MACHINE BRUSHES MADE TO ORDER.

As we are practical Brushmakers, and established in Detroit for the last sixteen years, we are confident that we can offer to dealers fully as good an article, at as low if not lower prices, than any manufacturers in the East.

All orders promptly filled.

PREFACE.

THE publishers of the Detroit City Directory present to the public their volume for 1873, confidently believing that their efforts to issue a complete and reliable work have not proved fruitless. It comprises the names of the inhabitants of the City of Detroit, except women represented by the names of their husbands, young ladies not having any occupation and living at home, children, and female servants. We have aimed to make it a fit representative of the public spirit and importance of the City of Detroit, and an accurate and complete guide to all public places, business locations, and private residences of the inhabitants of the city.

The Street Directory is compiled on an entirely new plan, and will be found an invaluable addition to the work.

To those who have extended to us their patronage we return our thanks and trust to merit a continuance of the same.

Respectfully,

THE PUBLISHERS.

Showing that the Company holds three dollars and fifty-eight cents for every dollar loaned during the year.

The NORTHWESTERN is now loaning over \$200,000 monthly and paying losses at the rate of over \$60,000 monthly. These immense sums, distributed among the people in every section throughout the country, are giving untold relief to every class of persons—to the embarrassed landholders, merchants and bankers; to the widows and orphans and to the laboring poor, by making money more plenty and encouraging industry.

OPINIONS OF THE PRESS.

By the card upon our first page it will be seen that this genial gentleman has left St. Joseph and that he makes his headquarters at Detroit. During his stay here Prof. Parsons made many friends among our best citizens, who would gladly have had him continue to dwell here. He is wise, circumspect, cautious, reliable in judgment, makes no errors or mistakes, does not offend, and wins and wears upon acquaintance. As agent of the Northwestern, he has been the useful means of bringing into this county more than \$100,000, which has been well invested at 10 per cent. He has thus increased our available capital and been a valuable public benefactor.—*St. Joseph Herald*.

The Northwestern has always enjoyed the confidence of its policy holders because it deserves it.—*New York Tribune*.

The Northwestern enjoys special advantages for Life Insurance. It can loan all its surplus funds at 10 per cent and thus accumulate a reserve twice or three times as fast as insurance companies in our Eastern States.—*N. Y. Independent*.

The facts we have epitomized give assurance that the Northwestern is both safe and prompt.—*Irish Democrat*.

The record of the Northwestern is most flattering.—*The Advance, Chicago*.

No Company in the country has equaled it in its rate of progress.—*Boston Sat. Eve. Gazette*.

It has passed the period of youth and doubt. The Company has deserved success and won it.—

The (Chicago) Standard.

It is a noticeable fact that Eastern people are appreciating the advantages offered by this Company.—*Gazette, Little Rock, Ark.*

This Company ranks with the best everywhere. **—*Milwaukee Sentinel*.

It offers with its ample assets and high reserve perfect security to its policy-holders.—*Public Ledger, Memphis, Tenn.*

It is no wonder that the Northwest is proud of this Milwaukee institution.—*Insurance Monitor*.

So far as our own observations and researches have extended, we know of no other company in the United States or any other country in which we would so confidently direct our friends to insure their lives or invest their funds as in the Northwestern Mutual Life Insurance Company at Milwaukee.—*Chicago Journal of Commerce*.

The Northwestern with its nearly \$13,000,000 assets and its growing receipts, its careful management and liberal support; is enabled to loan over \$200,000 monthly.—*Detroit Tribune*.

INSTRUCTIONS FOR TELEGRAPHING FIRE ALARMS.

A key is left with the occupant of a building near each Fire Alarm Box, and it is designated on the box where the same can be found. The members of the Police force also possess keys.

The following directions will be observed when a fire is discovered:

I. Go to the box, open the door and pull the hook down as far as it will go (firmly, without jerking), and let it slide back.

II. If the alarm is not immediately heard upon the small bell within, the City Hall or tower bells, go to the next nearest box to the fire and repeat the operation.

III. If, upon going to a box to give an alarm, the City Hall bell is heard striking otherwise than the hour (which is an indication that an alarm is being sent over the lines), do not open the box until it has done striking. In all such cases count the signal being sounded, and be certain it is not for the same fire.

Key holders are cautioned:

1. To not open the box except in case of fire.
2. To not give an alarm until certain of fire.
3. To not give an alarm for a fire seen at a distance.
4. To pull down the hook but *once* in giving an alarm.
5. To be sure, after giving an alarm that the door is securely closed before leaving the box.
6. To not let the key go out of their possession except when demanded by proper authority.

THE FAMILY FAVORITE,

Reliable, Positive, Simple, Efficient, Beauty combined with Durability, Points of Excellence.

It has the *novel compensating take-up*, which prevents all strain on the thread. It runs light and without fatigue to the operator. It makes a perfect stitch on both sides. It has attachments for all kinds of work, and they cannot be set wrong. *It has an anti-friction bobbin*. Its short and straight needle. *Its small and simple shuttle, which need not be taken out of the Machine to change the tension*. Its movements are positive and depend on *no springs*.

Its fine and workman-like finish and ease of adjustment. Its freedom from broken thread or dropped stitches.

The Machinery is easily cleaned and oiled. The working parts are protected from dust. The only machine that has a fold hemmer and binder. The F. F. is a combination of positive movements, with lightness of action. The F. F. does light and heavy work with *equal facility*, using cotton, silk or linen with perfect ease.

Manufacturers' Favorite

runs quiet, has 18 inches space under the arm and is the largest machine made.

GENERAL FAVORITE,

No Cog Wheels—No Clatter. It runs fast and without noise.

No new parts made necessary by wear.—All bearings are adjustable.—No friction on the bobbin.—No strain on the thread.—The shuttle need not be taken out to change the tension, it is self-adjusting.—The upper tension is produced by the novel anti-friction pad.

NO CAMS.

The take-up besides being compensating is adjustable to all grades of work. The shuttle power is the best mechanical power. The ball and socket joint. The needle rises high and will clear any thickness of light manufacturing work. It runs fast, steady and without any jarring. Every particle of the wear by constant use can be taken up without any new parts. The essential merit of this new combination is simplicity and perfection of mechanical motion together with the perfect freedom from the friction and jarring incident to the ordinary mechanisms of the Sewing Machines heretofore made, and is especially recommended to Tailors, Shoemakers and manufacturers of all kinds of light work.

HEALTH INSTITUTE.

THE ELECTRO HYDRIC HEALTH INSTITUTE

Nearly opposite the Capitol Union School,
STATE ST., CORNER OF ROWLAND.

Dr. L. W. CARR, Physician and Proprietor.

This Institution was established for the purpose of

CURING THE SICK,

By means of those remedies which nature can use
in her restorative efforts.

Our System of Practice

Is based upon that *great truth* that disease is ABNORMAL VITAL ACTION, and that all the
Physician can do is to rally around Nature's Standard; and should use only those
means which will be in harmony with her curative efforts.

We use Medicines which we give mostly by Inhalation,
We use Oxygenated Air.

*WE USE BATHS OF ALL KINDS. WE HAVE THE HOT AIR, OR TURKISH
BATH. WE ALSO GIVE THE STEAM OR RUSSIAN BATH.*

And all kinds of *Medicated Vapor Baths*, and the ELECTRICAL BATHS which are the *most
efficacious treatment* for all long standing *Chronic Diseases*.

We use Electricity in all its Forms,

And *Electricity* is destined to be the GREAT MEDICINE OF THE FUTURE.

In less than *Twenty years knowledge of its use* will so increase that it will be the *Great Universal
Medicine* by which *all diseases* will be cured, and its *auxiliaries* will be *water and Hygienic Appliances*.
The world must come to this. And with our *perfect apparatus* now in use, we can *always cure* EVERY
CASE OF GENERAL and LOCAL DEBILITY *resulting in nervous prostration*, and WEAKNESS OF THE NERVOUS
SYSTEM. *Consumption in its first and second stage*, the *third stage* CAN NO MAN CURE. All diseases
PECULIAR TO WOMEN, diseases of the HEART, *Liver and Stomach*, SPINE and KIDNEY, *Cerebro Spinal
Meningitis* and every disease of the *nervous system*. And with our *combined remedies* we cure *all
diseases* that afflict humanity. No person can take our treatment without receiving benefit. Why is
this? We answer because we only give safe medicines and then never as a rule does the *medicine* enter
the *stomach*, but is given by INHALATION.

And secondly we treat upon the surface with Electricity and baths to equalize and harmonize the vital
forces and by these means we re-establish the impaired vitality of the nerves and restore every part of
the system to a normal state, and leave a *Normal Vital Action* from head to foot and this is robust
health.

The following is from Dr. Carr's former Partner.

This is to certify, that having in former years been associated with Dr. L. W. Carr, now of Detroit,
I can cheerfully commend him to an afflicted public. His system of treatment is adapted to strong or
weak constitutions. All who place themselves under his care will find him a gentleman of fine culture,
and one who will anticipate their wants and wishes.

BATTLE CREEK, MICH.

DETROIT

THROAT AND LUNG

INSTITUTE.

The only Institute of the kind in Michigan
For the treatment of diseases of the
Head, Throat and Chest.

Probably no discovery or improvement in medical practice of late years has been of more utility than that which is properly known as the

“Inhalation System of Cure”

in throat and chest diseases. In this climate, so capricious and variable, where at least one among every three persons in the entire community is afflicted with some form of throat or lung disease, a class of maladies increasing every year in fatality, anything which really tends to arrest the disease and restore the sufferer from its ravages is surely a blessing which will be appreciated by every family throughout the country. Its results are most gratifying and remarkable, and have elicited the very highest commendation from many of our best citizens. It conveys the remedy directly to the parts diseased. Its effects are prompt and permanent. Its action is always perfectly safe and salutary, even in the most debilitated cases. Relief is usually obtained from the first hour of using the remedies. The treatment is both local and constitutional, and yet the cures are effected without medicine. Consultation free, and the prices of the Institute within the reach of all. If possible, call personally for an examination, otherwise write. Address

The Business of this Corporation is confined exclusively to the receipt and care of Savings' Deposits, and Funds Deposited in Trust, No Commercial or General Banking Business is transacted.

A certain portion of the funds is Loaned on unincumbered Real Estate, value in cash twice the amount Loaned.

A portion of the funds is Loaned on Bonds and other Securities having a positive Cash Market value; these Loans are usually "Call Loans," and payable on demand.

The Bank does not nor cannot, under its Rules, loan on individual notes or any kind of personal security.

Sums as small as One Dollar received from any person, and a Bank Book furnished without charge.

Married Women and Minor Children may deposit money so that no one else can draw it.

Depositors, whether Foreigners or Citizens, have the same right as to property, and in case of death any money to their credit will be paid to their legal representatives, whether they are in this country or elsewhere.

Interest, at the rate of six per cent. per annum, is paid on all sums of one dollar or more; and all money that remains in the Bank one or more full calendar months, will draw interest for every month. Money deposited on or before the 5th day of a month, will draw interest for the full month. On the 1st days of June and December all interest due will be credited, and will draw interest the same as a deposit.

Working People need not lose any time, as the Savings Bank is kept open Saturday and Monday evenings, until 8 o'clock, for their convenience.

Means for Identifying Depositors. When a new Depositor first comes to the Savings Bank, precautions are taken and records made, so that he may be always identified, and so that, in case a book is lost, the owner thereof cannot be defrauded.

**ALL TRANSACTIONS WITH THIS BANK ARE
STRICTLY CONFIDENTIAL.**

A NEW AND USEFUL INVENTION

Is now on exhibition and for sale at

287 Jefferson Avenue.

Cowles' Patent Treadle Power

For all kinds of Sewing Machines.

This is the most common-sense improvement ever used. It is both novel and useful. It changes the whole method of working a machine, lessens the friction, increases the power, and can be attached to any machine. This is a complete walking treadle, so simple that a child can use it with no danger of starting a machine backward. It needs no taking hold of the wheel to start it. It is completely under the control of the operator by the use of the feet, leaving both hands free to handle the work.

Ladies, you should not fail to see this wonderful improvement for sewing machines. It costs you nothing to try it.

EVENING NEWS.

To the People of Detroit:

My experience, while manager of the advertising department of the Detroit Tribune, has convinced me that,

First—The *majority* of city advertisers do not care for the circulation *outside* of the city.—THE EVENING NEWS will circulate wholly within the city and the towns *immediately* surrounding.

Second—*Stale* advertising is nearly as worthless as *no* advertising. I shall use my utmost endeavor to have all of the advertising in THE EVENING NEWS changed as often as desired, *every day if possible*. The advertising columns of a NEWS-paper should be so full of NEW, fresh and interesting business announcements, that it would be considered only slightly inferior in interest to the editorial. In fact, I believe it can be made so, if advertisers are encouraged to use care in editing their notices.

Third—I believe that advertisers should have exactly what they desire, if not *grossly inconsistent* with the best interests of the paper. Double column advertisements, cuts or electrotypes, and all extra display are somewhat objectionable, but will be published in THE EVENING NEWS at an extra price.

Fourth. There is not care *enough* used in the “setting up” of advertisements. The work is frequently “let out” to compositors who have had no special education in this respect. All display advertisements in THE EVENING NEWS will be arranged by the *best job printers*, who are trained to study style and effect, rather than rapidity of work.

Fifth—There is a class of advertising (and it is frequently the promptest pay) that is decidedly objectionable, and keeps legitimate advertisers away from a Newspaper. I refer to the *untruthful*. If a paper would exercise the same discrimination in regard to the reliability of the statements made in its advertising columns, which it does in its editorial, its influence would be immense. I do not intend to publish anything—knowing it to be such—that is untrue.

Sixth—Prompt paying advertisers should not be compelled to pay the “loading”, necessary to cover the loss upon bad debts. The editor and proprietor, Mr. James E. Scripps, has sold me the *exclusive privilege* of publishing advertisements in THE EVENING NEWS, and as my payments to him, are *cash weekly*, advertisers will be charged prices as low as is consistent with the net cost, *but the terms must approximate to cash weekly*. The rates will be changed whenever the circulation warrants it.

MAYHEW

Business College,

Cor. of Congress and Randolph Sts.,

DETROIT, - - - MICHIGAN.

THE BEST informed persons on the subject of Business Education, from every section of the United States, on visiting the Mayhew Business College and becoming acquainted with the scope and efficiency of its work, say that, all things considered, it is manifestly the most thoroughly equipped Business College of this Country.

Mayhew's University Book-keeping, prepared and published by the President of this College, is used as a text book in the Commercial Department of The College of the City of New York, which stands at the head of the Free School System of the chief commercial city in America. It is likewise used in a large and increasing number of the best Colleges and Schools of the entire country. This—the author's latest and best work—is the most instructive treatise on Business and Accounts published, and the ONLY ONE providing a substantial Business Practice for the complete illustration of its well graded Sets, employing Money and an unprecedented number and variety of carefully prepared Business Papers as in well conducted ACTUAL BUSINESS.

Hundreds of thousands of the author's earlier work, known as Mayhew's Practical Book-keeping, and often spoken of as "Book-keeping Without a Master," have contributed largely to the preparation of multitudes of business men in perhaps all of the American States for the advantageous performance of the duties now devolving upon them.

All students of the Mayhew Business College attend the regular lecture and drill exercises conducted by the author of these valuable publications, and receive instruction from him in person. Students from distant States consider these interesting and instructive lectures alone ample compensation for the expense incurred in coming hundreds and even thousands of miles to attend here at the Headquarters of Business Education, where the Professors are all thoroughly prepared for giving instruction in their several Departments.

WHOLESALE AND RETAIL DEALER IN

Pianos, Organs and Musical Instruments,
SHEET MUSIC

For Piano, Organ and all other Musical Instruments of Foreign and American Publications.

GENERAL STATE AGENT FOR THE CELEBRATED AND WORLD-RENOWNED

STEINWAY & SONS GRAND, SQUARE, AND UPRIGHT PIANOS.

Have Obtained the Highest Honors ever Awarded to any
 Piano Manufacturers in the World.

The world's greatest Pianists and Composers, including the world-renowned Anton Rubinstein, who throughout his American tour played on no other, the Academies of Fine Arts of Paris, Berlin, and Stockholm, as well as the Piano-purchasing public of Europe and America, unite in the unanimous verdict of

The Superiority of the Steinway Pianos over all others.

STEINWAY & SONS' MAMMOTH MANUFACTORY is the most extensive establishment of its kind in the world.

The Official Revenue Returns show that the number of Pianos manufactured by "**STEINWAY & SONS,**" viz:

One Piano Every Working Hour!!

TEN PIANOS EVERY DAY!!!

And the amount of their sales are nearly double those of the next largest manufacturer in America, and exceed those of the Twelve next largest Piano Manufacturers in N. Y. combined.

STEINWAY & SONS are the only American firm whose Pianos have a "world-wide" reputation, being exported in large and constantly increasing numbers to Europe and all other parts of the civilized world. Steinway's Pianos are sought to be copied by nearly all American and European Piano makers, many of the latter announcing through the public papers that their Pianos are constructed on the "Steinway" system.

EVERY PIANO IS WARRANTED FOR FIVE YEARS.

Prices as Low as the exclusive use of the Best Obtainable Material and most thorough workmanship will permit.

Illustrated Catalogues, fully describing and showing the external appearance of each style of Grand, Square, and Upright Pianos, manufactured by Steinway & Sons, mailed free on application. Old Pianos taken in exchange.

Call and examine my large stock of Pianos, you can do better here than anywhere else. My terms are liberal, and of my fair dealings, the people of Detroit can testify, having been among them for the past 23 years.
