C. H. WAITE, Gen. Agent.

WATERTOWN FIRE

Insurance Company,

WATERTOWN N. Y.

CASH ASSETS, \$400,000.00.

RATES LOWER THAN CHARGED BY COMPANIES DOING A GENERAL BUSINESS. RISKS ALSO SAFER.

Insures nothing more hazardous than PRIVATE RESIDENCES and their contents. No Shops, Mills, Stores, Hotels, or other business property taken.

Insures against all Loss or Damage by Fire or Lightning.

NO COMPANY can be on a **SAFER BASIS**, and none **MORE PROSPEROUS** than the **WATER TOWN**. It is not subject to sweeping fires or heavy losses. Its risks being **SAFER** makes its assets the stronger, security is therefore doubly perfect.

N. A. BIERCE, Agent.

Moffatt Block, Griswold St.,

DETR

PREFACE.

IN presenting this, the Eleventh Volume of the Detroit City Directory, to the Public we desire to express to its many patrons our sincere thanks for their encouragement and assistance. Among our advertisers may be found the names of those who are always in the van of public improvement and business enterprise, and the leaders in their especial line of trade; and in consequence, the liberal spirit which characterizes their pursuit of the "almighty dollar," is manifest in everything that will enhance their own interests while doing a public good.

To the croakers and faultfinders, that are always those who "don't have any use for the book," but who nevertheless, continually borrow of their neighbors, we would say "croak," as this is your *annual* opportunity.

That errors in a City Directory are unavoidable, has been proved by the experience of all publishers, and we trust that our many friends will overlook such as may appear in this work, and give us credit for the energy and skill displayed in its production.

Trusting that our efforts may meet the approval of our patrons, we remain

Very respectfully,

THE PUBLISHERS.

DETROIT CHAIR FACTORY,

COR. OF PORTER AND FOURTH STS.,

DETROIT,

MICH.

MANUFACTURERS OF WARRANTED

CANE SEAT CHAIRS,

IN GREAT VARIETY.

Our new "Revolving, Rocking and Tilting" chair, patented April 25th, 1871, by F. Barber, made a specialty. (See engraving.)

This chair is adjustable to light or heavy persons, and

is particularly adapted to the court room, lodge room, office, library, dining room, in fact to any position when ease and comfort is a desideratum, and is superior to all similar chairs in

1st. Its simplicity of construction, the form of spring used ensuring great strength, elasticity and durability.

2d. Its solidity when upright, and the easy and pleasant motion with which it is operated.

3d. It makes a **COMPLETE** Rocking Chair, dispensing with the long projecting rockers so injurious to carpets and furniture.

4th. It is **NOISELESS** and free from any grating or jarring sensation, the front and rear support being fitted with elastic buffers to prevent concussion.

5th. It is the **ONLY** spring that can be adjusted to the weight of the occupant, which is done by simply turning the set screw with the thumb and finger, and regulating the height of the fulcrum, a heavy person requiring a stiffer spring than a light one, and vice versa.

6th. It is admirably adapted to people with a Consumptive tendency, as when "tilted" the shoulders are thrown back, the chest is expanded, thereby promoting a fine physical development, counteracting the bad habits formed by sitting in ordinary chairs.

Illustrated Catalogue and Price Lists furnished to dealers on application.

MAYHEW BUSINESS COLLEGE

Bankers, Merchants, Lawyers, Physicians and Clergymen,
Unite in a Complimentary Address.

DIPLOMAS AND FIRST PREMIUNS.

More than fifty graduates of the Mayhew Business College engaged as bankers and merchants in Detroit and Michigan, and twenty other cities and States, in the Departments at Washington, in railroad and insurance offices, and in other equally important positions—including graduates of the University, Normal School, Agricultural College, and other colleges of the State and country, and embracing lawyers, physicians, and clergymen—have united in an address to the Hon. IRA MAYHEW, President of this College, in which they say:

“Having been students of the Mayhew Business College, and being hence able to judge of its excellences; we take pleasure in commending it as eminently worthy of patronage. Its privileges cannot be too highly prized. Its popular business practice is invaluable. We heartily concur with those business men who say of its University Book-keeping, they would not for one thousand dollars part with the instruction they have gained from it. The regular courses of lectures by the President clear up all difficulties and enable students to thoroughly understand their work. The professors are accomplished in their several departments, and like the President manifestly have the welfare of their students at heart. We have never elsewhere enjoyed school privileges which we value so highly, and which we can with such confidence recommend to others.”

Detroit and Michigan may well cherish such an institution, which prepares so many of our young men for business, and whose publications are used as text-books in the leading colleges and schools of the country. Although established and maintained by individual enterprise, this Business College is doing a work of greater value to the public than that of many institutions deriving their support from municipalities and States, and fostered by contributions and bequests from wealthy and benevolent citizens.
—*Detroit Tribune of March 9, 1872.*

This College received Eight Diplomas and First Premiums in 1871, all that were awarded at Six State and Union Fairs for best Book-keeping and Business Practice. Its publications are used in the best colleges of the country, from New York to San Francisco. Students come not only from Detroit and Michigan, but from hundreds of miles away to attend here, and upon their success and recommendation their brothers and friends come after them. A former governor of Nebraska, on recently placing a second son at this college remarked to his friends that he considers the mental discipline resulting from making its course of study of greater value to a young man than that gained from all the Latin and Greek of a regular college course.

For THE MAYHEW COLLEGE JOURNAL, giving full information, address,

 242 Corner Woodbridge and Thirteenth streets.
 251 Corner Woodbridge and Seventeen-and-a-Half streets.
 252 Gas Works on Twenty-second street.

INSTRUCTIONS FOR TELEGRAPHING FIRE ALARMS.

A key will be left with the occupant of a building near each alarm box, and it will be designated on the box where the same may be found. The officers and men of the Police Department will also possess a key.

The following directions will be observed when a fire is discovered:

I. Go to the nearest box and open the door, pull the hook down as far as you can (firmly without jerking), and then let it slide back; remove the key and close the door.

II. If you do not immediately hear the number of the box struck upon the small bell within, or upon the tower bells, go to the next nearest box to the fire and repeat the operation.

III. If, upon going to a box to give an alarm, you hear the small bell inside ringing (which is an indication that an alarm is being sent over the lines), do not open the box until it has done ringing. In all such cases count the signal being sounded, and be certain that it is not for the same fire.

Key-holders are cautioned—

1. To not open the box except in case of fire.
2. To not give an alarm until certain of a fire.
3. To not give an alarm for a fire seen at a distance.
4. To pull down the hook but once in giving an alarm.
5. To be sure, after giving an alarm, that the door is securely closed before leaving the box.
6. To not let the key go out of their possession, except when demanded by proper authority.

WATER WORKS.

Office, Biddle House Block.

- President Board of Water Commissioners*—Jacob S. Farrand.
Secretary—Robert E. Roberts.
Superintendent of Extension and Repairs—Benjamin B. Moore.
Engineer—John E. Edwards.

COURTS.

United States Courts of the Eastern District of Michigan—The United States is divided into nine judicial Circuits, in each of which a Circuit Court is held for each district within each Circuit. The Act of Congress approved April 10th, 1869, provides as follows: "The Circuit Courts in each Circuit shall be held by the Justice of the Supreme Court allotted to the Circuit, or by the Circuit Judge of the Circuit, or by the District Judge of the District sitting alone, or by the Justice of the Supreme Court and Circuit Judge sitting together, in which case the Justice of the Supreme Court shall preside, or in the absence of either of them by the other (who shall preside) and the district Judge."

The State of Michigan, by the Act of February 24th, 1863, was divided into two Judicial Districts. The Courts for the Eastern District are held at Detroit, and for the Western District at Grand Rapids. Both Districts are attached to the 6th Judicial Circuit, which comprises the States of Michigan, Ohio, Kentucky and Tennessee.

Justice Swayne has been allotted to the 6th Judicial Circuit, and Hon. Halmer H. Emmons was, under said Act of April 10, 1869, appointed Circuit Judge of said Circuit.

The Courts for said Eastern District are organized as follows:

Circuit Court—Hon. N. A. Swayne, Justice of the Supreme Court is by said Act required to attend one term at least in

every two years. Hon. H. H. Emmons, Circuit Judge; Hon. John W. Longyear, District Judge; Addison Mandell, Clerk; Aaron B. Maynard, U. S. District Attorney; J. W. Finney, and H. H. Swan, Assistants; Joseph R. Bennet, U. S. Marshal; Henry G. Blanchard, Chief Deputy Marshal.

Terms of Circuit—First Tuesdays in March, June and November, in the District court room, Post Office Building, Detroit.

ICE.**ICE.**

The Belle Isle Ice Company,

To CONSUMERS :

Our Ice is all of the first quality, and fit for the table, having been cut near Lake St. Clair and the head of Belle Island.

Thankful for past favors from the citizens of Detroit, we solicit their custom for the present season, and will supply them with the

BEST UP RIVER ICE,

And give them prompt and courteous treatment. Those wanting cheap Ice, from below the tanneries, slaughter houses, gas works, and below the sewerage of the city, had better apply where such can be had.

WE HAVE NONE OF THAT KIND.

C. A. LORMAN,

Manager Belle Isle Ice Company,

145 Jefferson Avenue, up stairs,

145 JEFFERSON AVENUE, }
DETROIT, April 1, 1871 }

MR. C. A. LORMAN :

Dear Sir—We desire you to place us upon your list of customers for the present year, and shall expect to be among them as long as you remain in the ice business, and while we shall be in need of ice. In our past dealing we have always found that you can be thoroughly depended upon, and we know your ice to be exclusively from up the river, and of pure quality. We cannot afford to be caught in hot weather without a supply that we can absolutely depend upon, and we apprise you thus early of our wants, because we know that you will not receive more customers than you can serve faithfully, and we wish to be included among them. Other dealers offer to furnish us at a lower price than you offer but we are willing to pay your figures, for the certainty of pure ice, and a reliable supply. (Signed)

M. B. COOK, Manager.

HAVE YOU SEEN IT?

THE FAMILY FAVORITE,

RELIABLE, POSITIVE, SIMPLE, EFFICIENT.

BEAUTY COMBINED WITH DURABILITY.

EVERY MACHINE IS WARRANTED.

POINTS OF EXCELLENCE.

It has the NOVEL COMPENSATING TAKE-UP, which prevents all strain on the thread. It runs light and without fatigue to the operator. It makes a perfect stitch on both sides. It has attachments for all kinds of work, and they cannot be set wrong. It has an anti-friction bobbin. Its short and straight needle. Its small and simple shuttle, which need not be taken out of the Machine to change the tension. Its movements are positive and depend on no springs.

Its fine and workman-like finish and ease of adjustment. Its freedom from broken thread or dropped stitches.

The machinery is easily cleaned and oiled. The working parts are protected from dust. The only machine that has a fold hemmer and binder. The F. F. is a combination of positive movements, with lightness of action. The F. F. does light and heavy work with equal facility, using cotton, silk or linen with perfect ease.

DON'T PURCHASE BEFORE YOU SEE IT.

MANUFACTURERS' FAVORITE.

LARGE, STRONG, RELIABLE, TRUSTY.

Runs Quiet. Has Eighteen Inches Space under the Arm.
Is the Largest Machine Made.

POINTS OF EXCELLENCE.

Its Simplicity and Durability. Its Large Shuttle. Its Adjustable Take-up, (no other machine has one.) Its Direct Action and Positive Movements. Its being so well adapted to Heavy Work, and yet doing Light Work perfectly.

The Needle is Straight and raises very high. The Works are Protected from Dust, yet can be cleaned and oiled easily. The Shuttle does not strain the thread in passing through the Loop.

Shoe Makers, Tailors and Carriage Trimmers should see this Machine.

DETROIT. **MICHIGAN.**

A Home Luxury that has Become a Home Necessity.

"The hours that leave the slightest cause to weep,
 Are those we passed in childhood or asleep."—J. G. SAXE.

Walking along Griswold street, Detroit, Mich., the other day, I observed in front of the premises, Nos. 167, 169 and 171, something which attracted my attention at once, and proved to be the Dunks' steel spring bed bottom. Having heard of the courtesy of the manufacturer, and using the article myself, I dropped in, and was shown round, and had all the merits of this truly meritorious article explained to me, and was fully convinced that it was entitled to all that is claimed for it.

It is certainly the most simple, durable and cleanly bed bottom I have ever seen, and my experience is a very wide one, being fully aware of the importance of sleeping comfortably, and also desirous that the public should share the result of my experience without the trouble and expense of experimenting. I therefore take this method of benefitting my fellow men by recommending to their notice the simple patent steel spring bed bottom, which can be procured from every first class furniture dealer throughout the United States and Canada.

If you do not see it, ask for it; and see you get it.—*Western Rural.*

Bryant & Stratton

BUSINESS UNIVERSITY.

Business Practically Taught.

After the Counting House system, the only true and practical system for illustrating real business requiring Banks, Stores, Business Houses, Offices, Boards of Trade, etc. A foreign business is also carried on by the teachers and students through the United States mail with other colleges belonging to the International Business College Association, the only organization of the kind known, this being a branch of the same. All the business transacted in this institution, passes under the supervision of the best practical accountants to be found, and who are fitted for their positions from long experience. After having had an experience of over 20 years in this specialty, besides ten or fifteen years as a practical business man and an accountant, the public can as heretofore rest assured that the best known facilities will be made use of to meet the demands of the BUSINESS COMMUNITY and advance the INTERESTS of our PATRONS.

We wish it distinctly understood by the public, that the course of actual business practice as taught at this institution, is not nor can it be represented in any printed work on book-keeping. All transactions must originate through individuals; otherwise it cannot be called actual business.

It is an acknowledged fact that practice is the best experience that a person can possibly possess. This being the case, it stands to reason that the nearer the school-room can be made to represent real business the more practical and thorough will be the instruction.

We also wish it understood that business penmanship, arithmetic and correct orthography are specialties at this institution.

Young men wishing to obtain a business education should not fail to visit our institution before making arrangements elsewhere and afterwards regretting it when too late as others have done. We often have young men enter our institution for the full course after attending other so-called business colleges, and becoming dissatisfied with their incomplete course of instruction.

☞ No institution ever took a diploma or premium for book-keeping or business practice over this institution, and any assertion to the contrary is false.

MATTRESSES REPAIRED OR MADE OVER.

SEWING MACHINE SALES

FOR 1871.

The magnitude to which the sewing machine business has grown is only surpassed by the rivalry of the various competitors, few of whom are unfamiliar with the numerous artifices resorted to for the commendation and sale of the particular machine sought to be sold.

If the number of sales be any criterion of the merits of the different machines, it cannot be denied that the Singer, owing to the popularity of what is known as our "New Family" machine far surpasses all others, for we sold in 1871 over *fifty-two thousand* more machines than *any* other company, as shown by sworn returns of the companies, which returns are made under the licenses granted them by the owners of the sewing machine patents.

Annexed are the returns spoken of:

THE SINGER MF'G CO -----Sold 181.260 Machines.
