THE DIRECTORY FOR 1875-6.

WE adopted a plan in the collection of names in the present issue, different from the one heretofore pursued, and we think we have secured greater accuracy as well as more extended information thereby. Although perfect accuracy cannot possibly be expected in a work of this nature, we have spared neither pains nor expense to make the present edition as complete as possible.

The Directory this year contains 38,038 names, while that of 1874 contained 36,996, showing an increase of 1,042 names. The following figures comparatively show the growth of the city for the past few years:

The directory for 1868 contains.....	22,640	names
“ 1869 “	23,750	“
“ 1870 “	24,840	“
“ 1871 “	25,336	“
“ 1872 “	28,728	“
“ 1873 “	32,408	“
“ 1874 “	36,996	“
“ 1875 “	38,038	“

DIRECTIONS AND INSTRUCTIONS FOR TELEGRAPHING FIRE ALARMS.

Keys are left with the occupants of buildings in the vicinity of each Fire Alarm Box,

and it is designated at the same where they can be found. The members of the Police force also possess keys.

The following will be observed when a fire is discovered:

I. Go to the box, open the door, and pull the hook down as far as it will go (firmly and without jerking) and let it slide back.

II. If the alarm is not immediately heard upon the small bell within, the City Hall or Tower bells, go to the next nearest box to fire and repeat the operation,

III. If on going to a box to give an alarm, the City Hall bell is heard striking otherwise than the hour (which is an indication that an alarm is being sent over the lines), do not open the box until it has done striking. In all such cases count the signal which is being sounded, and be certain it is not for the same fire.

Keyholders are cautioned.

1. To not open the box except in case of fire.

2. To not give an alarm until certain of a fire,

3. To not give an alarm for a fire seen at a distance.

4. To pull down the hook but once in giving an alarm.

5. To be sure after giving an alarm that the door is securely closed before leaving the box.

6. To not let the key go out of their possession, except when demanded by proper authority.

7. Keyholders, if removing their place of business or residence, are requested to return the key to the Fire Commissioners' office.

8. Wait at the box and direct the firemen to the fire.

BERKSHIRE
Life Insurance Company
OF PITTSFIELD, MASS.

Incorporated 1851. Twenty-three years successful Business. One of the Oldest and Most Reliable Companies in the Country.

Why Should You Insure in the Berkshire Life Insurance Co.?

Because it is a First-Class Company in every respect. Because, in addition to being sound and responsible, its policies are absolutely non-forfeitable. Because under the laws of its organization, policy-holders are secured against loss in the event of a failure to pay premiums when due.

FOR EXAMPLE.

Policy No. 5869. Bernard O'Grady, of Detroit, Mich., insured October 7, 1867, for \$3,000. Life, 10 payments. Premium \$173.10.

This policy lapsed for non-payment of premium, October 7, 1868. Mr. O'Grady died at Detroit, Aug. 18, 1871, and the Company paid the claim less three premiums and interest. Mr. O'Grady would have remained insured until December 3, 1871.

Policy No. 4717. Lawrence Byrnes, of Boston, Mass. Insured Jan. 2, 1867, for \$5,000. Endowment 15 years.

This policy lapsed for non-payment of premium January 2, 1871. Mr. Byrnes died at Worcester, Mass., March 29, 1874, and the Company will pay the claim, when due, less four premiums and interest. Mr. Byrnes would have remained insured until November 10, 1886.

GOLDSMITH'S BRYANT & STRATTON

Business University

Has removed to the New Mechanics' Block, opposite the City Hall,
on Griswold Street,

The best location in the city. The rooms are large, well ventilated and also well lighted and furnished with new and elegant cherry furniture, gotten up and arranged expressly for this Institution, and it is not surpassed in style and convenience by any similar institution in the United States. The seats and desks are stationary, doing away with the noise and confusion attending the use of moveable furniture. The building contains all modern improvements, including a wide entrance, large airy halls, steam heaters, steam elevator, &c. In addition to its elegant location and conveniences:

Its Educational Methods are endorsed by leading educators.

Its Patrons are largely shrewd business men who are capable of deciding "What constitutes a good business school."

Its Text Books are sound practical treatises prepared for the chain of colleges by men eminent in their calling. They have taken first premiums at Michigan Fairs whenever exhibited.

Its Graduates generally become successful, and are to be found occupying positions of honor and trust, some as Bank Presidents, Cashiers, Tellers, and Bookkeepers in Banks of Michigan, Ohio, New York, and several other States, besides many are conducting business on their own account, both as wholesale and retail merchants, bankers, etc.

Its Course of Instruction is conducted upon a different plan from most business colleges, especially those small colleges with a very limited course of instruction. PLEASE do not compare our school with such.

Its Prices are very much cheaper in proportion to the instruction given than those of any school of its class in the NORTHWEST. This fact can be DEMONSTRATED.

Its Claims of Largest, Best and Cheapest are justly MERITED. The best way for all to satisfy themselves that our claim is no idle boast, but are actual facts, COME AND SEE US. We will welcome you at any time, and take pleasure in giving you any information you may wish.

Its Counting House System of Practical Instruction is in the highest degree superior to any course of study based merely upon the theory of education. Both judgement and experience maintain this superiority, and the verdict of public opinion has stamped it with the seal of approval.

Its Paper giving full information will be sent free to all who desire it by addressing

J. H. GOLDSMITH, Detroit, Mich.

Young Men

WISHING A BUSINESS

Education

That is both Thorough and Practical,
YOU SHOULD ATTEND

Goldsmith's

BRYANT & STRATTON
Business University,

Where books and business papers are written up from original transactions arising from doing business with the various business houses and offices connected with the institution, and which are kept in constant operation during school hours, thus giving students a practical idea of business as it takes place among business men. This style of preparing for the counting room and business pursuits receives the endorsement of business men, and is much more thorough and practical, and has more common sense connected with it than any other method that can be produced, including all patent clap-trap arrangements or any other.

Board of Trade Sessions are held daily among the students and teachers and the transactions are just as systematic as those of any Board of Trade, and each student is required to make a true record of the same in his books.

Students are also required to conduct a business correspondence with the students of other colleges belonging to the International Business College Association, of which this institution is a branch, and the only one in the State.

For full particulars send for College Paper, addressing

J. H. GOLDSMITH,

Detroit, Michigan.

Policies are not Forfeited

IN THE

NEW ENGLAND MUTUAL LIFE INSURANCE CO.

By failure to pay the premiums when due, but are continued in force by the NON-FORFEITURE LAW OF THE STATE OF MASSACHUSETTS, of April, 1861.

The provisions of which are that if a party assured in a Company chartered by that Commonwealth allows his policy to lapse from any cause whatever, the net value of such policy *must* be used as a single premium to purchase a *term* assurance, the length of which is to be determined by the age of the assured at the time of the lapse.

Section 2d of the Act says further :

“ If the death of the party occur within the term of temporary insurance covered by the value of the Policy, as determined by the previous section, and if no condition of the insurance other than the payment of premium shall have been violated by the insured, the Company shall be bound to pay the amount of the Policy, the same as if there had been no lapse of premium ; anything in the policy to the contrary notwithstanding.”

EXAMPLES.

ORDINARY LIFE POLICY, AGE 35.

ONE Annual Cash Payment will continue the Policy in force 2 years and 3 days, FOR ITS FULL AMOUNT, less premiums due and unpaid.

FIVE Annual Cash Payments will continue the same policy in force 10 years and 56 days, FOR ITS FULL AMOUNT, less premiums due and unpaid.

TEN PAYMENT LIFE POLICY, AGE 35.

ONE Annual Cash Payment will continue the Policy in force 4 years and 51 days, FOR ITS FULL AMOUNT, less premiums due and unpaid.

FIVE Annual Cash Payments will continue the same Policy in force 21 years and 131 days, FOR ITS FULL AMOUNT, less premiums due and unpaid.

The “ New England ” paid in 1873, 13 policies under this law, covering \$29,000 insurance.

The Detroit Agency has paid over \$25,000 under this law during the past five years. Every dollar of which would have been forfeited had it been held by Companies not chartered under Massachusetts laws.

EXAMPLES OF CASES

OCCURRING IN THE

New England Mutual Life

INSURANCE COMPANY,

UNDER THE

MASSACHUSETTS NON-FORFEITURE LAW.

J. J. Alexander of Terre Haute, Indiana, insured in the New England Mutual Life Insurance Co., Boston, in April, 1867, on the Ten Payment Life Plan, half cash and half note. The policy lapsed April, 1869. He died May 30, 1871, more than *two years* after the lapse. Yet the policy was kept in force under the Massachusetts non-forfeiture law, and the amount, \$5,000, less the unpaid premiums, was promptly paid.

Henry Young of Bay City, Mich., insured July 24, 1871, for \$2,000. Policy lapsed July, 1873. He died December 25th, more than five months after lapse. Policy promptly paid.

Wm. Ives, Grosse Isle, Mich., insured October 11th, 1870, for \$2,000. Died May 4th, 1874, seven months after premium was due and unpaid. Policy, less unpaid premium, paid in sixty days after proofs of claim.

Chas. E. Sherman and J. B. W. Wright of Marshall, Mich., both engineers on the M. C. R. R., were insured each for \$1,000. Both policies lapsed, one eight months, the other four months before death, both policies paid in full.

General State Agent for the Celebrated and World-Renowned

Steinway & Sons Grand Square and Upright Pianos

Have Obtained the Highest Honors ever Awarded to any Piano Manufacturers in the World.

The world's greatest Pianists and Composers, including the world-renowned Anton Rubinstein, who throughout his American tour played on no other, the Academies of Fine Arts of Paris, Berlin, and Stockholm, as well as the Piano-purchasing public of Europe and America, unite in the unanimous verdict of

The Superiority of the STEINWAY PIANOS over all others.

STEINWAY & SONS' MAMMOTH MANUFACTORY is the most extensive establishment of its kind in the world.

The Official Revenue returns show that the number of Pianos manufactured by "STEINWAY & SONS," viz:

One Piano Every Working Hour !!
TEN PIANOS EVERY DAY !!!

And the amount of their sales are nearly double those of the next largest manufacture in America, and exceed those of the Twelve next largest Piano Manufacturers in N. Y.; combined.

STEINWAY & SONS are the only American firm whose Pianos have a "world-wide" reputation, being exported in large and constantly increasing numbers to Europe and all other parts of the civilized world. Steinway's Pianos are sought to be copied by nearly all American and European Piano-makers, many of the latter announcing through the public papers that their Pianos are constructed on the "Steinway" system.

EVERY PIANO IS WARRANTED FOR FIVE YEARS.

Prices as Low as the exclusive use of the Best Obtainable Material and most thorough Workmanship will permit.

Illustrated Catalogues, fully describing and showing the external appearance of each style of Grand, Square and Upright Pianos, manufactured by Steinway & Sons, mailed free on application. Old Pianos taken in exchange.
