Steam Power Carpet Cleaning and Rug Manufacturing Co.

MANUFACTURERS OF

**Rugs AND Mats from Old Carpets**

Office and Factory, 547 Clinton Avenue.

**DETROIT, MICH.**

Save your old carpets and have rugs made of them. Ingrains, Tapestry or Body Brussels carpet will make thick heavy rugs, also very nice rugs of rags, if cut and sewed, hit and miss as for rag Carpet, Ingrains and Rag. Rugs are alike on both sides.

Ingrains should not be woven with any other kind of carpet. Moquettes, Wiltons and Velvets will make thinner rugs and should be mixed with Brussels. Small pieces of carpets can be used.

It requires about eight pounds (or by measure, 4 yards) of Ingrain, 4 yards of Brussels, 2 yards of Moquette, Wilton or Velvets, and 4 to 5 pounds of rags to one square yard of Rug. Allowance on carpets must be made for parts worn threadbare, as such parts are wasted. When Ingrain carpets are badly worn in places it requires a trifle more material. If not enough carpet to complete the order is furnished us, or if something is needed to brighten the rug, we can furnish it if desired, at a moderate price. If any material is left after filling the order, it will be made up into small rugs or mats.

**PRICES OF DIFFERENT SIZED RUGS.**

All widths less than one yard wide will be charged for as yard wide. Any width can be woven up to 9 feet by any length desired. It requires from three to four weeks to fill orders. All rugs sent out C. O. D.

We also manufacture Silk Curtains from old Silks, after being cut, sewed and put up in balls.

In the city I will get carpets and deliver rugs. Out of the city, when less than thirty pounds, send by express; when more than thirty pounds, by freight. When two or more parties send carpets together, they can be returned in the same way. One hundred pounds can be shipped by freight at the same cost as a less quantity. One of my wagons call for and deliver goods at the depot, thus saving cartage here. Care should be taken that each lot is so marked that I can readily distinguish them. Carpets should never be shipped in barrels or cases.

**SPECIAL NOTICE.**

The sender should mark his name and residence on outside of Package. Always send instructions by mail, and never inside the package.

**R. L. POLK & CO.'S**  
**MEDICAL AND SURGICAL REGISTER**  
**OF THE UNITED STATES.**

---

The revised edition to appear in 1896, will contain the names and addresses of over **110,000** PHYSICIANS, over 1500 HOSPITALS, ASYLUMS and SANITARIUMS, a list of the 140 MEDICAL COLLEGES in the United States, a synopsis of the STATE LAWS for regulating the practice of medicine, the GRADUATION PARTICULARS of each physician and the SCHOOL PRACTICED. It will designate those who make a SPECIALTY of DISEASES of the EYE, EAR, NOSE and THROAT, in cities of over 40,000 inhabitants and will include a vast amount of other information of special interest to the medical profession, calculated to insure for it a large and general circulation, throughout the whole country.

It is the ONLY NATIONAL PUBLICATION of the kind and is conceded to be the standard and recognized Medical Directory and list of Physicians, Medical Institutions and Societies.

If you have anything to say to the 110,000 PHYSICIANS in the United States there is no better or more economical way of saying it to them, than by an advertisement in the Register, or if you wish to send them your circulars, the Register contains the list in convenient form for addressing.
