My father, now deceased, changed his name to Larry Allen Gladstone when he started his medical practice in El Paso, TX. He was born Ladislav Glattstein on 26 September 1922 in Vysna Kamenica, Abauj-Turna, Slovakia. He had two sisters, Edith and Klara. Klara and her father died at Auschwitz. My aunt Edith survived Auschwitz. She also later lived in El Paso, TX until she and her husband made *aliyah*. She is now deceased. Her children all live in Israel.

My paternal grandfather was Julius (Gyula) Glattstein who was born in Vysna Kamenica, Abauj-Turna, Slovakia. He was born on 14 March 1884. He married my paternal grandmother, Anna Blaugrund. They resided in Vysna Kamenica until my father was about 7 years old. They moved to Munkacs so that my father could receive a sound education.

In Munkacs they moved into a home, a large one on a long piece of land with an orchard around 1929. (It was confiscated in April, 1944.) The home's address was 28 Ruzova Ulica. It was next to a Czech school called "*Kohner Koshtey*" and an empty lot.

Anna Blaugrund died before the war. My father believed that she had either uterine or ovarian cancer. She died when my father was a teen. My grandfather didn't re-marry. My aunt Edith had to quit school to maintain the household. The younger sister, Klara, was still young enough to need a mother figure.

My father, Ladislav Glattstein, was taken into forced labor during the war. His father and two sisters, Klara and Edith were sent to Auschwitz. His father was killed immediately. Klara died on 7 January 1944 in Auschwitz. Edith survived. My father was eventually liberated at Mauthausen (Austria) concentration camp, sub-camp Gunskirchen.

My Dear Grandparents Uncle ~~and~~ and Cousin!  
Six years of terror, sufferings, trouble and tears are perhaps  
and during these I lost everything that a man can love:  
parents, sisters, property and everything that was dear and  
precious. They went away with Jews and a lot of million  
sacrifices to gas-rooms of Nazi concentration camps.

The last year of Hitler entered the Berlin  
German military-machine to our country and with them  
a terrible period of dark middleages. With cynical  
method of organisation fell everything into finances  
of Hitler's club-owners they put eighty men into  
and at 23<sup>rd</sup> of May went away my dear father to the  
heaven killed by gas at concentration camp of Oswiecim.  
Baby and Edith were together under <sup>Baby</sup> ~~Nazis~~ and

" I wanted to write you many times, but I had not power enough  
to let you know about all these things.  
Now I am in Prague and I visit the University, I am studying  
because I must do something but I don't know if I shall  
continue, first because I am very weak, second I have not  
enough finances means to it.

Please write me if you want, everything about you,  
what is with Grandfather and Grandmother, is Uncle David  
well? How are the rest uncles, Joseph, Max, Ziga, Herman, bearing  
the aunts and the cousins?

Yours for ever truly

she followed daddy. It is impossible to describe this young  
one standing before the gas chamber, then being in the whole  
body tortured to death by hunger, beatings, and malaria for the  
next minute to be killed. Can you imagine what it is. She died  
because the Germans could not use her more for work. Elvke  
died fourteen days after being deliberated by U.S. Army at concentra-  
tion camp of Bergen-Belsen, ad tyfus. She was broken by death  
of Baby and had not spiritual power enough to defeat the illness.

I was in the concentration camp of Mauthausen. Just the next  
minute when we went out of the car at concentration camp of  
Oswiecim we were separated everybody into another group and  
I did not see them more. I went into another camp and they  
went into another concentration camp. About their fate I got  
information after being liberated by General Patton's Third  
Army, from those, who were together with them at the last  
moment of their life. It is terrible the remembrance of the

months. I broke stones from the daybreak and who stopped  
for one minute was killed by dogs especially ordered by  
SS-men, to do this. I don't know how is it possible, that I am  
in life, perhaps it was the hope, that I shall see my dearlings once in my life.

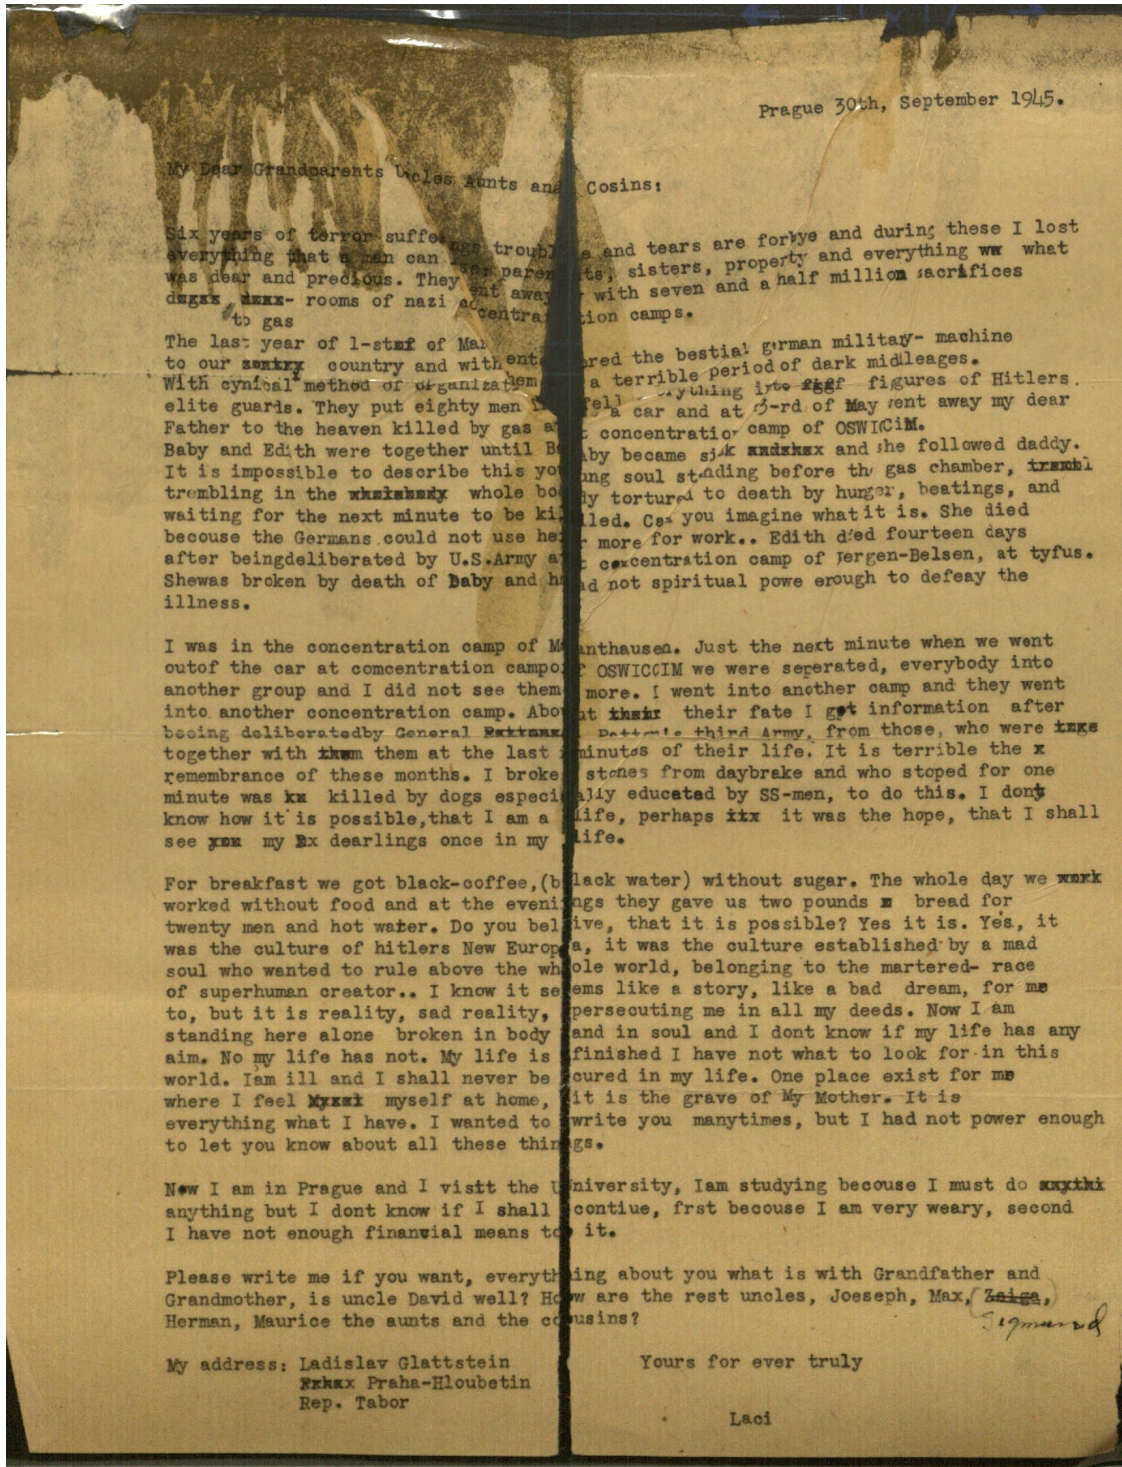

3. For breakfast we got black-coffee, black water without sugar.  
The whole day we worked without food and at the evening they  
gave us two pounds bread for twenty men and had milk. Do you  
believe, that it is possible? Yes it is. Yes, it was the calendar of  
Hitler's New Europe, it was the calendar established by a mad man  
who wanted to rule above the whole world, belonging to the  
murdered-race of superhuman creations. I know it seems like  
a story, like a bad dream, for me too, but it is reality, sad reality,  
persecuting me in all my days. Now I am standing here alone,  
broken in body and in soul and I don't know if my life has  
any aim. No my life has not. My life is finished I have not  
what to look for in this world. I am ill and I shall never  
be cured in my life. One place exists for me where I feel myself  
at home, it is the grave of my mother. It is everything what I want.

Travne 17<sup>th</sup> December 1944

My dear Uncle David, Aunt Bronie and their little cousins!

At the beginning of my letter I beg you pardon, that I could not answer sooner on your letter. I was present in Travne (we were sent from the University for an excursion, so I had missed your letter only yesterday. I am very happy that I can correspond with you in your native language and you must not be dissatisfied. I make still many mistakes, but I try to correct them and with God's help, when we shall be together, my English will be all right. In your letter you wrote many beautiful things and I am very thank you for your words by which you gave me back the hope in the future. Yes, my dear aunt and my dear uncle we must forget, we must "keep our chin up" it cannot be long and a new world will rise up, free of happiness and justice and we shall see it all together. It is very hard to forget, but you wrote "you are young, and lose the whole life before you, and I'm sure that it will be a good one" I believe it my dear aunt and thank you very much for these beautiful words. I study medicine here in Travne, the situation here is good, but we feel the war still. I live in a Regeneration Camp, where I work some hours in a day in the office and have very good food. With Edith there I have a regular correspondence, yesterday she wrote me a very nice letter, that she is already well and in few days she will walk already. I am happy that she recovered already, because without Edith my dear uncle, my life has not any aim. I lost everything that exists, but I have her and I have only for her. She wrote me yesterday that she obtained seven packages from you with very good things, and she is very happy. I thank you

also for these things, please send as only, I have what I need. Only one thing if you can do send: I got information that packages of 2 kg is possible to send, if you can send will be so kind I would need some shirts and a pair ~~trousers~~<sup>shoes</sup> number 43 American number is 9 or 8 1/2. These things is impossible to buy here, also a sweater if you can because here is already winter and very cold, and the shops in Prague are empty. So please my dear Aunt if it is possible and is not hard for you send me these things and I shall be very thankful to you.

I am ~~waiting~~ longingly the photos, you promised to send. I would like to see you all and especially the youngest cousin who is named like my mother, till now I didn't see her. Stanley is of course a young gentleman and a good boy I remember in his photos he remembers the house, Carolyn and Alysae are young ladies they are already "old". I hope that in a short time I shall see them in reality.

That's about all my dear, I hope that you will write to me again very soon. Stay well with all my love to you all and best wishes to the New Year from your  
Ladislav Glattstein
