INTRODUCTORY.

The publishers, in submitting the forty-seventh volume of the DETROIT CITY DIRECTORY, comprising 1,393 pages, feel confident that it will be received with the same favor that has been accorded previous issues. The encouragement heretofore given, has led us to spare no expense or painstaking to render as perfect as possible the information contained in its pages, that it may continue to be found a reliable and indispensable work of reference in all its departments.

THE CITY'S POPULATION.

There are recorded in this year's Directory 69,200 names, the alphabetical list beginning at page 193 and ending at 1225, thus occupying 1,032 pages, closely printed in double column. Taking our usual multiple of 3, as a basis on which to calculate the present population of Detroit, it would give the city 207,600 inhabitants. The figures generally in use as a multiplier in computing population from a Directory, are 3,3½ and even 4. We have, however, always been conservative in this regard, believing that we thereby attain a nearer approach to absolute accuracy. The estimates as thus given show a steady growth in the population of the city, and the corresponding facts as to the increase in the number and value of new buildings erected, and the constant enlargement of the business done by our banks, indicate that all this is not thoughtless guesswork, but has a solid basis upon which to rest.

NEW FEATURES.

Especial attention is called to the new and improved Street Directory by which valuable information can be made practically available on the instant. Not only are the general direction and the terminal boundaries of each thoroughfare set down, but under the heading of each street is placed a list of transverse streets in the order of their crossing, with the street number at the point of intersection placed opposite. The thousands of persons who annually refer to a city directory for guidance, when the only information in their possession is a given street and number, will be enabled here to locate with precision the point sought for, and to ascertain the most direct way of reaching it. The work involved in the compilation of the 31 closely printed, triple-column pages of the street directory will, it is believed, be more than compensated for by the increased value of the directory for general public reference. We give also a map, on which is indicated the new boundaries of the city, and all the new streets thus brought within the city limits, created by the recent annexations upon its three sides, and also all the changes in the names of streets which have recently been made by order of the Common Council. To this map, containing 530 streets and avenues, is added a complete index, arranged alphabetically. This feature enables one to find the exact location of a street or avenue in the shortest time possible. It will be observed also that all persons having telephones are designated in the Directory with an asterisk (*) before their names.

A list of the deaths occurring in the city between May 15, 1884, and May 6, 1885, will be found on pages 84 to 94.

We do not publish this year as many names of domestics as has been our custom, hitherto, as the frequent changes of place among them render such publication misleading. Where these are permanently located, however, we have aimed to publish their names as usual.

OUR ANNUAL REVIEW

Of the leading facts connected with the city government, and the main features of the business and progress of the city, is derived in all cases from official sources and is brought down to the latest date. These facts show a gratifying and healthy growth everywhere and are full of encouragement in their promise for the future.

THE CITY GOVERNMENT.

The legislative powers of the city continue to be discharged by the two houses of the Common Council—the Board of Councilmen, or Upper House, and the Board of Alder.

men to which official designation it was changed by the revised charter of 1883, having formerly been known as the Common Council. The Board of Councilmen is composed of twelve citizens, elected by the city at large for four years, three of them being chosen each year. The Board of Aldermen consists of two Aldermen from each ward, who are elected for two years each, one being chosen each year. To this joint body is committed all action relating to the government of the city, and every measure involving or contemplating the expenditure of money, must receive the affirmative vote of each body in order to give it validity. In addition, the upper house has the power of confirmation or rejection over most of the appointments to office made by the Mayor. The lower house can act independently of the upper house in any matter not calling for the expenditure of money.

The general executive duties of the city are discharged by the Mayor. Special executive duties are, however, assigned to various city officers; the most important of these being the Controller, who is the custodian of the city property, and keeps an account of it. He also audits all claims against the city and reports the same to the Board of Aldermen, with or without his approval. When duly examined and approved by a committee of that body, and such action ratified by the Board, the Controller draws his warrant on the City Treasurer for the amount allowed and the same is paid. He is also the agent of the city in negotiating loans and generally in administering its financial system.

A large amount of executive and administrative duties are assigned to various boards, such as the Board of Police Commissioners, Board of Assessors, Board of Poor Commissioners, Board of Water Commissioners, Board of Public Works, Board of Health, Board of Fire Commissioners, Board of Park Commissioners, Board of Election and Registration Commissioners, and Board of Building Inspectors. The first-named of these is appointed by the Governor of the State and confirmed by the Senate; all the others are appointed by the Mayor, and confirmed by the Board of Councilmen. The members of the Board of Education, having in charge the school and library interests, are elected by the electors of the city.

ADDITIONS TO CITY TERRITORY.

The Legislature of 1885 passed an act making extensive additions to the limits of the city on its eastern and western boundaries, also including a small amount of territory on the north. By this addition three new wards are created, two—the 14th and 16th—out of territory heretofore embraced in the limits of Springwells township, and one—the 15th—from territory hitherto belonging to Hamtramck. The new boundaries of the city are shown in the map accompanying this issue of the Directory.

THE JUSTICE COURTS.

By an act of the Legislature of 1885, the number of Justices of the Peace is fixed at four, holding their office for the usual term of four years. These are: Felix A. Lemkie, whose term expires July 4th, 1886; Walter Ross, term expires July 4th, 1887; John Patton, term expires July 4th, 1888, and Henry A. Robinson, term expires July 4th, 1889. The salary of the Justices is fixed at \$1,800 each, which is paid out of the County Treasury, and all fees received by them are required to be paid into the same treasury. A clerk and three deputy clerks are also provided. Their offices are all located in the Hough block, corner of Griswold and Congress streets.

POLICE DEPARTMENT.

The Police Department was established in 1865 by the State Legislature, and is under the general management of a Board of four Commissioners, who are appointed by the Governor by and with the advice and consent of the Senate. The term of office is eight years. The Board appoints the secretary, attorney and surgeon, and all officers and members of the force, and fixes all salaries. The expenses of maintaining this department is borne by the City of Detroit, and the tax levy therefor is fixed by the Common Council. The police force consists, besides the secretary (*ex-officio* property clerk), and the headquarters clerk, of the superintendent, 4 captains, 11 sergeants, 16 roundsmen, 2 detectives, 14 doormen, 2 hostlers, and 183 patrolmen. The force is divided into four parts, three being assigned to the three precincts into which the city is divided, and the fourth part constituting a central division. The detective force consists of 2 detectives and 7 patrolmen. There are 3 stations and 5 sub-stations, besides the Headquarters or Central building. This last was built during 1884, and is situated

in East park. It contains all the headquarters offices, including those of the Commissioners and Secretary, together with a central station and lockup. The Police Telegraph and Signal Service has been introduced during the past year, covering a district embraced within the old city limits. It is intended to extend this feature as rapidly as means will allow and the public convenience may require, to all the newly annexed portions of the city.

WATER SUPPLY.

There were on July 1st, 1885, 252 miles of water pipe laid in the city—177 miles of iron pipe and 75 of wood, of which there were laid during the year 1884, of iron pipe 75,033 feet, and 1,564 of wood. The bonded debt of the Water Board, July 1st, 1885, was \$1,550,000, involving \$99,000 annual interest. The estimated value of the Water Works and appurtenances is \$3,478,565. On the 1st of August of the present year \$100,000 of the bonded debt of the Water Works matures and will be paid, the money being in hand for that purpose, reducing the amount of the bonded debt, as above stated, by that sum.

FIRE DEPARTMENT.

The Board of Fire Commissioners was organized April 1st, 1867, since which time the Fire Department has been under its control and management. The Department employs the following apparatus: Eleven steam fire engines, manned and equipped: three chemical engines, manned and equipped; four hook and ladder apparatus, manned and equipped; one protective wagon, two supply wagons. There are also in reserve, without companies: One first-class steam fire engine and equipment; one second-class steam fire engine and equipment; two hose carts, equipped with hose; one hook and ladder apparatus; one fire escape. There are 227 miles of fire alarm wires, 151 fire alarm boxes, 1,000 street hydrants and 216 reservoirs. The Fire Department employs a force of 197 paid men. The loss by fire in Detroit in 1884 was \$306,302, about \$68,000 more than the loss for 1883. The expense of operating the Department for the fiscal year ending June 30th, 1885, was \$165,719.08, which, together with \$28,575 expended for new buildings, apparatus, etc., made the total amount expended by the Fire Commission during the past fiscal year \$194,294.08.

THE PUBLIC SCHOOLS.

The school census of 1884 shows a population of school age—5 to 20 years—of 45,641. There are 31 school buildings, with a seating capacity for 15,668 pupils. The total enrollment for the school year ending June 30, 1885, was 18,933; average daily attendance during the year, 13,450. Number of teachers employed, 308, of whom 14 are male and 294 female. The total cost of instruction and superintendence, including the evening and ungraded schools, for the school year of 1885, was \$190,341.50. Expended for new buildings and sites \$42,958.06. Incidental expenses, including repairs, supplies, janitors, etc., \$76,851.65. The cost of instruction *per capita* was for the primary department, \$10.29; grammar department, \$16.83; high school department, \$33.32. The average nightly attendance at the night schools was 257 boys and 57 girls, on a total enrollment of 625 boys and 114 girls. In connection with the night schools, there was maintained a class in industrial drawing numbering 51 boys; the average cost for instruction of each pupil per night was 7 cents, except in the drawing class, which was 15 cents, and the total cost for the year \$1,792.25, including the drawing. Many children receive instruction in private and denominational schools. The number of these in the city is 41, including 1 medical college and 3 commercial colleges. Most of these are parochial schools under the care of the Roman Catholic church. There are employed in them 112 male and 143 female teachers, and their total attendance in 1884 was 9,812. The public schools are under the exclusive care and control of the Board of Education, a body comprising 12 persons chosen upon a general city ticket for the term of 4 years, half of the number being elected biennially. In addition to the general supervision of all school interests, this Board also elects the members of the Board of Library Commissioners. A schedule of the names and salaries of all the teachers in the public schools will be found on pages 58 to 60.

OTHER MUNICIPAL BOARDS.

The Board of Poor Commissioners have entire charge of the furnishing of relief to the poor of the city. There are four members of this Board, nominated by the Mayor and confirmed by the Board of Councilmen, serving for a term of four years without

charge to the city. They employ a superintendent and agents for investigating all cases of need, and have a dispensary where medicines can be obtained free, and also supervise the services of two physicians, who are always on call.

The Board of Health consists of three practicing physicians, appointed by the Board of Councilmen, on the nomination of the Board of Health, together with the Mayor, Controller and President of the Metropolitan Police Commission, who are *ex-officio* members. They are given authority to regulate all matters affecting the public health, including the suppression of nuisances, and the prevention by summary measures of the spread of contagious diseases. They employ a health officer, an experienced and skillful physician, who gives his whole time and attention to the work.

The Board of Public Works consist of three members, appointed by the Mayor and confirmed by the Board of Councilmen. The Board is vested with entire control and supervision of the paving, repaving, cleaning, repairing, grading, working and improving of all streets, alleys, avenues and public grounds, the construction, altering and repairing of public wharves, docks, bridges, culverts, receiving basins, sewers and water courses; the improvement and ornamentation of all parks and public spaces within the city; the laying down of all side and crosswalks; the erection of all lamp posts, drinking or ornamental fountains; and the erection of all public buildings and works of the corporation, or of any board.

The Board of Building Inspectors have charge of all buildings in the matter of providing suitable escapes for employes and other occupants in case of fire, and also to see that they are constructed with a due and general regard to safety.

The Board of Assessors have entire charge of the making of assessments upon all property for the purposes of taxation, their work being subject to review, upon appeal, by the Common Council sitting in joint session, who have power to make corrections on application of persons who may feel that they have been assessed too high. The Board of Assessors consists of three members, chosen for three years, on the nomination of the Mayor and confirmation by the Board of Councilmen.

The Board of Registration and Elections is a new board, just created. It has entire supervision of the registration and of all elections in the city.

ELECTIONS.

All of the city and ward officers, including Justices of the Peace, are elected at the November election. The Mayor and city officers generally are elected for two years each, on odd-numbered years. Three members of the Board of Councilmen and one Justice of the Peace, with an alderman and constable in each ward, are elected every year. The city officers to be chosen the present year are the Mayor and other general city officers, three members of the Board of Councilmen, and a Justice of the Peace to succeed Justice Lemkie.

On the first Monday of April in each odd-numbered year, an election is held in the city, when six members of the Board of Education are chosen, and the judges of the Recorder's and Superior courts, on the years in which those officers are to be elected, besides judges of the Circuit and Supreme courts, and Regents of the University.

Directly connected with this matter of elections, is the subject of the registration of voters. The Legislature of 1885 enacted a new law governing this matter, as also that of elections, making changes of great importance. This act was approved by the Governor, April 8. It creates a Board of four Commissioners, nominated by the Mayor and approved by the Board of Councilmen, two of whom must be from each of the two leading political parties, which Board appoints all the inspectors of election and registers of voters in each voting precinct of the city, as also two clerks at each precinct, the representation of each political party on all the sub-boards being preserved throughout. The whole effect is to create a non-partisan and honest registration, inspection, and counting and return of votes.

PARKS AND BOULEVARD.

The Belle Isle Park, the chief and almost only real park of the city, is under the control of a commission of four citizens appointed by the Mayor and approved by the Council. The purchase price was \$200,000. The park embraces the whole of Belle Isle—in round numbers about 700 acres—excepting a small portion on the upper end which is held by the United States for lighthouse purposes. The elevation of the island is about seven feet above the mean level of the river, and it is finely shaded by natural growths of oak, elm, hickory, and other trees. No work of consequence will be done

on Belle Isle this year, no appropriation having been made therefor. The commissioners will limit their efforts to maintaining existing improvements.

By the addition to the territory embraced within the new limits, Linden Park is brought within the jurisdiction of the city. This is a large and fine tract of 50 acres, heretofore lying in the township of Hamtramck, and was donated to the city several years since by the Hon. Moses W. Field, but being outside the city limits at that time, could not be accepted by the city. It is understood that Mr. Field will now renew the offer of this liberal donation for park purposes, which will doubtless be accepted, and within a few years it will be made a very attractive spot. Besides Belle Isle and Linden, there are 13 other parks, mostly small ones, interspersed throughout the city.

The new Boulevard, designed to form a crescent on the north side of the city, with its termini resting on the river, above and below, is in course of construction. When completed it will form a very handsome and attractive addition to the work of beautifying the city, and make one of the finest drives to be found in the country. Its total length will be about nine miles, with a uniform width of 150 feet, in the middle of which will be a drive or roadway of 75 feet in width. About one-third of the right-of-way for the Boulevard has been secured, and the remainder, mostly lying within the newly-annexed territory at either end of the city, will doubtless soon be obtained. The sum of \$20,000 has been appropriated for the work of improving this beautiful roadway the present year.

NEW BUILDINGS.

The number of new buildings erected during the past year and their value, with comparisons for two previous years, is as follows:

| | 1885 | | 1884 | | 1883 | | 1882 | |
|---------------------|------|-----------|-------|-------------|-------|-------------|-------|-------------|
| | No. | Value. | No. | Value. | No. | Value. | No. | Value. |
| January | 115 | \$100,400 | 40 | \$ 69,130 | 58 | \$ 85,860 | 75 | \$ 90,550 |
| February | 75 | 94,685 | 172 | 292,970 | 75 | 134,380 | 83 | 92,200 |
| March | 174 | 378,665 | 147 | 227,010 | 124 | 269,160 | 157 | 188,715 |
| April | 206 | 335,850 | 182 | 402,764 | 159 | 505,520 | 150 | 294,475 |
| May | 148 | 295,350 | 191 | 320,865 | 144 | 276,870 | 132 | 311,990 |
| June | 170 | 346,680 | 182 | 309,925 | 108 | 499,750 | 128 | 408,855 |
| July | | | 228 | 329,820 | 113 | 270,620 | 104 | 258,500 |
| August | | | 177 | 238,585 | 103 | 227,910 | 105 | 254,965 |
| September | | | 163 | 256,510 | 162 | 237,683 | 111 | 582,110 |
| October | | | 163 | 376,723 | 120 | 194,190 | 133 | 265,335 |
| November | | | 123 | 199,905 | 103 | 193,843 | 95 | 226,030 |
| December | | | 94 | 114,730 | 93 | 134,025 | 55 | 89,179 |
| Totals | | | 1,862 | \$3,138,937 | 1,342 | \$3,029,811 | 1,328 | \$3,059,964 |

The average value of the houses for which permits were granted in 1884, according to the above statement, was \$1,685.

The record of buildings repaired for the years named was as follows:

| | Jan. to July, 1885. | 1884. | 1883. | 1882. | 1881. |
|------------------|---------------------|-----------|-----------|-----------|-----------|
| Number | 359 | 526 | 474 | 472 | 453 |
| Value | \$222,538 | \$437,490 | \$492,180 | \$384,217 | \$440,038 |

GRAIN AND BREADSTUFFS.

The aggregate of grain and breadstuffs handled in Detroit for the years named is shown by the following tables:

| | 1880 | | 1881 | | 1882 | |
|-----------------------|-----------|------------|-----------|------------|-----------|------------|
| | Receipts. | Shipments. | Receipts. | Shipments. | Receipts. | Shipments. |
| Flour, bbls | 341,334 | 190,958 | 449,278 | 270,255 | 259,422 | 228,487 |
| Wheat, bus | 9,835,164 | 9,185,186 | 5,824,206 | 4,793,067 | 6,442,899 | 5,816,749 |
| Corn, bus | 427,976 | 218,997 | 763,855 | 310,276 | 1,196,351 | 633,245 |
| Oats, bus. | 507,797 | 62,891 | 728,962 | 236,278 | 1,359,958 | 770,584 |
| | 1883 | | 1884 | | | |
| | Receipts. | Shipments. | Receipts. | Shipments. | Receipts. | Shipments. |
| Flour, bbls | 176,191 | 197,534 | 122,739 | 146,742 | | |
| Wheat, bus | 6,857,366 | 6,260,480 | 8,083,767 | 7,023,370 | | |
| Corn, bus | 1,823,087 | 1,572,627 | 1,677,582 | 1,424,140 | | |
| Oats, bus. | 1,553,249 | 670,882 | 602,447 | 42,942 | | |

The amounts of wheat withdrawn from the elevators for local consumption for the past five years are: 1880, 349,443 bu.; 1881, 404,350 bu.; 1882, 623,729 bu.; 1883, 610,945 bu.; 1884, 466,476 bu.

The shipment of wheat by Board of Trade firms in 1884 showed an increase over the previous year amounting to over 760,000 bushels.

The production of flour by local mills in 1884 was 249,914 barrels, distributed as follows:

| | |
|------------------------------|---------|
| Shipped out of the city..... | 153,312 |
| Sales in city..... | 96,602 |

The wheat used was reported as 1,127,913 bushels, of which 989,287 bushels were received out of elevators and off track, and 138,626 bushels were delivered by farmers' teams.

The following statement shows the average price of the two leading grades of wheat sold in this market for the past four years:

| | 1882 | | 1883 | | 1884 | | 1885 | |
|-----------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|
| | 1 White. | 2 Red. | 1 White. | 2 Red. | 1 White. | 2 Red. | 1 White. | 2 Red. |

As showing the value as a feeder to the business of the city, of its latest railroad acquisition, it may be stated that the receipts of wheat for the 11 months ending July 1, 1885, by the Wabash road amounted to 2,500,000 bushels, against 664,000 bushels for the full crop year (ending Aug 1) in 1884, and 305,000 bushels in 1883. The receipts of corn by this route for the calendar year of 1884 were 1,307,598 bushels, as against 1,254,239 bushels in 1883 and 567,299 bushels in 1882.

THE LOCAL MARINE.

The number and tonnage of vessels enrolled at the custom house in Detroit for the year ending June 30, 1885, was:

| | Vessels. | Tonnage. |
|-------------|----------|-----------|
| Sail..... | 153 | 36,360.61 |
| Steam..... | 133 | 37,501.92 |
| Iron..... | 4 | 3,279.00 |
| Barges..... | 10 | 2,708.36 |
| Total..... | 300 | 79,848.88 |

There were also temporarily enrolled one sail and one steam vessel, with a total tonnage of 98.50.

The arrivals and clearances of vessels for the same period were:

ENTERED.

| | Vessels. | Tonnage. |
|--|----------|-----------|
| American vessels coastwise..... | 2,730 | 830,419 |
| American vessels from foreign ports..... | 878 | 62,967 |
| Foreign vessels from foreign ports..... | 1,776 | 137,868 |
| Total entered.... | 5,384 | 1,031,254 |

CLEARED.

| | Vessels. | Tonnage. |
|--|----------|-----------|
| American vessels coastwise..... | 2,807 | 853,410 |
| American vessels to foreign ports..... | 851 | 62,268 |
| Foreign vessels to foreign ports..... | 1,711 | 129,861 |
| Total cleared..... | 5,369 | 1,045,539 |
| Grand total..... | 10,753 | 2,076,793 |

MONEY AND BANKING.

On July 1, 1885, the corporate banks of the city showed an increase in their aggregate capital of \$310,000 for the preceding 18 months, an increase in deposits of \$602,865, and an increase in loans of \$1,589,592. The establishment of the clearing house in Feb., 1883, has greatly facilitated the transaction of banking business in the city. The average of settlements at the clearing house has ranged from \$2,000,000 to \$3,000,000 weekly—say a general average of \$2,580,000.

CORPORATE BANKS OF DETROIT.

The corporate banks of the city, with their capital, deposits, loans and discounts, were as follows at or about July 1, 1885:

| <i>Name.</i> | <i>Capital.</i> | <i>Deposits.</i> | <i>Loans and Discounts.</i> |
|--|-----------------|------------------|---------------------------------|
| First National..... | \$ 500,000 | \$ 2,462,350 | \$ 1,953,652 |
| Detroit National..... | 1,000,000 | 1,967,351 | 1,790,448 |
| American Exchange National..... | 400,000 | 1,772,589 | 1,441,762 |
| Merchants' & Manufacturers' National.. | 500,000 | 1,650,767 | 1,569,786 |
| Commercial National..... | 500,000 | 1,836,990 | 1,440,160 |
| Mechanics'..... | 100,000 | 819,336 | 793,601 |
| German American..... | 100,000 | 724,758 | 496,480 |
| Market..... | 100,000 | 101,852 | 138,686 |
| Wayne County Savings..... | 150,000 | 3,479,557 | 2,934,983 |
| Detroit Savings..... | 200,000 | 2,681,765 | 2,328,897 |
| People's Savings..... | 500,000 | 3,451,348 | 3,357,429 |
| Michigan Savings..... | 150,000 | 811,727 | 802,496 |
| State Savings..... | 150,000 | 372,612 | 447,511 |
| Dime Savings..... | 60,000 | 214,863 | 206,701 |
| Total..... | \$4,410,000 | \$22,347,865 | \$19,702,592 |
| Total 1883..... | 4,100,000 | 21,745,000 | 18,113,000 |
| Total 1882..... | 3,700,000 | 20,339,000 | 16,793,000 |

There are nine private banks whose business, if added to the above, would increase the capital by at least \$1,000,000, and the deposit and discount line by \$2,000,000 to \$3,000,000.

CITY FINANCES—VALUATION, TAX LEVY AND CITY DEBT.

The assessed valuation of the property of the city for the years 1883, 1884 and 1885, with the amount and per cent of the tax levy, was:

| | 1883. | 1884. | 1885. |
|---|------------------|------------------|------------------|
| Real estate..... | \$78,982,170 00 | \$82,793,115 00 | \$87,536,645 00 |
| Personal property.... | 26,928,755 00 | 27,928 880 00 | 28,713,300 00 |
| Total..... | \$105,910,925 00 | \$110,721,995 00 | \$116,249,945 00 |
| Total tax levy.... | \$1,199,254 28 | \$1,326,500 31 | \$1,252,352 93 |
| Tax per cent (exclusive of highway) mills on the dollar, | 13.09 | 11.45 | 10.10 |

The increased valuation in 1883 over 1882 was \$11,019,518.

The increased valuation in 1884 over 1883 was \$4,811,070.

The increased valuation in 1885 over 1884 was \$5,527,950.

In addition to the general tax levy there was received for the uses of the city in 1885 the sum of \$109,472.36 special liquor tax.

The City Controller's annual report for the year ending June 30, 1885, makes the following most gratifying exhibit:

| | |
|--|----------------|
| The balance in the City Treasury June 30, 1884, was..... | \$ 576,411 57 |
| Receipts during the year.... | 1,774,055 32 |
| Total..... | \$2,350,466 89 |

| | | |
|---|--------------|----------------------|
| Disbursements during the year..... | | \$1,647,929 60 |
| Balance in Treasury June 30, 1885, to the credit of the sinking fund..... | \$408,238 28 | |
| To the credit of various other funds..... | 294,199 01 | |
| Change in hands of Receiver of Taxes..... | 100 00 | |
| | | <u>\$ 702,537 29</u> |

During the year 114 city bonds, falling due at various times in the future, have been purchased and canceled, thereby reducing the debt \$92,000 and the annual interest charge \$6,440. The bonds outstanding July 1, 1885, amounted to \$850,500, classified as follows:

| | | |
|--|--------------|---------------------|
| City Hall bonds due in 1886..... | \$ 63,500 00 | |
| City Hall bonds due in 1888..... | 130,000 00 | |
| City Hall bonds due in 1889..... | 104,000 00 | |
| City Hall bonds due in 1890..... | 62,000 00 | |
| City Hall bonds due in 1891..... | 53,000 00 | |
| | | <u>\$412,500 00</u> |
| House of Correction bonds due in 1893..... | | 10,000 00 |
| Public Sewer bonds due in 1892..... | 91,000 00 | |
| Public Sewer bonds due in 1893..... | 96,000 00 | |
| Public Sewer bonds due in 1894..... | 70,000 00 | |
| Public Sewer bonds due in 1897..... | 35,000 00 | |
| | | <u>292,000 00</u> |
| Public Improvement bonds, purchase of Belle Isle, due in 1899..... | | 100,000 00 |
| Central Market bond due in 1886..... | 5,000 00 | |
| Central Market bond due in 1887..... | 5,000 00 | |
| Central Market bond due in 1888..... | 5,000 00 | |
| Central Market bond due in 1889..... | 5,000 00 | |
| Central Market bond due in 1890..... | 5,000 00 | |
| Central Market bond due in 1891..... | 6,000 00 | |
| Central Market bond due in 1892..... | 5,000 00 | |
| | | <u>36,000 00</u> |
| Total..... | | <u>\$850,500 00</u> |

To meet this debt the Commissioners of the Sinking Fund have in cash, water bonds, Central Market bonds and Wayne County bonds the sum of \$838,238.28, leaving the net debt of the city July 1, 1885, at the nominal sum of \$12,261.72. Practically, therefore, the city has no debt. Nor is this statement affected by the fact that the Water Board will have a bonded indebtedness August 1, 1885, of \$1,450,000. While it is true that this debt is guaranteed by the city, the provision made for its liquidation as it shall mature is of the most complete character, and as the value of the Water Works property is two and one-half times greater than its total liabilities, the contingency of the city's being compelled to make good its guarantee for the payment of any part of the Water Works debt, may justly be considered so remote as not to demand being taken into any account of the city finances proper. The statement, therefore, remains true, that, practically, Detroit has no debt.

During the past five years the city has received the sum of \$667,811.58, the proceeds of the liquor taxes, the greater part of which has been applied to the sinking fund for the purpose of providing means for the redemption of city bonds and the future payment of debt. This object has been attained, and hereafter this source of revenue can be utilized for the reduction of the tax levy.

VALUE OF CITY PROPERTY.

The value of the property of all kinds belonging to the city at the present time, as ascertained from official sources, is as follows:

| | |
|---------------------------------|---------------------|
| Public buildings and lands..... | \$1,439,250 |
| Public parks..... | 938,000 |
| Real estate (unimproved)..... | 47,970 |
| School buildings and lots..... | 936,950 |
| Fire department property..... | 478,235 |
| Police department property..... | 103,722 |
| Water Works property..... | 3,478,565 |
| Public sewers..... | 2,723,820 |
| Street lamps and posts..... | 32,222 |
| Street drinking fountains..... | 3,257 |
| Total..... | <u>\$10,181,991</u> |

DETROIT STREET AND AVENUE GUIDE.

EXPLANATION.

In the following list it will be observed that the streets are arranged in alphabetical order, that the name of each street is given, showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Woodward ave. No 281 comes, you look at Woodward ave. and find that Adams ave. w. runs from 271 and Elizabeth street w. from 291, showing that 281 Woodward ave. would come half way between Adams ave. w. and Elizabeth street w.

Where streets are numbered, the odd numbers are on the left hand side from the lowest to the highest.

The exact location of any street can readily be found by referring to the index on the map.

STREETS AND AVENUES.

| | | |
|---|---|---|
| A (Springwells addition), from Vinewood ave, west to Indian ave. Vinewood ave. Indian ave. | 71 John R. 113 Brush. 145 Beaubien. 179 St Antoine. 247 Hastings. | McDougall ave. Collins. Moran. |

SANITARY POLICE.

Joseph Burger, Captain in charge.
 Amos S. Lane, Meat Inspector.
 Frank Blum, Assistant Meat Inspector.

WARD BOUNDARIES.

1.—The First ward shall consist of all that part of the said city lying between Woodward avenue and Beaubien street, and the line of said street extended on the south to the Detroit river, and on the north to the city limits.

2.—The Second ward shall consist of all that part of said city bounded on the east by Woodward avenue, and on the west by First street, from the Detroit river to Grand River avenue, up Grand River avenue to Second avenue, and along Second avenue and the line of Second avenue extended to the city limits.

3.—The Third ward shall consist of all that part of said city lying between Beaubien street and Hastings street, and the line of said streets extended on the south to the Detroit river, and on the north to the city limits.

4.—The Fourth ward shall consist of all that part of said city lying between the west boundary line of the Second ward above described and Crawford street, from the city limits to Grand River avenue, down Grand River avenue to Fifth street, and down Fifth street, and the line of said street extended to the Detroit river, and the lines of said streets extended on the south to the Detroit river, and on the north to the city limits.

5.—The Fifth ward shall consist of all that part of said city lying between Hastings street and Russell street, and the lines of said streets extended on the south to the Detroit river, and on the north to the city limits.

6.—The Sixth ward shall consist of all that part of said city lying between the west boundary line of the Fourth ward above described, and Trumbull avenue, and the line of said avenue extended to the city limits and to the Detroit river.

7.—The Seventh ward shall consist of all that part of said city lying between Russell street and Dequindre street, and the lines of said streets extended on the south to the Detroit river, and on the north to the city limits.

8.—The Eighth ward shall consist of all that part of said city lying between the east line of Godfroy farm (Wabash avenue) and Trumbull avenue, and the line of said avenue extended to the city limits and to the Detroit river.

9.—The Ninth ward shall consist of all that part of said city lying between De-

quindre street and Chene street, and the line of said streets extended to the city limits.

10.—The Tenth ward shall consist of all that part of said city lying between the west line of the Loranger farm (Twentieth street) and the east line of the Godfroy farm (Wabash avenue).

11.—The Eleventh ward shall consist of all that part of said city lying between Chene street and McDougall ave, extended on the south to the Detroit river, and on the north to the city limits.

12.—The Twelfth ward shall consist of all that part of said city lying west of the west line of the Loranger farm (Twentieth street), and bounded on the west by the easterly boundary of the Fourteenth ward, on the south by the river and on the north by the northern limits of the city.

13.—The Thirteenth ward shall consist of all that part of said city lying east of McDougall avenue extended, and west of the center line of Mt. Elliott avenue, on the south to the Detroit river, and on the north to the city limits, and the parcel of land situated in the Detroit river, and known as Belle Isle.

*14.—The Fourteenth ward shall consist of a certain part of said city lying immediately west of the Twelfth ward thereof, and bounded on the west by a line running through the alley lying immediately west of McKinstry avenue, on the south by the river, and on the north by the northern limits of said city.

*15.—The Fifteenth ward shall consist of all that part of said city lying immediately east of the eastern boundary line of the Thirteenth ward, and bounded on the south by the river, and on the north by the northern limits of said city.

*16.—The Sixteenth ward shall consist of all that part of the said city lying west of a line drawn through the center of the alley lying immediately west of McKinstry avenue, and bounded on the south by the river, and on the north by the northern limits of said city.

ELECTION DISTRICTS.

The following election districts were created by an ordinance approved Sept. 5th, 1881:

First Ward, First District—All that portion thereof lying north of Brady street.

Second District—All that portion thereof lying between Brady and Adelaide streets.

*The last three wards were added to the city by the annexation of portions of Hamtramck and Springwells, the annexation act being passed by the State Legislature on May 21, 1885.

Third District—All that portion thereof lying between Adelaide street and Adams avenue.

Fourth District—All that portion thereof lying south of Adams avenue and east of Randolph street.

Fifth District—All that portion thereof lying south of Adams avenue and west of Randolph street.

Second Ward, First District—All that portion thereof lying north of Bagg street.

Second District—All that portion thereof lying between Bagg and High streets.

Third District—All that portion thereof lying between High street and a line running through Adams avenue to Grand River avenue, thence westerly along said avenue to the intersection of First street.

Fourth District—All that portion thereof lying between said third district and Michigan avenue.

Fifth District—All that portion thereof lying south of Michigan avenue.

Third Ward, First District—All that portion thereof lying south of the center line of Fort street.

Second District—All that portion thereof lying north of the center line of Fort street, and south of the center line of Gratiot avenue.

Third District—All that portion thereof lying north of the center line of Gratiot avenue, and south of the center line of Wilkins street.

Fourth District—All that portion thereof lying north of the center line of Wilkins street.

Fourth Ward, First District—All that portion thereof lying south of the center line of Michigan avenue.

Second District—All that portion thereof lying between the center lines of Michigan and Grand River avenues.

Third District—All that portion thereof lying between the center lines of Pitcher street and Grand River avenue.

Fourth District—All that portion thereof lying north of the center line of Pitcher street.

Fifth Ward, First District—All that portion thereof lying between the center line of Fort street and the Detroit river; the easterly boundary thereof from the south line of Jefferson avenue to the Detroit river being the easterly line of Russell street, as the same would be if the said street was extended on its present course to the Detroit river.

Second District—All that portion thereof lying between the center line of Fort street and Gratiot avenue.

Third District—All that portion thereof lying between the center lines of Gratiot avenue and Watson street.

Fourth District—All that portion thereof lying north of the center line of Watson street.

Sixth Ward, First District—All that portion thereof lying south of the center line of Abbott street.

Second District—All that portion thereof lying between the center lines of Abbott and Plum streets.

Third District—All that portion thereof lying between the center lines of Plum street and Grand River avenue.

Fourth District—All that portion thereof lying north of the center line of Grand River avenue.

Seventh Ward, First District—All that portion thereof lying south of the center line of Fort street.

Second District—All that portion thereof lying between the center lines of Fort and Maple streets.

Third District—All that portion thereof lying between the center lines of Maple and Alfred streets.

Fourth District—All that portion thereof lying north of the center line of Alfred street.

Eighth Ward, First District—All that portion thereof lying south of Baker street.

Second District—All that portion thereof lying between Baker and Locust streets.

Third District—All that portion thereof lying between Locust and Myrtle streets.

Fourth District—All that portion thereof lying north of Myrtle street.

Ninth Ward, First District—All that portion thereof lying south of Croghan street.

Second District—All that portion thereof lying between Croghan and Jay streets.

Third District—All that portion thereof lying between Jay and Detroit streets.

Fourth District—All that portion thereof lying north of Third district.

Tenth Ward, First District—All that portion thereof lying south of Baker street.

Second District—All that portion thereof lying between Baker street and Michigan avenue.

Third District—All that portion thereof lying between Michigan avenue and Myrtle street.

Fourth District—All that portion thereof lying north of Myrtle street.

Eleventh Ward, First District—All that portion thereof lying south of Fort street.

Second District—All that portion thereof lying between Fort and Catherine streets.

Third District—All that portion thereof lying between Catherine and German streets.

Fourth District—All that portion thereof lying north of German street.

Twelfth Ward, First District—All that portion thereof lying south of Baker street.

Second District—All that portion thereof lying between Baker street and a line running along Butternut street to Twenty-fourth street, thence southerly through Twenty-fourth street to the alley north of Michigan avenue, thence along said alley to the east line of the Fourteenth ward.

Third District—All that portion thereof lying north of Second district.

Thirteenth Ward, First District—All that portion thereof lying south of the center line of Fort street.

Second District—All that portion thereof lying between the center lines of Fort and German streets.

Third District—All that portion thereof lying north of the center line of German street.

METROPOLITAN POLICE.

Board of Commissioners—Sidney D. Miller, M. S. Smith, William C. Colburn, Horace M. Dean.

OFFICERS.

President—Sidney D. Miller.

Secretary—Lincoln R. Meserve.

Attorney—Wm. A. Moore.

Surgeon—Dr. J. B. Book.

Superintendent—James E. Pittman.

Captains—C. C. Starkweather, W. H. Myler, Joseph Burger, Jesse Mack.

Sergeants—D. W. Fales, A. H. Bachman, A. H. Britton, Wm. Thompson, Ben. High, Wm. Nolan, James Purdue, Geo. H. Thomas, Jos. F. Krug, John Martin.

 561—Woodbridge and Fifth streets.

DIRECTIONS AND INSTRUCTIONS FOR TELEGRAPHING FIRE ALARMS.

Keys are left with the occupants of buildings in the vicinity of each fire-alarm box, and it is designated at the same where they can be found. The members of the police force also possess keys.

The following will be observed when a fire is discovered:

I. Go to the box, open the door, and pull the hook down as far as it will go, firmly and without jerking, and let it slide back.

II. If the alarm is not immediately heard upon the small bell within, the City Hall or Tower bells, go to the next nearest box to the fire and repeat the operation.

III. If on going to a box to give an alarm, the City Hall bell is heard striking otherwise than the hour (which is an indication that an alarm is being sent over the lines), do not open the box until it has done striking. In all such cases count the signal which is being sounded, and be certain it is not for the same fire.

Keyholders are cautioned:

1. To not open the box except in case of fire.
2. To not give an alarm until certain of a fire.
3. To not give an alarm for a fire seen at a distance.
4. To pull down the hook but once in giving an alarm.
5. To be sure, after giving an alarm, that the door is securely closed before leaving the box.
6. To not let the key go out of their possession, except when demanded by proper authority.
7. Keyholders, if removing their place of business or residence, are requested to return the key to the Fire Commissioners' office.

8. Wait at the box and direct the firemen to the fire.

HOUSE OF CORRECTION.

Russell street, near the City Reservoir.

Superintendent, Joseph Nicholson; Assistant Superintendent, John Fitzgerald; Physician, A. Kaiser; Teacher, James K. Moore; Board of Inspectors—F. William Lichtenberg, John V. Moran, Wm. J. Chittenden, Stephen Baldwin, the Mayor of Detroit, and the Chairman of the Board of Inspectors of the State Prison, *ex-officio*.

RATES OF FARE AUTHORIZED BY CITY ORDINANCE RELATIVE TO PUBLIC CARRIAGES, ETC.

SECTION II.—The drivers or owners of public conveyances may demand and receive for conveying passengers the following rates or prices of fare, and no more, to wit:

For carrying a passenger from one place to another, within the limits of said city (city of Detroit), 50 cents. Children under ten years of age, not exceeding two in number, when accompanied by parents or guardians, shall be carried *free of charge*. Those in excess of that number shall each be charged *half fare*.

For the use of any public conveyance by the hour for not more than four persons, and with the privilege of going from place to place, and stopping as often as required, \$1.50 per hour for the first hour, and \$1 for each additional hour; and for fractional hours at the rate of \$1 per hour; and for each additional passenger 25 cents per hour. For the use, by the day, of such conveyance, \$5. For each trunk, 15 cents, but no charge shall be made for any bag, valise or bundle weighing less than fifty pounds.

And every carriage, hack, or other public conveyance for carrying passengers, licensed under the provisions of this ordinance, shall at all times have, in a conspicuous place in the inside thereof, and where the same may be readily seen and read by any person or passenger sitting therein, a card containing in large, plain, printed English letters, the owner's name and the rates of fare in this section prescribed and established.

When a public conveyance is used between the hours of 11 P. M. and 5 A. M., it shall be lawful to demand and receive for the same services one-half more than the rates prescribed above.

Any disagreement as to time and rates shall be determined by the Mayor.

WATER WORKS.

Office, 170 Griswold Street.

Board of Water Commissioners—Jacob S. Farrand, John Pridgeon, Chauncey Hurlbut, James Beatty, Michael Martz.

COMMITTEES.

INTRODUCTORY.

The publishers, in submitting the forty-seventh volume of the DETROIT CITY DIRECTORY, comprising 1,393 pages, feel confident that it will be received with the same favor that has been accorded previous issues. The encouragement heretofore given, has led us to spare no expense or painstaking to render as perfect as possible the information contained in its pages, that it may continue to be found a reliable and indispensable work of reference in all its departments.

THE CITY'S POPULATION.

There are recorded in this year's Directory 69,200 names, the alphabetical list beginning at page 193 and ending at 1225, thus occupying 1,032 pages, closely printed in double column. Taking our usual multiple of 3, as a basis on which to calculate the present population of Detroit, it would give the city 207,600 inhabitants. The figures generally in use as a multiplier in computing population from a Directory, are 3,3 $\frac{1}{2}$ and even 4. We have, however, always been conservative in this regard, believing that we thereby attain a nearer approach to absolute accuracy. The estimates as thus given show a steady growth in the population of the city, and the corresponding facts as to the increase in the number and value of new buildings erected, and the constant enlargement of the business done by our banks, indicate that all this is not thoughtless guesswork, but has a solid basis upon which to rest.

NEW FEATURES.

Especial attention is called to the new and improved Street Directory by which valuable information can be made practically available on the instant. Not only are the general direction and the terminal boundaries of each thoroughfare set down, but under the heading of each street is placed a list of transverse streets in the order of their crossing, with the street number at the point of intersection placed opposite. The thousands of persons who annually refer to a city directory for guidance, when the only information in their possession is a given street and number, will be enabled here to locate with precision the point sought for, and to ascertain the most direct way of reaching it. The work involved in the compilation of the 31 closely printed, triple-column pages of the street directory will, it is believed, be more than compensated for by the increased value of the directory for general public reference. We give also a map, on which is indicated the new boundaries of the city, and all the new streets thus brought within the city limits, created by the recent annexations upon its three sides, and also all the changes in the names of streets which have recently been made by order of the Common Council. To this map, containing 530 streets and avenues, is added a complete index, arranged alphabetically. This feature enables one to find the exact location of a street or avenue in the shortest time possible. It will be observed also that all persons having telephones are designated in the Directory with an asterisk (*) before their names.

A list of the deaths occurring in the city between May 15, 1884, and May 6, 1885, will be found on pages 84 to 94.

We do not publish this year as many names of domestics as has been our custom, hitherto, as the frequent changes of place among them render such publication misleading. Where these are permanently located, however, we have aimed to publish their names as usual.

OUR ANNUAL REVIEW

Of the leading facts connected with the city government, and the main features of the business and progress of the city, is derived in all cases from official sources and is brought down to the latest date. These facts show a gratifying and healthy growth everywhere and are full of encouragement in their promise for the future.

THE CITY GOVERNMENT.

The legislative powers of the city continue to be discharged by the two houses of the Common Council—the Board of Councilmen, or Upper House, and the Board of Alder.

men to which official designation it was changed by the revised charter of 1883, having formerly been known as the Common Council. The Board of Councilmen is composed of twelve citizens, elected by the city at large for four years, three of them being chosen each year. The Board of Aldermen consists of two Aldermen from each ward, who are elected for two years each, one being chosen each year. To this joint body is committed all action relating to the government of the city, and every measure involving or contemplating the expenditure of money, must receive the affirmative vote of each body in order to give it validity. In addition, the upper house has the power of confirmation or rejection over most of the appointments to office made by the Mayor. The lower house can act independently of the upper house in any matter not calling for the expenditure of money.

The general executive duties of the city are discharged by the Mayor. Special executive duties are, however, assigned to various city officers; the most important of these being the Controller, who is the custodian of the city property, and keeps an account of it. He also audits all claims against the city and reports the same to the Board of Aldermen, with or without his approval. When duly examined and approved by a committee of that body, and such action ratified by the Board, the Controller draws his warrant on the City Treasurer for the amount allowed and the same is paid. He is also the agent of the city in negotiating loans and generally in administering its financial system.

A large amount of executive and administrative duties are assigned to various boards, such as the Board of Police Commissioners, Board of Assessors, Board of Poor Commissioners, Board of Water Commissioners, Board of Public Works, Board of Health, Board of Fire Commissioners, Board of Park Commissioners, Board of Election and Registration Commissioners, and Board of Building Inspectors. The first-named of these is appointed by the Governor of the State and confirmed by the Senate; all the others are appointed by the Mayor, and confirmed by the Board of Councilmen. The members of the Board of Education, having in charge the school and library interests, are elected by the electors of the city.

ADDITIONS TO CITY TERRITORY.

The Legislature of 1885 passed an act making extensive additions to the limits of the city on its eastern and western boundaries, also including a small amount of territory on the north. By this addition three new wards are created, two—the 14th and 16th—out of territory heretofore embraced in the limits of Springwells township, and one—the 15th—from territory hitherto belonging to Hamtramck. The new boundaries of the city are shown in the map accompanying this issue of the Directory.

THE JUSTICE COURTS.

By an act of the Legislature of 1885, the number of Justices of the Peace is fixed at four, holding their office for the usual term of four years. These are: Felix A Lemkie, whose term expires July 4th, 1886; Walter Ross, term expires July 4th, 1887; John Patton, term expires July 4th, 1888, and Henry A. Robinson, term expires July 4th, 1889. The salary of the Justices is fixed at \$1,800 each, which is paid out of the County Treasury, and all fees received by them are required to be paid into the same treasury. A clerk and three deputy clerks are also provided. Their offices are all located in the Hough block, corner of Griswold and Congress streets.

POLICE DEPARTMENT.

The Police Department was established in 1865 by the State Legislature, and is under the general management of a Board of four Commissioners, who are appointed by the Governor by and with the advice and consent of the Senate. The term of office is eight years. The Board appoints the secretary, attorney and surgeon, and all officers and members of the force, and fixes all salaries. The expenses of maintaining this department is borne by the City of Detroit, and the tax levy therefor is fixed by the Common Council. The police force consists, besides the secretary (*ex-officio* property clerk), and the headquarters clerk, of the superintendent, 4 captains, 11 sergeants, 16 roundsmen, 2 detectives, 14 doormen, 2 hostlers, and 183 patrolmen. The force is divided into four parts, three being assigned to the three precincts into which the city is divided, and the fourth part constituting a central division. The detective force consists of 2 detectives and 7 patrolmen. There are 3 stations and 5 sub-stations, besides the Headquarters or Central building. This last was built during 1884, and is situated

in East park. It contains all the headquarters offices, including those of the Commissioners and Secretary, together with a central station and lockup. The Police Telegraph and Signal Service has been introduced during the past year, covering a district embraced within the old city limits. It is intended to extend this feature as rapidly as means will allow and the public convenience may require, to all the newly annexed portions of the city.

WATER SUPPLY.

There were on July 1st, 1885, 252 miles of water pipe laid in the city—177 miles of iron pipe and 75 of wood, of which there were laid during the year 1884, of iron pipe 75,033 feet, and 1,564 of wood. The bonded debt of the Water Board, July 1st, 1885, was \$1,550,000, involving \$99,000 annual interest. The estimated value of the Water Works and appurtenances is \$3,478,565. On the 1st of August of the present year \$100,000 of the bonded debt of the Water Works matures and will be paid, the money being in hand for that purpose, reducing the amount of the bonded debt, as above stated, by that sum.

FIRE DEPARTMENT.

The Board of Fire Commissioners was organized April 1st, 1867, since which time the Fire Department has been under its control and management. The Department employs the following apparatus: Eleven steam fire engines, manned and equipped: three chemical engines, manned and equipped; four hook and ladder apparatus, manned and equipped; one protective wagon, two supply wagons. There are also in reserve, without companies: One first-class steam fire engine and equipment; one second-class steam fire engine and equipment; two hose carts, equipped with hose; one hook and ladder apparatus; one fire escape. There are 227 miles of fire alarm wires, 151 fire alarm boxes, 1,000 street hydrants and 216 reservoirs. The Fire Department employs a force of 197 paid men. The loss by fire in Detroit in 1884 was \$306,302, about \$68,000 more than the loss for 1883. The expense of operating the Department for the fiscal year ending June 30th, 1885, was \$165,719.08, which, together with \$28,575 expended for new buildings, apparatus, etc., made the total amount expended by the Fire Commission during the past fiscal year \$194,294.08.

THE PUBLIC SCHOOLS.

The school census of 1884 shows a population of school age—5 to 20 years—of 45,641. There are 31 school buildings, with a seating capacity for 15,668 pupils. The total enrollment for the school year ending June 30, 1885, was 18,933; average daily attendance during the year, 13,450. Number of teachers employed, 308, of whom 14 are male and 294 female. The total cost of instruction and superintendence, including the evening and ungraded schools, for the school year of 1885, was \$190,341.50. Expended for new buildings and sites \$42,958.06. Incidental expenses, including repairs, supplies, janitors, etc., \$76,851.65. The cost of instruction *per capita* was for the primary department, \$10.29; grammar department, \$16.83; high school department, \$33.32. The average nightly attendance at the night schools was 257 boys and 57 girls, on a total enrollment of 625 boys and 114 girls. In connection with the night schools, there was maintained a class in industrial drawing numbering 51 boys; the average cost for instruction of each pupil per night was 7 cents, except in the drawing class, which was 15 cents, and the total cost for the year \$1,792.25, including the drawing. Many children receive instruction in private and denominational schools. The number of these in the city is 41, including 1 medical college and 3 commercial colleges. Most of these are parochial schools under the care of the Roman Catholic church. There are employed in them 112 male and 143 female teachers, and their total attendance in 1884 was 9,812. The public schools are under the exclusive care and control of the Board of Education, a body comprising 12 persons chosen upon a general city ticket for the term of 4 years, half of the number being elected biennially. In addition to the general supervision of all school interests, this Board also elects the members of the Board of Library Commissioners. A schedule of the names and salaries of all the teachers in the public schools will be found on pages 58 to 60.

OTHER MUNICIPAL BOARDS.

The Board of Poor Commissioners have entire charge of the furnishing of relief to the poor of the city. There are four members of this Board, nominated by the Mayor and confirmed by the Board of Councilmen, serving for a term of four years without

charge to the city. They employ a superintendent and agents for investigating all cases of need, and have a dispensary where medicines can be obtained free, and also supervise the services of two physicians, who are always on call.

The Board of Health consists of three practicing physicians, appointed by the Board of Councilmen, on the nomination of the Board of Health, together with the Mayor, Controller and President of the Metropolitan Police Commission, who are *ex-officio* members. They are given authority to regulate all matters affecting the public health, including the suppression of nuisances, and the prevention by summary measures of the spread of contagious diseases. They employ a health officer, an experienced and skillful physician, who gives his whole time and attention to the work.

The Board of Public Works consist of three members, appointed by the Mayor and confirmed by the Board of Councilmen. The Board is vested with entire control and supervision of the paving, repaving, cleaning, repairing, grading, working and improving of all streets, alleys, avenues and public grounds, the construction, altering and repairing of public wharves, docks, bridges, culverts, receiving basins, sewers and water courses; the improvement and ornamentation of all parks and public spaces within the city; the laying down of all side and crosswalks; the erection of all lamp posts, drinking or ornamental fountains; and the erection of all public buildings and works of the corporation, or of any board.

The Board of Building Inspectors have charge of all buildings in the matter of providing suitable escapes for employes and other occupants in case of fire, and also to see that they are constructed with a due and general regard to safety.

The Board of Assessors have entire charge of the making of assessments upon all property for the purposes of taxation, their work being subject to review, upon appeal, by the Common Council sitting in joint session, who have power to make corrections on application of persons who may feel that they have been assessed too high. The Board of Assessors consists of three members, chosen for three years, on the nomination of the Mayor and confirmation by the Board of Councilmen.

The Board of Registration and Elections is a new board, just created. It has entire supervision of the registration and of all elections in the city.

ELECTIONS.

All of the city and ward officers, including Justices of the Peace, are elected at the November election. The Mayor and city officers generally are elected for two years each, on odd-numbered years. Three members of the Board of Councilmen and one Justice of the Peace, with an alderman and constable in each ward, are elected every year. The city officers to be chosen the present year are the Mayor and other general city officers, three members of the Board of Councilmen, and a Justice of the Peace to succeed Justice Lemkie.

On the first Monday of April in each odd-numbered year, an election is held in the city, when six members of the Board of Education are chosen, and the judges of the Recorder's and Superior courts, on the years in which those officers are to be elected, besides judges of the Circuit and Supreme courts, and Regents of the University.

Directly connected with this matter of elections, is the subject of the registration of voters. The Legislature of 1885 enacted a new law governing this matter, as also that of elections, making changes of great importance. This act was approved by the Governor, April 8. It creates a Board of four Commissioners, nominated by the Mayor and approved by the Board of Councilmen, two of whom must be from each of the two leading political parties, which Board appoints all the inspectors of election and registers of voters in each voting precinct of the city, as also two clerks at each precinct, the representation of each political party on all the sub-boards being preserved throughout. The whole effect is to create a non-partisan and honest registration, inspection, and counting and return of votes.

PARKS AND BOULEVARD.

The Belle Isle Park, the chief and almost only real park of the city, is under the control of a commission of four citizens appointed by the Mayor and approved by the Council. The purchase price was \$200,000. The park embraces the whole of Belle Isle—in round numbers about 700 acres—excepting a small portion on the upper end which is held by the United States for lighthouse purposes. The elevation of the island is about seven feet above the mean level of the river, and it is finely shaded by natural growths of oak, elm, hickory, and other trees. No work of consequence will be done

on Belle Isle this year, no appropriation having been made therefor. The commissioners will limit their efforts to maintaining existing improvements.

By the addition to the territory embraced within the new limits, Linden Park is brought within the jurisdiction of the city. This is a large and fine tract of 50 acres, heretofore lying in the township of Hamtramck, and was donated to the city several years since by the Hon. Moses W. Field, but being outside the city limits at that time, could not be accepted by the city. It is understood that Mr. Field will now renew the offer of this liberal donation for park purposes, which will doubtless be accepted, and within a few years it will be made a very attractive spot. Besides Belle Isle and Linden, there are 13 other parks, mostly small ones, interspersed throughout the city.

The new Boulevard, designed to form a crescent on the north side of the city, with its termini resting on the river, above and below, is in course of construction. When completed it will form a very handsome and attractive addition to the work of beautifying the city, and make one of the finest drives to be found in the country. Its total length will be about nine miles, with a uniform width of 150 feet, in the middle of which will be a drive or roadway of 75 feet in width. About one-third of the right-of-way for the Boulevard has been secured, and the remainder, mostly lying within the newly-annexed territory at either end of the city, will doubtless soon be obtained. The sum of \$20,000 has been appropriated for the work of improving this beautiful roadway the present year.

NEW BUILDINGS.

The number of new buildings erected during the past year and their value, with comparisons for two previous years, is as follows:

| | 1885 | | 1884 | | 1883 | | 1882 | |
|----------------|------|-----------|-------|-------------|-------|-------------|-------|-------------|
| | No. | Value. | No. | Value. | No. | Value. | No. | Value. |
| January | 115 | \$100,400 | 40 | \$ 69,130 | 58 | \$ 85,860 | 75 | \$ 90,550 |
| February..... | 75 | 94,685 | 172 | 292,970 | 75 | 134,380 | 83 | 92,200 |
| March..... | 174 | 378,665 | 147 | 227,010 | 124 | 269,160 | 157 | 188,715 |
| April..... | 206 | 335,850 | 182 | 402,764 | 159 | 505,520 | 150 | 294,475 |
| May..... | 148 | 295,350 | 191 | 320,865 | 144 | 276,870 | 132 | 311,990 |
| June..... | 170 | 346,680 | 182 | 309,925 | 108 | 499,750 | 128 | 408,855 |
| July..... | | | 228 | 329,820 | 113 | 270,620 | 104 | 258,500 |
| August..... | | | 177 | 238,585 | 103 | 227,910 | 105 | 254,965 |
| September..... | | | 163 | 256,510 | 162 | 237,683 | 111 | 582,110 |
| October..... | | | 163 | 376,723 | 120 | 194,190 | 133 | 265,335 |
| November..... | | | 123 | 199,905 | 103 | 193,843 | 95 | 226,030 |
| December..... | | | 94 | 114,730 | 93 | 134,025 | 55 | 89,179 |
| Totals..... | | | 1,862 | \$3,138,937 | 1,342 | \$3,029,811 | 1,328 | \$3,059,964 |

The average value of the houses for which permits were granted in 1884, according to the above statement, was \$1,685.

The record of buildings repaired for the years named was as follows:

| | Jan. to July, 1885. | 1884. | 1883. | 1882. | 1881. |
|-------------|---------------------|-----------|-----------|-----------|-----------|
| Number..... | 359 | 526 | 474 | 472 | 453 |
| Value..... | \$222,538 | \$487,490 | \$492,180 | \$384,217 | \$440,038 |

GRAIN AND BREADSTUFFS.

The aggregate of grain and breadstuffs handled in Detroit for the years named is shown by the following tables:

| | 1880 | | 1881 | | 1882 | |
|------------------|-----------|------------|-----------|------------|-----------|------------|
| | Receipts | Shipments. | Receipts. | Shipments. | Receipts. | Shipments. |
| Flour, bbls... | 341,334 | 190,958 | 449,278 | 270,255 | 259,422 | 228,487 |
| Wheat, bus... | 9,835,164 | 9,185,186 | 5,824,206 | 4,793,067 | 6,442,899 | 5,816,749 |
| Corn, bus.... | 427,976 | 218,997 | 763,855 | 310,276 | 1,196,351 | 633,245 |
| Oats, bus.... | 507,797 | 62,891 | 728,962 | 236,278 | 1,359,958 | 770,584 |
| | 1883 | | 1884 | | | |
| | Receipts. | Shipments. | Receipts. | Shipments. | Receipts. | Shipments. |
| Flour, bbls..... | 176,191 | 197,534 | 122,739 | 146,742 | | |
| Wheat, bus..... | 6,857,366 | 6,260,480 | 8,083,767 | 7,023,370 | | |
| Corn, bus..... | 1,823,087 | 1,572,627 | 1,677,582 | 1,424,140 | | |
| Oats, bus..... | 1,553,249 | 670,882 | 602,447 | 42,942 | | |

The amounts of wheat withdrawn from the elevators for local consumption for the past five years are: 1880, 349,443 bu.; 1881, 404,350 bu.; 1882, 623,729 bu.; 1883, 610,945 bu.; 1884, 466,476 bu.

The shipment of wheat by Board of Trade firms in 1884 showed an increase over the previous year amounting to over 760,000 bushels.

The production of flour by local mills in 1884 was 249,914 barrels, distributed as follows:

| | |
|------------------------------|---------|
| Shipped out of the city..... | 153,312 |
| Sales in city..... | 96,602 |

The wheat used was reported as 1,127,913 bushels, of which 989,287 bushels were received out of elevators and off track, and 138,626 bushels were delivered by farmers' teams.

The following statement shows the average price of the two leading grades of wheat sold in this market for the past four years:

| | 1882 | | 1883 | | 1884 | | 1885 | |
|-----------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|
| | 1 White. | 2 Red. | 1 White. | 2 Red. | 1 White. | 2 Red. | 1 White. | 2 Red. |
| 1st quarter.... | \$1 30 $\frac{1}{2}$ | \$1 05 $\frac{1}{2}$ | \$1 07 $\frac{1}{2}$ | \$1 02 $\frac{1}{2}$ | \$1 02 $\frac{1}{2}$ | \$1 02 $\frac{1}{2}$ | \$0 87 $\frac{3}{4}$ | \$0 86 $\frac{3}{4}$ |
| 2d quarter.... | 1 32 | 1 07 $\frac{1}{2}$ | 1 14 | 1 03 $\frac{1}{2}$ | 99 | 99 $\frac{1}{2}$ | 99 $\frac{1}{2}$ | 99 $\frac{1}{2}$ |
| 3d quarter.... | 1 13 $\frac{1}{2}$ | 1 07 $\frac{1}{2}$ | 1 09 $\frac{1}{2}$ | 90 $\frac{1}{2}$ | 86 $\frac{1}{2}$ | | | |
| 4th quarter.... | 99 $\frac{1}{2}$ | 1 04 $\frac{1}{2}$ | 1 04 | 77 $\frac{3}{4}$ | 79 $\frac{1}{2}$ | | | |

As showing the value as a feeder to the business of the city, of its latest railroad acquisition, it may be stated that the receipts of wheat for the 11 months ending July 1, 1885, by the Wabash road amounted to 2,500,000 bushels, against 664,000 bushels for the full crop year (ending Aug 1) in 1884, and 305,000 bushels in 1883. The receipts of corn by this route for the calendar year of 1884 were 1,307,598 bushels, as against 1,254,239 bushels in 1883 and 567,299 bushels in 1882.

THE LOCAL MARINE.

The number and tonnage of vessels enrolled at the custom house in Detroit for the year ending June 30, 1885, was:

| | Vessels. | Tonnage. |
|-------------|----------|-----------|
| Sail..... | 153 | 36,360.61 |
| Steam..... | 133 | 37,501.92 |
| Iron..... | 4 | 3,279.00 |
| Barges..... | 10 | 2,708.36 |
| Total..... | 300 | 79,848.88 |

There were also temporarily enrolled one sail and one steam vessel, with a total tonnage of 98.50.

The arrivals and clearances of vessels for the same period were:

ENTERED.

| | Vessels. | Tonnage. |
|--|----------|-----------|

MONEY AND BANKING.

On July 1, 1885, the corporate banks of the city showed an increase in their aggregate capital of \$310,000 for the preceding 18 months, an increase in deposits of \$602,865, and an increase in loans of \$1,589,592. The establishment of the clearing house in Feb., 1883, has greatly facilitated the transaction of banking business in the city. The average of settlements at the clearing house has ranged from \$2,000,000 to \$3,000,000 weekly—say a general average of \$2,580,000.

CORPORATE BANKS OF DETROIT.

The corporate banks of the city, with their capital, deposits, loans and discounts, were as follows at or about July 1, 1885:

| <i>Name.</i> | <i>Capital.</i> | <i>Deposits.</i> | <i>Loans and Discounts.</i> |
|--|--------------------|---------------------|-----------------------------|
| First National..... | \$ 500,000 | \$ 2,462,350 | \$ 1,953,652 |
| Detroit National..... | 1,000,000 | 1,967,351 | 1,790,448 |
| American Exchange National..... | 400,000 | 1,772,589 | 1,441,762 |
| Merchants' & Manufacturers' National.. | 500,000 | 1,650,767 | 1,569,786 |
| Commercial National..... | 500,000 | 1,836,990 | 1,440,160 |
| Mechanics'..... | 100,000 | 819,336 | 793,601 |
| German American..... | 100,000 | 724,758 | 496,480 |
| Market..... | 100,000 | 101,852 | 138,686 |
| Wayne County Savings..... | 150,000 | 3,479,557 | 2,934,983 |
| Detroit Savings..... | 200,000 | 2,681,765 | 2,328,897 |
| People's Savings..... | 500,000 | 3,451,348 | 3,357,429 |
| Michigan Savings..... | 150,000 | 811,727 | 802,496 |
| State Savings..... | 150,000 | 372,612 | 447,511 |
| Dime Savings..... | 60,000 | 214,863 | 206,701 |
| Total..... | \$4,410,000 | \$22,347,865 | \$19,702,592 |
| Total 1883..... | 4,100,000 | 21,745,000 | 18,113,000 |
| Total 1882..... | 3,700,000 | 20,339,000 | 16,793,000 |

There are nine private banks whose business, if added to the above, would increase the capital by at least \$1,000,000, and the deposit and discount line by \$2,000,000 to \$3,000,000.

CITY FINANCES—VALUATION, TAX LEVY AND CITY DEBT.

The assessed valuation of the property of the city for the years 1883, 1884 and 1885, with the amount and per cent of the tax levy, was:

| | 1883. | 1884. | 1885. |
|---|-------------------------|-------------------------|-------------------------|
| Real estate..... | \$78,982,170 00 | \$82,793,115 00 | \$87,536,645 00 |
| Personal property.... | 26,928,755 00 | 27,928 880 00 | 28,713,300 00 |
| Total..... | \$105,910,925 00 | \$110,721,995 00 | \$116,249,945 00 |
| Total tax levy.... | \$1,199,254 28 | \$1,326,500 31 | \$1,252,352 93 |
| Tax per cent (exclusive of highway mills on the dollar, | 13.09 | 11.45 | 10.10 |

The increased valuation in 1883 over 1882 was \$11,019,518.
 The increased valuation in 1884 over 1883 was \$4,811,070.
 The increased valuation in 1885 over 1884 was \$5,527,950.

In addition to the general tax levy there was received for the uses of the city in 1885 the sum of \$109,472.36 special liquor tax.

The City Controller's annual report for the year ending June 30, 1885, makes the following most gratifying exhibit:

| | |
|--|-----------------------|
| The balance in the City Treasury June 30, 1884, was..... | \$ 576,411 57 |
| Receipts during the year..... | 1,774,055 32 |
| Total..... | \$2,350,466 89 |

| | | |
|--|--------------|----------------------|
| Disbursements during the year..... | | \$1,647,929 60 |
| Balance in Treasury June 30, 1885, to the credit of the sinking fund..... | \$408,238 28 | |
| To the credit of various other funds..... | 294,199 01 | |
| Change in hands of Receiver of Taxes..... | 100 00 | |
| | | <u>\$ 702,537 29</u> |

During the year 114 city bonds, falling due at various times in the future, have been purchased and canceled, thereby reducing the debt \$92,000 and the annual interest charge \$6,440. The bonds outstanding July 1, 1885, amounted to \$850,500, classified as follows:

| | | |
|--|--------------|---------------------|
| City Hall bonds due in 1886..... | \$ 63,500 00 | |
| City Hall bonds due in 1888..... | 130,000 00 | |
| City Hall bonds due in 1889..... | 104,000 00 | |
| City Hall bonds due in 1890..... | 62,000 00 | |
| City Hall bonds due in 1891..... | 53,000 00 | |
| | | <u>\$412,500 00</u> |
| House of Correction bonds due in 1893..... | | 10,000 00 |
| Public Sewer bonds due in 1892.. | 91,000 00 | |
| Public Sewer bonds due in 1893..... | 96,000 00 | |
| Public Sewer bonds due in 1894..... | 70,000 00 | |
| Public Sewer bonds due in 1897..... | 35,000 00 | |
| | | <u>292,000 00</u> |
| Public Improvement bonds, purchase of Belle Isle, due in 1899. | | 100,000 00 |
| Central Market bond due in 1886..... | 5,000 00 | |
| Central Market bond due in 1887..... | 5,000 00 | |
| Central Market bond due in 1888..... | 5,000 00 | |
| Central Market bond due in 1889..... | 5,000 00 | |
| Central Market bond due in 1890..... | 5,000 00 | |
| Central Market bond due in 1891..... | 6,000 00 | |
| Central Market bond due in 1892..... | 5,000 00 | |
| | | <u>36,000 00</u> |
| Total..... | | <u>\$850,500 00</u> |

To meet this debt the Commissioners of the Sinking Fund have in cash, water bonds, Central Market bonds and Wayne County bonds the sum of \$838,238.28, leaving the net debt of the city July 1, 1885, at the nominal sum of \$12,261.72. Practically, therefore, the city has no debt. Nor is this statement affected by the fact that the Water Board will have a bonded indebtedness August 1, 1885, of \$1,450,000. While it is true that this debt is guaranteed by the city, the provision made for its liquidation as it shall mature is of the most complete character, and as the value of the Water Works property is two and one-half times greater than its total liabilities, the contingency of the city's being compelled to make good its guarantee for the payment of any part of the Water Works debt, may justly be considered so remote as not to demand being taken into any account of the city finances proper. The statement, therefore, remains true, that, practically, Detroit has no debt.

During the past five years the city has received the sum of \$667,811.58, the proceeds of the liquor taxes, the greater part of which has been applied to the sinking fund for the purpose of providing means for the redemption of city bonds and the future payment of debt. This object has been attained, and hereafter this source of revenue can be utilized for the reduction of the tax levy.

VALUE OF CITY PROPERTY.

The value of the property of all kinds belonging to the city at the present time, as ascertained from official sources, is as follows:

| | |
|---------------------------------|---------------------|
| Public buildings and lands..... | \$1,439,250 |
| Public parks..... | 938,000 |
| Real estate (unimproved)..... | 47,970 |
| School buildings and lots..... | 936,950 |
| Fire department property..... | 478,235 |
| Police department property..... | 103,722 |
| Water Works property..... | 3,478,565 |
| Public sewers..... | 2,723,820 |
| Street lamps and posts..... | 32,222 |
| Street drinking fountains..... | 3,257 |
| Total..... | <u>\$10,181,991</u> |

COURTS.

United States Courts of the Eastern District of Michigan—The United States is divided into nine Judicial Circuits, in each of which a Circuit Court is held for each district within each Circuit. The Act of Congress, approved April 10, 1869, provided as follows: "The Circuit Courts in each Circuit shall be held by the Justice of the Supreme Court allotted to the Circuit, or by the Circuit Judge of the Circuit, or by the District Judge of the District, sitting alone, or by the Justice of the Supreme Court and Circuit Judge sitting together, in which case the Justice of the Supreme Court shall preside, or in the absence of either of them, by the other

(who shall preside) and the District Judge."

The State of Michigan, by the act of February 24, 1863, was divided into two Judicial Districts. The Courts for the Eastern District are held at Detroit, and for the Western District at Grand Rapids and Marquette. Both Districts are attached to the Sixth Judicial Circuit, which comprises the States of Michigan, Ohio, Kentucky and Tennessee.

Justice Mathews has been allotted to the Sixth Judicial Circuit, and Hon. John Baxter, of Tennessee, is Circuit Judge of said Circuit.

The Courts for said Eastern District are organized as follows:

U. S. Circuit Court—Hon. Stanley Mathews, Justice of the Supreme Court, is by said Act required to attend one term at least in every two years. Hon. John Baxter, Circuit Judge; Hon. Henry B. Brown, District Judge; Walter S. Harsha Clerk; John Graves, Deputy Clerk; Cyrenius P. Black, U. S. District Attorney; J. W. Finney, Assistant; Salmon S. Matthews; U. S. Marshal.

Terms of Circuit Court—First Tuesdays in March, June and November, in the District Court Room, Postoffice Building, Detroit.

U. S. District Court—District Judge, Hon. Henry B. Brown; Register in Bankruptcy, Hon. Hovey K. Clarke; U. S. District Attorney, Cyrenius P. Black; U. S. Marshal, Salmon S. Matthews; Clerk, Darius J. Davison; Deputy Clerk, John Graves.

Terms of court the same as U. S. Circuit court.

Wayne County Circuit Court—Circuit Judges, F. H. Chambers, Wm. Jennison, John Speed; Clerk, John J. Enright; Deputies, Wm. P. Lane, Wm. May, John Marshall, Charles C. Kellogg; Stenographers, George Maitland, George H. Carlisle, Edmund Daniel.

Terms—First Tuesdays in January, March, May, third Tuesday in September and first Monday in November. Court room, City Hall.

Superior Court of Detroit—Established March 28, 1873. Judge, J. Logan Chipman; Clerk, John B. Moloney; Deputy, Wm. E. Baubie; Reporter, D. B. Nichols.

Terms—First Tuesdays in January, March, May, July, September and November. Court room, Market Building, Michigan Grand avenue.

Recorder's Court—Recorder, George S. Swift; Clerk, George H. Leshner; Deputy Clerk, C. R. Bagg; Stenographer, Wm. W. O'Brien.

Terms—First Monday in each month.

Arraignments, State cases, first Tuesday after first Monday of each month in each term. City Ordinance cases, first and third Mondays in each month. Court room, City Hall.

Probate Court—Probate Judge, Edgar O. Durfee; Register, Homer A. Flint.

Court open for business every day. Court room, City Hall.

Police Court—Police Justice, John Miner; Clerk, Patrick J. Sheahan. Court room, Clinton street, rear of jail.

United States Commissioners for Eastern District of Michigan, residing at Detroit—Darius J. Davison, John Graves, William Jennison, Ervin Palmer, John Winder, Addison Mandell, Herschel Whittaker, J. W. A. S. Cullen, T. P. Hall, Charles Flowers.

Musters in Chancery, residing at Detroit—Addison Mandell, George E. Hand, John J. Speed, Wm. Jennison, John W. A. S. Cullen, Darius J. Davison, George A. Wilcox, Henry M. Campbell.

United States Marshal—Salmon S. Matthews. *Deputies*—David D. Marshall, Cash P. Taylor, A. S. Matthews, George D. Mussey, Richard Bush.

RATES OF POSTAGE ON FIRST-CLASS MATTER.

On letters, sealed packages, mail matter wholly or partly in writing (except proof sheets and corrected proof sheets, and manuscript copy accompanying the same, and except local or drop letters or United States postal cards); all printed matter so marked as to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors; all matter otherwise chargeable with postage, but which is so wrapped or secured that it cannot be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is inclosed or concealed any letter, memorandum, or other thing chargeable with letter postage, or upon which is any writing or memorandum; and manuscript for publication in newspapers, magazines or periodicals, two cents for each half ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

RATES OF POSTAGE ON SECOND-CLASS MATTER.

Mailable matter of this class embraces all newspapers, magazines and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign, and addressed to regular subscribers, two cents per pound. By act of March 3, 1879, sample copies may be sent at the same rate. Postage on this matter when sent by others than the publisher or news agent, is one cent for each four ounces or fraction thereof, postage to

be prepaid by stamps affixed to said matter.

THIRD-CLASS MATTER.

The following articles are mailable at the rate of one cent for every two ounces or fractional part thereof:

Pamphlets, occasional publications, transient newspapers, magazines, books, periodicals, hand-bills, posters, sheet music (printed), prospectuses, maps, proof sheets, regular publications designed primarily for advertising purposes or free circulation, at nominal rates, and corrected proof sheets.

FOURTH-CLASS MATTER.

Mailable matter of the fourth class embraces labels, patterns, photographs, playing cards, visiting cards, address tags, paper sacks, wrapping paper and blotting pads, with or without printed advertisements thereon, bill-heads, letter-heads, envelopes with or without printed addresses thereon, ornamental paper, and all other matter of the same general character. This class includes merchandise and samples, models, samples of ore, metals, minerals, seeds, etc., and any other matter not included in the first, second or third classes, and which is not in its form or nature liable to destroy, deface, or otherwise damage the contents of the mail bag or harm the person. Postage rate, one cent for each ounce or fractional part thereof.

POSTAL CARDS.

The object of the postal card is to facilitate letter correspondence, and provide for the transmission through the mails, at a reduced rate of postage, of short communications, either printed or written in pencil or ink. They may, therefore, be used for orders, invitations, notices, receipts, acknowledgments, price-lists, and other requirements of business and social life; and the matter desired to be conveyed may be either in writing or print, or partially in both.

In using postal cards be careful not to write or have anything printed on the side to be used for the address, except the address; also be careful not to paste, gum or attach anything to them. They are unmailable as postal cards when these suggestions are disregarded.

THE FOLLOWING ARTICLES ARE UNMAILABLE:

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp-pointed instruments, sugar, or any

other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service. All letters upon the envelope of which, or postal card upon which obscene, scurrilous, or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes, or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd, or lascivious books, pamphlets, pictures, papers, prints, or other publications of an indecent character.

FORWARDING LETTERS.

Letters and postal cards only may be forwarded without prepayment of postage, if remailed without unnecessary delay.

LETTERS RETURNED TO WRITERS.

All letters unclaimed upon which are indorsed the names and addresses of the writers, will be returned, whether a specific request for such return is indorsed or not—provided the original postage has been prepaid according to law.

MONEY ORDERS

Are issued on all points in the United States at a trifling cost—On orders not exceeding \$10, 8 cents; over \$10 and not exceeding \$15, 10 cents; over \$15 and not exceeding \$30, 15 cents; over \$30 and not exceeding \$40, 20 cents; over \$40 and not exceeding \$50, 25 cents; over \$50 and not exceeding \$60, 30 cents; over \$60 and not exceeding \$70, 35 cents; over \$70 and not exceeding \$80, 40 cents; over \$80 and not exceeding \$100, 45 cents.

Postal Notes, under \$5, 3 cents.

A single money order may include any amount from one cent to \$100 inclusive, but must not contain a fractional part of a cent.

On Canada and the Provinces, \$10 or under, 15 cents.

On all points in Great Britain and Ireland, \$10 or under, 25 cents.

On all points in Germany, \$10 or under, 15 cents.

On all points in Switzerland, \$10 or under, 15 cents, and through Switzerland on France, Belgium and the Netherlands, on all points in Italy, \$10 or under, 15 cts.

No limit to the amount of remittances to foreign countries. In the United States three orders of \$100 each is the limit for one remittance per day.

*Resigned.

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our book as a specimen, and by that means collecting money in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

The business of this institution is confined to the receipt and care of Savings Deposits and Funds deposited in Trust. Twenty per cent. of the deposits is kept in cash; any excess above this is loaned in sums of \$100 and upwards on approved security, on time to suit the borrower, at current rates of interest.

Interest allowed on deposits at the rate of four per cent. per annum, and paid or credited in June and December each year.

The Treasurer will be in attendance during business hours to give any desired information.

BANKING HOURS—9 o'clock A.M. until 3 o'clock P.M. Saturdays and Mondays from 9 o'clock A.M. until 8 o'clock P.M.

PERSONS RESIDING OUTSIDE the City of Detroit, who may wish to deposit money in the Wayne County Savings Bank, of their own, or the funds of Estates, Heirs, Minor Children, or Trust Funds of any kind, can do so by remitting to the Bank by Express, Draft, P. O. Order, or in person, and a Certificate of Deposit or Bank Book can be returned.

All information given as to loans and deposits upon application at the Bank, or by letter.

Business Education

THE DETROIT Business University

(Goldsmith Bryant and Stratton Business University, Spencerian Business College, and Mayhew Business College, consolidated.)

143, 145, 147, 149, 151 & 153 Mechanics' Hall, Griswold St.

And Board of Trade Building.

Office, 149 Griswold Street,
DETROIT, MICH.

This Institution is a Thorough and Practical Business College, a complete School of Penmanship, a practical School of Shorthand and a thorough School in English Branches.

The Course of Study embraces Book-keeping, Arithmetic, Practical and Ornamental Penmanship, Commercial Law, Grammar, Spelling, Letter Writing, Shorthand, Typewriting, Detection of Counterfeit Money, and Counting House Business Practice.

THIS INSTITUTION possesses unequalled facilities.

IT HAS THE LARGEST and finest suites of rooms, centrally located, in the large and rapidly growing metropolis of Michigan.

IT EMPLOYS able and experienced teachers.

IT HAS THE MOST thorough and practical business course of study, which is carefully graded, beginning with the most simple and gradually leading the student through the most complicated forms of accounts.

IT INTRODUCES all the modern short and rapid methods of book-keeping and commercial calculations.

IT USES the counting house system of actual business, requiring banking, commission, wholesaling, transportation and insurance houses, board of trade, etc.

IT TRANSACTS mercantile, commission, transportation and banking business with the Bryant & Stratton Business Colleges, located in New York, Chicago and other large cities, thus practically illustrating business as it occurs among business men.

ITS TEXT BOOKS are the latest and most complete on the subjects treated.

THE BLANK BOOKS used by our students are pronounced by business men *the best* they have ever seen.

SHORTHAND and TYPEWRITING taught by experts. Special teachers of both Graham and Pernin systems.

Four caligraphs and Remington type-writers for students' use.

THE PROPRIETORS have had many years' experience in conducting the most successful Business Colleges in the United States.

NIGHT SCHOOL, October to April.

DAY SCHOOL all the year.

Ask the business men of Detroit about this institution; they have employed and tested hundreds of its graduates, and no better judges of its merits can be found.

For particulars, call at office in Mechanics' Block, or address

W. F. JEWELL, President. }
H. T. LOOMIS, Secretary. }

SELLING BROS. & SINN, MERCHANT TAILORS,
— 105 Woodward Avenue. —

S. G. PRESTON,
 MANUFACTURER OF
BOILER PURGER

(Patented January 16th, 1880.)

Residence, 228 Thirteenth Street
 Second Door from Baker,
DETROIT, - MICHIGAN.

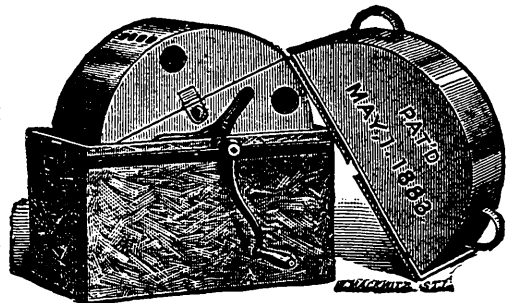

I am an Engineer by profession, and have followed it for the past 25 years, and am confident to say to the public that my BOILER PURGER is the very best article in use in the United States in all respects. It is perfectly harmless to the iron and brass valves which are always used in connection with steam boilers.

O. H. WHITNEY.

DETROIT Conservatory of Music

ESTABLISHED IN 1874.

THE MOST COMPLETE INSTITUTION OF ITS KIND
IN THE WEST.

J. H. HAHN, Director.

The faculty consists of well known instructors, graduates of the most celebrated institutions of musical learning in Europe, including the

Royal Conservatories of Leipzig, Dresden and Stuttgart; The Kullak Music School at Berlin; The Raff Conservatory at Frankfort, and the Liszt Class at Weimar.

Also, personal students with such

EMINENT MASTERS

As Alfred Richter, Moscheles, Reinecke, Plaidsy, Kullak, Raff, Ehrlich, Moszkowski, Scharwenka, Raif, Urspruch, Max Schwartz, E. F. Richter, Bargiel, Kiel, Ferd. David, Roentgen, Rappoldi Schradieck, Herrmann, Cossman, Stockhausen, Scharfe, Fleisch, San Giovanni, Haupt, Liszt, Paul, et al.

BOARD OF INSTRUCTION.

| | |
|---|--|
| J. H. HAHN, Piano, Harmony and Composition. | L. F. SCHULTZ, Violin, Viola and Ensemble Playing. |
| FREDERIC H. PEASE, Director of Vocal Department, Singing and Vocal Culture. | MISS MARY ANDRUS, Piano and Organ. |
| CHAS. E. PLATT, Piano, Harmony and Composition. | MISS KATE H. JACOBS, Piano. |
| C. B. CADY, Piano, Harmony and Composition. | MISS ALICE B. SILL, Piano. |
| J. C. BATCHELDER, Organ and Piano. | MISS MARGARET W. WILEY, Piano. |
| FRED. L. ABEL, JR., Piano, Singing and 'Cello. | MRS. NELLIE BRUSH, Singing and Vocal Culture. |
| WILLIAM LUDERER, Violin. | PAUL KRUEGER, Harp, Flute, etc. |
| RUDOLPH SPEIL, Flute. | G. P. HABENICHT, Violin and Cornet. |
| | J. V. SEYLER, Piano. |

The course of instruction in all branches is systematic and complete, aiming at the HIGHEST STANDARD OF ARTISTIC SKILL and EXCELLENCE. The end sought to be attained is a THOROUGH MUSICAL TRAINING in whichever branch the student engages, whether as a means of SELF CULTURE, as an ACCOMPLISHMENT, or for PROFESSIONAL PURPOSES.

Pupils can enter at any time. Circular furnished on application.

J. Q. ADAMS, Secretary,

82 AND 84 WEST FORT ST., DETROIT.

FARRAND, WILLIAMS & CO.

MANUFACTURERS OF

Fluid Extracts

BY A NEW AND SUPERIOR PROCESS.

Standard—All our Fluid Extracts are made to conform to the standard of the U. S. P., 1880, viz: 100 parts of the drug fully represented by 100 parts (by weight) of finished fluid extract.

The Drug Selected will invariably conform to its proper stage of growth, season for collection and preservation, and will be comminuted by OUR OWN machinery; so that IT WILL BE IMPOSSIBLE for an adulterated drug, or a drug of an inferior quality, to enter into any of our products.

Our Superior Method of Manufacture consists in, 1st. Causing a nearly total vacuum in the cellular tissue of the Drug placed in a suitable percolator. After which the proper menstruum is siphoned into the Drug cells, allowing the full solvent power of the menstruum to come in contact with the medicinal virtues of the cell structure. Maceration now commences, giving ample time for complete saturation of menstruum, allowing contact from days up to weeks to attain this end. Percolation now proceeds, which is assisted by the pressure of a steam-worked air pump.

The Result of all this is that we have a FINISHED PRODUCT that has the odor, color, taste, and ALL THE MEDICINAL PROPERTIES of the particular drug acted upon. We get this PERFECT RESULT, because, from the time the comminuted drug enters the percolator, until it has its exit in fluid form, IT IS NEVER EXPOSED TO THE OUTER AIR, OR ANY HEATING PROCESS.

We also manufacture a full line of **Medicated Elixirs and Wines, EMULSIONS OF COD LIVER OIL, with PHOSPHATE LIME, with HYPOPHOSPHITES LIME and Soda, with LACTOPHOSPHATE and also the fermented.** All of the Emulsions are manufactured from FARRAND, WILLIAMS & Co.'s **NORWEGIAN COD LIVER OIL**, so favorably known by the Medical profession. THE SAME OIL is bottled in full 16-oz. bottles by us.

FRANGULAXINE

| | ELIXIR. | DOSE. | POWDER. |
|---------------|---------------------|-------|-----------------|
| Infants..... | 1/4 Teaspoonful | | Infants..... |
| Children..... | 1 Teaspoonful | | Children..... |
| Adults..... | 2 to 4 Teaspoonfuls | | Adults..... |
| | | | 2 to 5 Grains |
| | | | 5 to 10 Grains |
| | | | 10 to 30 Grains |

Is usually best given in a little water before meals.

Pleasant to the Taste and Painless in Action.

A PURELY VEGETABLE LAXATIVE

That may be given freely to Children and to Nursing or Pregnant Women. Is especially adapted for the treatment of all Chronic Cases where it is necessary to continue the use of Laxatives for quite a period of time. In Syphilis combined with Potassic Iodide, or Mercury, it is far better than the "Creek Indian Remedy," or, "Succus Alteras."

THE "IDEAL" CATHARTIC, DOING AWAY WITH OIL, PILLS or SALTS.

FORMULARY:

Rhamnus Frangula—Its freedom from griping, nauseous and drastic effects, render it the remedy *par excellence* for children, pregnant women, and those afflicted with chronic constipation or hæmorrhoids.

Rhamnus Catharticus—While being quite a powerful cathartic, yet, from its mildness of action, it is especially recommended, by foreign authorities, as a laxative and cathartic for children.

Senna—Has long been noted for its special cathartic action upon the small intestine.

Rheum—Besides being a cathartic, primarily, it is also an intestinal tonic.

The Newer and much rarer remedies that we have introduced into the working formula of "FRANGULAXINE," are the abstract-resinoids Iridin, Juglandin, Podophyllin and Euonymin in small amounts. These are selected for their special action upon the Liver or Intestines, or both together.

Price \$1.00 per Pint Bottle of the Elixir; 50c. per oz. of the Powder.

DOVERINA.

| | Elixir. | DOSE | Powder. |
|---------------|------------------------|------|-----------------|
| Infants..... | 1/8 to 1/4 Teaspoonful | | Infants..... |
| Children..... | 1/4 to 1 Teaspoonful | | Children..... |
| Adults..... | 1 to 2 Teaspoonfuls | | Adults..... |
| | | | 1/2 to 2 Grains |
| | | | 2 to 5 Grains |
| | | | 5 to 10 Grains |

PLEASANT TO THE TASTE.

The Bromides of Ammonium, Camphor, Potassium and Sodium, present in DOVERINA (taking the place of the inert Potassium Sulphate of the Dover's Powder), enhance and Energize the Sedative and Hypnotic Action of the Opium, at the same time controlling its unpleasant effects. (See Bartholow's Therapeutics.)

The experimental and clinical studies of Cheron and Fawkney show the advantages of giving the various Bromides together to be as follows:

1. Smaller Doses required, since the atomic weights are less.
2. More rapid elimination.
3. The distressing effect of the potassic bromide is lessened.

More PALATABLE and BETTER than "Dover Powder."

An Excellent SUDORIFIC; Palatable ANODYNE; Agreeable SEDATIVE; Pleasant HYPNOTIC; Excellent in COUGHS.

Price, \$1.00 per Pint Bottle of the Elixir; 50c. per oz. of the Powder.

THE ABOVE ARE MANUFACTURED SOLELY BY

FARRAND, WILLIAMS & CO.,
