THE DIRECTORY FOR 1874-75.

WITH every returning year we endeavor to make substantial improvements in our annual issue. Our volume for the current year contains by actual count 36,996 names, an increase of about 4,588 names over the Directory of 1873, showing a very large increase in the number of names in our book as also a corresponding increase in the population of the city.

In the future we shall adopt a different plan from that heretofore pursued in the collection of names, and thereby hope to attain as near perfection as possible in a Directory.

The following figures show the growth of the city from year to year as exhibited by a few of our latest publications :

The Directory of 1871 contains.....	25,336 names.
“ 1872 “	28,728 “
“ 1873 “	32,408 “
“ 1874 “	36,996 “

DIRECTIONS AND INSTRUCTIONS FOR TELEGRAPHING FIRE ALARMS.

Keys are left with the occupants of buildings in the vicinity of each Fire Alarm Box, and it is designated at the same where they can be found. The members of the Police force also possess keys.

The following will be observed when a fire is discovered:

I. Go to the box, open the door, and pull the hook down as far as it will go (firmly and without jerking) and let it slide back.

II. If the alarm is not immediately heard upon the small bell within, the City Hall or Tower bells, go to the next nearest box to the fire and repeat the operation.

III. If on going to a box to give an alarm, the City Hall bell is heard striking otherwise than the hour (which is an indication that an alarm is being sent over the lines), do not open the box until it has done striking. In all such cases count the signal which is being sounded, and be certain it is not for the same fire.

Keyholders are cautioned:

1. To not open the box except in case of fire.

2. To not give an alarm until certain of a fire.

3. To not give an alarm for a fire seen at a distance.

4. To pull down the hook but once in giving an alarm.

5. To be sure after giving an alarm that the door is securely closed before leaving the box.

6. To not let the key go out of their possession, except when demanded by proper authority.

7. Keyholders, if removing their place of business or residence, are requested to return the key to the Fire Commissioners' office.

8. Wait at the box and direct the firemen to the fire.

The Business of this Corporation is confined exclusively to the receipt and care of Savings' Deposits, and Funds Deposited in Trust. No Commercial or General Banking Business is transacted.

A certain portion of the funds is Loaned on unincumbered Real Estate, value in cash twice the amount Loaned.

A portion of the funds is Loaned on Bonds and other Securities having a positive Cash Market value; these Loans are usually "Call Loans," and payable on demand.

The Bank does not nor cannot, under its *Rules*, loan on individual notes or any kind of personal security.

Sums as small as One Dollar received from any person, and a Bank Book furnished without charge.

Married Women and Minor Children may deposit money so that no one else can draw it.

Depositors, whether Foreigners or Citizens, have the same right as to property, and in case of death any money to their credit will be paid to their legal representatives, whether they are in this country or elsewhere.

Interest, at the rate of *six per cent.* per annum, is paid on all sums of one dollar or more; and all money that remains in the Bank one or more full calendar months, will draw interest for every month. Money deposited on or before the 5th day of a month, will draw interest for the full month. On the 1st day of June and December all interest due will be credited, and will draw interest the same as a deposit.

Working People need not lose any time, as the Savings Bank is kept open Saturday and Monday evenings, until 8 o'clock, for their convenience.

Means for Identifying Depositors. When a new Depositor first comes to the Savings Bank, precautions are taken and records made, so that he may be always identified, and so that, in case a book is lost, the owner thereof cannot be defrauded.

All Transactions with this Bank are Strictly Confidential.

Throat and Lung Institute,

Removed to 251 Woodward Avenue.

M. HILTON WILLIAMS, M. D. PROP'R.

This Institute is permanently established for the cure of all the various diseases of the

HEAD, THROAT AND CHEST,
 Also, Eye and Ear.

In the Treatment of

Catarrh,

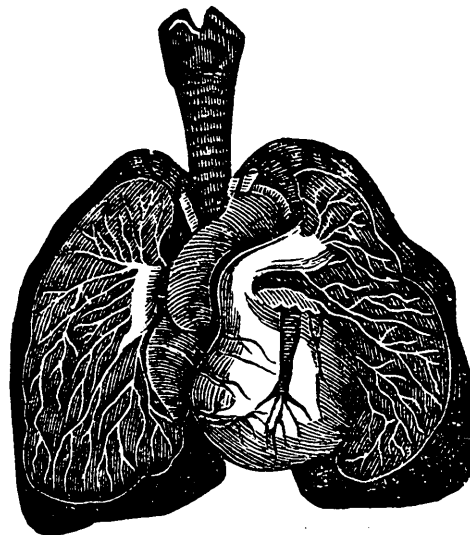

Bronchitis,

Throat Diseases,

and

Asthma,

Consumption.

We use the Medicated Inhalations,

Which bring the remedies into direct contact with the diseased parts, thus avoiding the useless practice of overdosing the already impaired stomach.

OVER 1500 PERSONS SUCCESSFULLY TREATED and PERMANENTLY CURED DURING THE PAST YEAR !

In connection with the above, we have established the

ELECTRIC AND MEDICATED BATHS,

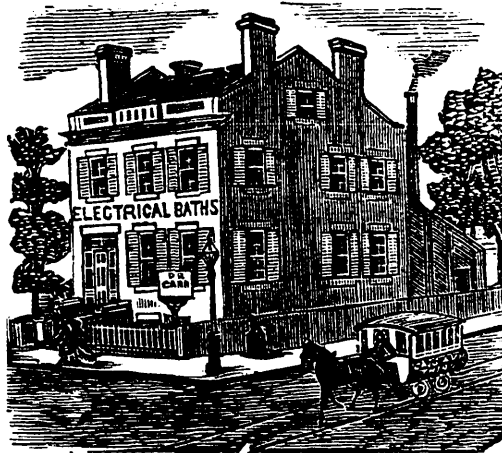

Thus making this the most complete and perfect Institution west of New York City. These Baths are particularly adapted to all NERVOUS, BLOOD and SKIN DISEASES. Also, DISEASES and WEAKNESSES of Women, and the cures that have been made with these Baths are truly wonderful, especially in Nervous Diseases of Women.

Persons from the country, who desire, can secure board in the Institute at very reasonable rates, or they can use the remedies at home.

If possible call personally for an examination, otherwise write for "List of Questions" and "Circular," both of which will be sent free of charge. Address

—ASSISTED BY—

Dr. G. I. ROYCE, Mrs. Dr. CARR, and Mrs. Dr. Royce.

This Institution was established for the purpose of CURING THE SICK by means of those remedies which nature can use in her restorative efforts.

Our System of Practice is based upon that *great truth* that disease is ABNORMAL VITAL ACTION, and that all the Physician can do is to rally around Nature's Standard; and should use only those means which will be in harmony with her curative efforts.

We Use Medicines which we give mostly by Inhalation, We use Oxygenated Air.

We use Baths of all kinds, and the ELECTRICAL BATHS which are the most efficacious treatment for all long standing Chronic Diseases.

WE USE ELECTRICITY IN ALL ITS FORMS,

And ELECTRICITY is destined to be the GREAT MEDICINE OF THE FUTURE.

We are especially successful in curing Catarrh, Bronchitis, and all diseases leading to Consumption, Diseases of the Liver and Stomach, Kidneys and Bladder, General and Nervous Debility, Paralysis, Rheumatism, and all those long standing Chronic Diseases which have resisted the efforts of Drugs. Those who take treatment here are saved an untold amount of suffering and may escape an untimely grave.

Fig. 1—Front Prospective View.

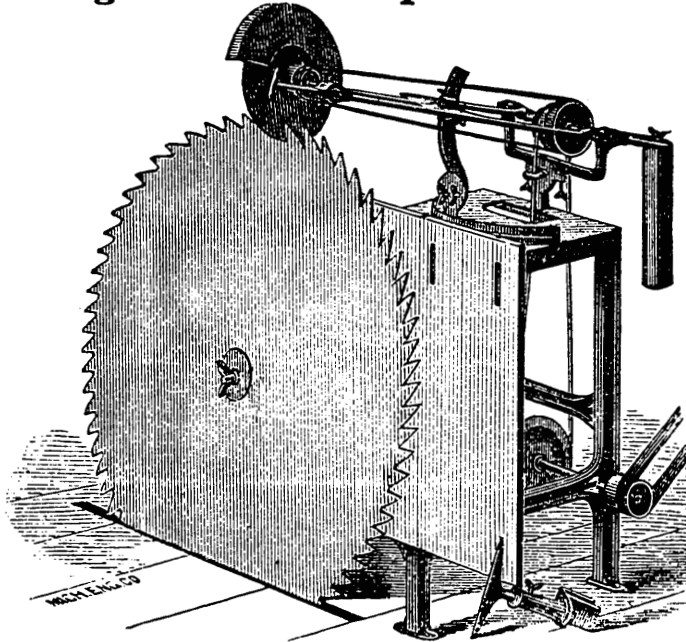

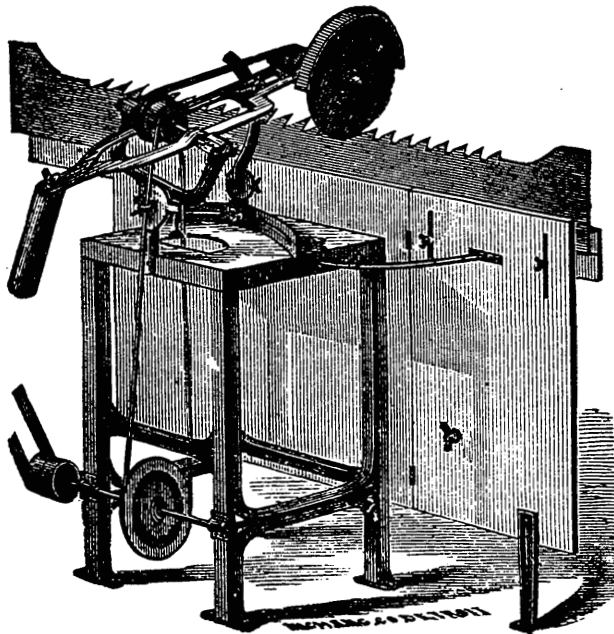

Fig. 2—Rear Prospective View.

Patented in U. S., August 26, 1873.

Patented in Canada, May 29, 1874.

This is the only machine by which the long back edges of saw teeth can be ground to a uniform slope down to their roots, without shifting the saw as the tooth back is being ground down.

Every movement of the arm is direct and *positive* to the position to which it is adjusted, rendering mistakes impossible, as the arm cannot be moved a hair's breadth in any other direction or any further than the limit of its downward movement.

It does not require skilled labor to run it.

The saving in labor and files is 80 per cent of the cost for doing the same amount of work with files.

This machine was awarded the first premium at the Michigan State Fair, and the Northern Ohio Fair, in 1873, the only Fairs where it was on exhibition.

COMPANY

TRIBUNE BUILDING

DETROIT MICH

Detroit July 1st 1874

We desire to call attention to the removal
of our office and works to the new Tri-
bune Buildings Larned St West, where
with the largest artistic staff, and
most complete machinery of any litho-
graphic establishment in the west, we
hope to merit a continuance of the kind
patronage of the Merchants of Detroit
We employ no city canvassing
agent but give personal attention
to all enquiries by mail or otherwise,
and shall be pleased to submit
samples and estimates for lithographic
work of every description

Very Respectfully

The Calvert Lithographing & Eng. Co.

To Young Men

WISHING A BUSINESS

Education

That is both Thorough and Practical,

YOU SHOULD ATTEND

Goldsmith's

BRYANT & STRATTON

Business University,

Where books and business papers are written up from original transactions arising from doing business with the various business houses and offices connected with the institution, and which are kept in constant operation during school hours, thus giving students a practical idea of business as it takes place among business men. This style of preparing for the counting room and business pursuits receives the endorsement of business men, and is much more thorough and practical, and has more common sense connected with it than any other method that can be produced, including all patent clap-trap arrangements or any other.

Board of Trade Sessions are held daily among the students and teachers, and the transactions are just as systematic as those of any Board of Trade, and each student is required to make a true record of the same in his books.

Students are also required to conduct a business correspondence with the students of other colleges belonging to the International Business College Association, of which this institution is a branch, and the only one in the State.

For full particulars send for College Paper, addressing,

Mayhew Business College

A STATE SCHOOL COMMISSION, after visiting this College and becoming acquainted with the range and thoroughness of its work, in its published report says: "We cannot speak in too high terms of commendation of this Institution. Young men desiring a Business Education will find the advantages here offered THE MOST PERFECT POSSIBLE."

The President of this College is the Author of

Mayhew's Series of Bookkeepings,

Said to be "**worth all else on the subject put together.**"

For full information call at the College, corner of Congress and Randolph Streets, or send your address for the MAYHEW COLLEGE JOURNAL. Address

MAYHEW

Business College,

Cor. Congress and Randolph Streets,

DETROIT, - - - MICHIGAN.

THE BEST informed persons on the subject of Business Education, from every section of the United States, and from the Canadas, on visiting the **Mayhew Business College** and becoming acquainted with the scope and efficiency of its work, say that, all things considered, it is manifestly the **Most Thoroughly Equipped** Business College in America.

The College of the City of New York, which stands at the head of the Free School System of the chief commercial city of the continent, State Normal Schools, Literary and Agricultural Colleges, and leading Business Colleges of the country that seek the best facilities for substantial Business Education, **Use Mayhew's University Bookkeeping as their Standard Text Book.** The author of this work is President of the **Mayhew Business College**, and Lectures regularly before all its classes. These Lectures alone are worth many times the cost of a scholarship. Students from distant States receive in them ample compensation for coming hundreds and even thousands of miles to attend at the headquarters of Business Education. And the President is ably supported by Professors accomplished in their Departments.

For the Mayhew College Journal,

Which gives full information of the course of study, price of books, cost of board, etc., apply in person at the College, or by letter, inclosing stamp for postage. Address

IRA MAYHEW, President,
DETROIT, MICH.

FACTS WORTH KNOWING.

The New England Mutual Life

INSURANCE COMPANY

IS ONE OF THE OLDEST MUTUAL LIFE INSURANCE CO.'S

IN this country. It has pursued an honorable course, on a correct basis, for MORE THAN THIRTY YEARS.

The strict maintenance of its usual *conservative* course, during the prevailing *mania* of the past eight years, has secured for it the utmost confidence.

It never has been drawn into any of the expensive or *fascinating schemes* to secure business, which characterize so many companies.

Its average expenses have been less than 10 per cent. of its receipts, while the total average of all other companies *combined* is *over 25 per cent.*

The simplicity of its policies, and the complete protection against forfeiture by the famous non-forfeiture law of Massachusetts, governing all its policies, together with its *enviable history*, commend the company to all seeking positive indemnity by Life Insurance.

All policies issued by the New England Mutual Life Ins. Co. are made non-forfeitable by an act of the Legislature of Massachusetts.

When a premium is due and remains unpaid, the said act provides that the then existing cash value of the policy shall apply for the payment of the premium of term rates, and the company thereby becomes liable for the amount of policy, in case of death, while such insurance continues.

Under this beneficent provision, the Company through its Michigan Agency, has paid ten so-called forfeited policies, amounting to \$20,000. (See opp page 610.)

The management of the company throughout has been conservative and economical, and its reserve fund always largely in excess of all liabilities. Its losses have been uniformly below the rate of mortality assumed. The interest realized on investments has been in excess of the rate anticipated, while the expenses have been very much less, thereby making a good return of surplus to policy-holders, and reducing the cost of insurance.

Without disparaging any, it is confidently claimed, for reasons as above, that no Life Company can give BETTER SECURITY, furnish insurance at less cost, issue a more liberal policy, (with safety,) guard and guarantee the rights of the assured more perfectly or treat its members with more respect and consideration than THE NEW ENGLAND MUTUAL LIFE.

EXAMPLES OF CASES

OCCURRING IN THE

New England Mutual Life

INSURANCE COMPANY,

UNDER THE

MASSACHUSETTS NON-FORFEITURE LAW.

J. J. Alexander of Terre Haute, Indiana, insured in the New England Mutual Life Insurance Co., Boston, in April 1867, on the Ten Payment Life Plan, half cash and half note. The policy lapsed April, 1869. He died May 30, 1871, more than *two years* after the lapse. Yet the policy was kept in force under the Massachusetts non-forfeiture law, and the amount, \$5,000, less the unpaid premiums, was promptly paid.

Henry Young of Bay City, Mich., insured July 24th, 1871, for \$2,000. Policy lapsed July 1873. He died December 25th, more than five months after lapse. Policy promptly paid.

Wm. Ives, Gross Isle, Mich., insured October 11th, 1870, for \$2,000. Died May 4th, 1874, seven months after premium was due and unpaid. Policy, less unpaid premium, paid in sixty days after proofs of claim.

Chas. E. Sherman and J. B. W. Wright of Marshall, Mich., both engineers on the M. C. R. R., were insured each for \$1,000. Both policies lapsed, one eight months, the other four months before death, both policies paid in full.

READER, if you wish to insure in one of the oldest and best managed Life Insurance Companies in the country—*Insure in the New England.*

If you wish to make it absolutely certain that not a dollar of the money you invest will ever be forfeited—*Insure in the New England.*

If you wish to get your dividends with the second annual payment, and annually on the contribution plan, that is, to get just what is yours—no more and no less—and just when it is due—*Insure in the New England.*

If you wish to insure under the protection of the best and unquestionable insurance *Laws* in the country—you can do so if you—*Insure in the New England Mutual.*

J. P. WEISS,
72 Woodward Avenue, Detroit,

WHOLESALE AND RETAIL DEALER IN

Pianos, Organs and Musical Instruments,
SHEET MUSIC

For Piano, Organ and all other Musical Instruments of Foreign and American Publications.

General State Agent for the Celebrated and World-Renowned

Steinway & Sons Grand Square  Upright Pianos

Have Obtained the Highest Honors ever Awarded to any Piano Manufacturers in the World.

The world's greatest Pianists and Composers, including the world-renowned Anton Rubinstein, who throughout his American tour played on no other, the Academies of Fine Arts of Paris, Berlin, and Stockholm, as well as the Piano-purchasing public of Europe and America, *unite in the unanimous verdict of*

The Superiority of the STEINWAY PIANOS over all others.

STEINWAY & SONS' MAMMOTH MANUFACTORY is the most extensive establishment of its kind in the world.

The Official Revenue returns show that the number of Pianos manufactured by "STEINWAY & SONS," viz :

One Piano Every Working Hour!!

TEN PIANOS EVERY DAY!!!

And the amount of their sales are nearly double those of the next largest manufacturer in America, and exceed those of the Twelve next largest Piano Manufacturers in N. Y. combined.

STEINWAY & SONS are the only American firm whose Pianos have a "world-wide" reputation, being exported in large and constantly increasing numbers to Europe and all other parts of the civilized world. Steinway's Pianos are sought to be copied by nearly all American and European Piano-makers, many of the latter announcing through the public papers that their Pianos are constructed on the "Steinway" system.

EVERY PIANO IS WARRANTED FOR FIVE YEARS.

Prices as Low as the exclusive use of the Best Obtainable Material and most thorough Workmanship will permit.

 Illustrated Catalogues, fully describing and showing the external appearance of each style of Grand, Square and Upright Pianos, manufactured by Steinway and Sons, mailed free on application. Old Pianos taken in exchange.

Call and examine my large stock of Pianos, you can do better here than anywhere else. My terms are liberal, and of my fair dealings, the people of Detroit can testify, having been among them for the past 23 years.
