**

is regarded with universal favor, and annihilates the only argument of any weight which can possibly be brought against the system of Life Insurance.

*From the New-York Independent, Dec. 9, 1865.*

[REV. HENRY WARD BEECHER'S PAPER.]

## NEW-YORK LIFE INSURANCE COMPANY.

*"We have much pleasure in calling attention to the Annual Statement for 1864 of the above Company, which will be found in another column. It is in all points most satisfactory. They declare a Dividend to Policy-Holders for the past year of Fifty per cent. They have augmented their Capital One Million of Dollars, and it now reaches nearly \$4,000,000; they have issued 4,905 new Policies during the year, insuring \$13,147,558. Its Cash Premiums exceed those of any other Company in the United States, with but one exception. The whole business of this Company reflects great credit on its prudent and energetic management. Its Board of Trustees is composed of Influential Citizens of New-York, whose names and standing are a guarantee to the public of the solid character of this wealthy Company. It is the religious duty of the head of every family to protect it from all contingencies, by having a Life Insurance; and we know of no Company by which the interests of the Policy-Holders are better cared for than in the New-York Life Insurance Company, which now makes its 20th Annual Report."*

---

The lively prosperity and success of this Company is shown in the fact, that for the last three years it has taken the lead of ALL the Life Insurance Companies in this country; the Official Returns of the Massachusetts Insurance Commissioners showing that the amount of its new business for the year 1862, nearly equalled the combined business of any other two Companies in the United States.
