

About the Data

- Data is provided to assist you in your research and may not be 100% accurate. You will need to review the original source content to determine the accuracy of the information. Contact the webmaster with additions or corrections. Please include the line number when submitting corrections to information in the table.
- Names and locations are spelled as they are in Ancestry.com search-results preview boxes or as they appear on manifests. They may differ slightly from those that are in libertyellisfoundation.org search results.
- If there are two names in a field, the first is typically the name to search for on the Arrival passenger lists and the second is typically the name to search for on the Departure passenger lists.
- The data in this file was compiled by Michele Kallin, whose ancestors came to the United States from Pyatyhory in 1921.
- The primary source for this data is Ancestry.com.

455	Alexander Roujansky (1)	Roujansky	-	-	LIV	Elia Ruzansky	m	25	1898	29-Sep-1923	Liverpool, England	-	-	Scythia	-	-	-	-	-	UK Outward has this passenger due to depart Liverpool on the Scythia 29 Sep 1923 for New York. Passenger went to Boston on the Carmania. Had check mark next to name on UK Outward (i.e., name not crossed out). The Scythia is listed in search results as arriving in NY 15 Oct 1923, but Scythia was switched to Coronica on the manifest and the 29 Sep 1923 departure date was crossed out (6 Oct 1923 on some pages). Liverpool, Sept. 30.—The Scythia, outward bound for Boston and New York, and the White Star steamer Cedric, inward bound, were in collision today during a fog off the south coast of Ireland, with slight damage to both liners. Bentzian, 4mo., traveling with family.

* Year of birth is approximate (calculated from age listed on manifest)

Summary Data: Immigration Records

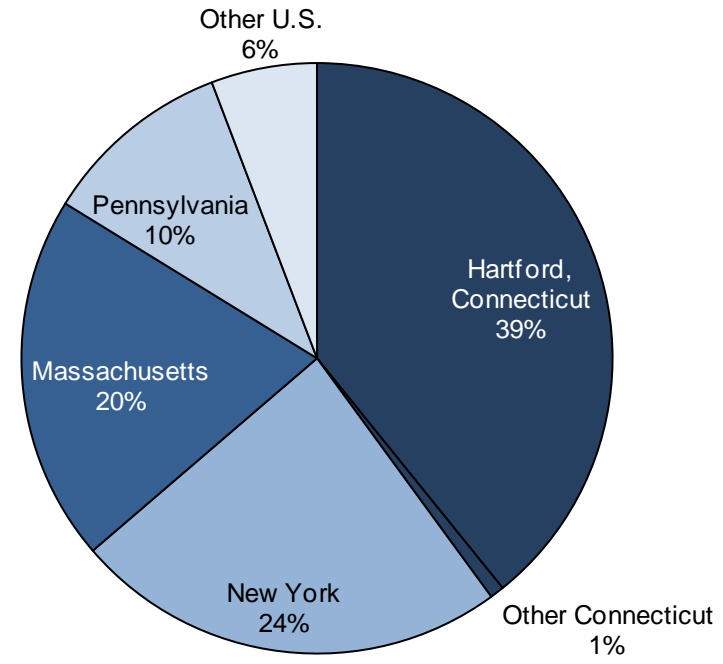

Data based on 527 immigration records.
There may be a higher number of immigrants departing from Hamburg in the sample because passenger departure records for other ports are not available or not as complete as those from Hamburg (not as easy to locate people from Pyatyhory).

Arrival Port for Pyatyhory Residents Who Immigrated to the United States

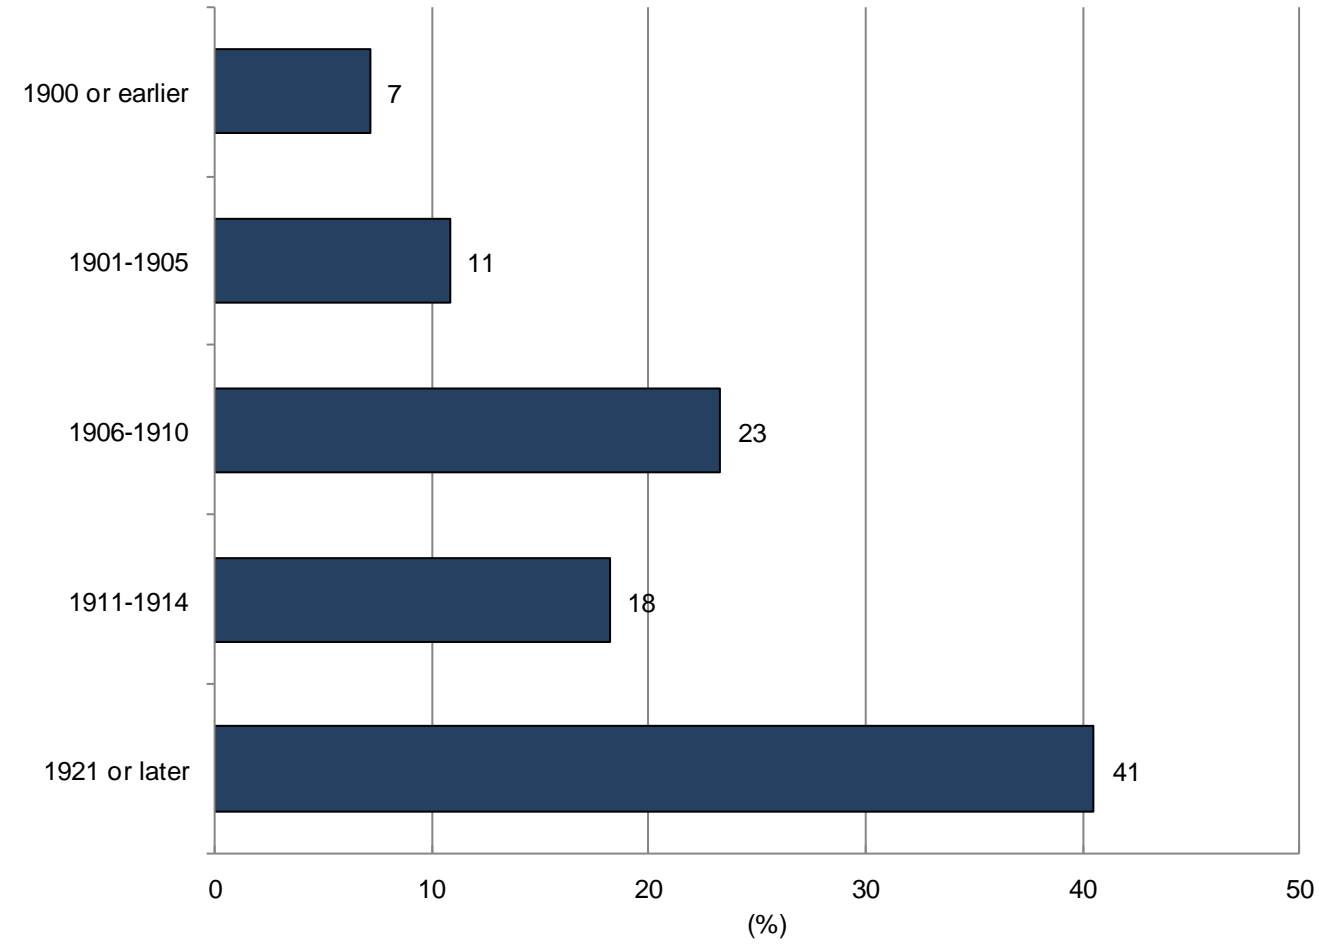

Data based on 528 immigration records.

Final Destination of Pyatyhory Residents Who Immigrated to the United States

Data based on 518 immigration records.

Year of Arrival for Pyatyhory Residents Who Immigrated to the United States

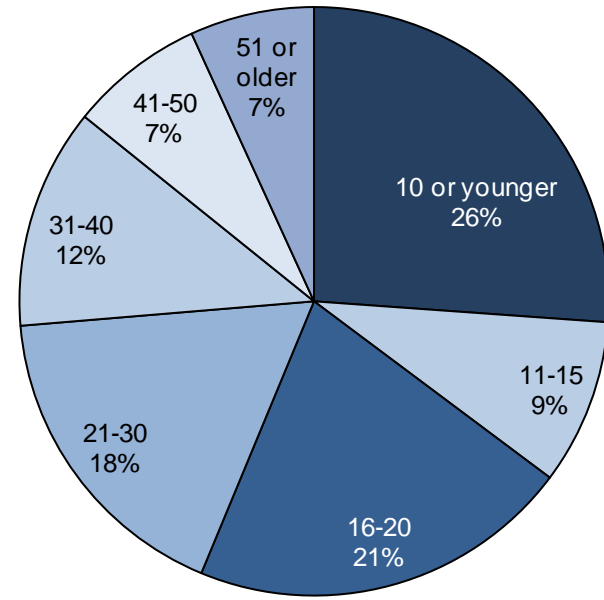

Data based on 528 immigration records.

Records are more difficult to locate for earlier journeys; therefore, there is a higher concentration of more recent records in the data.

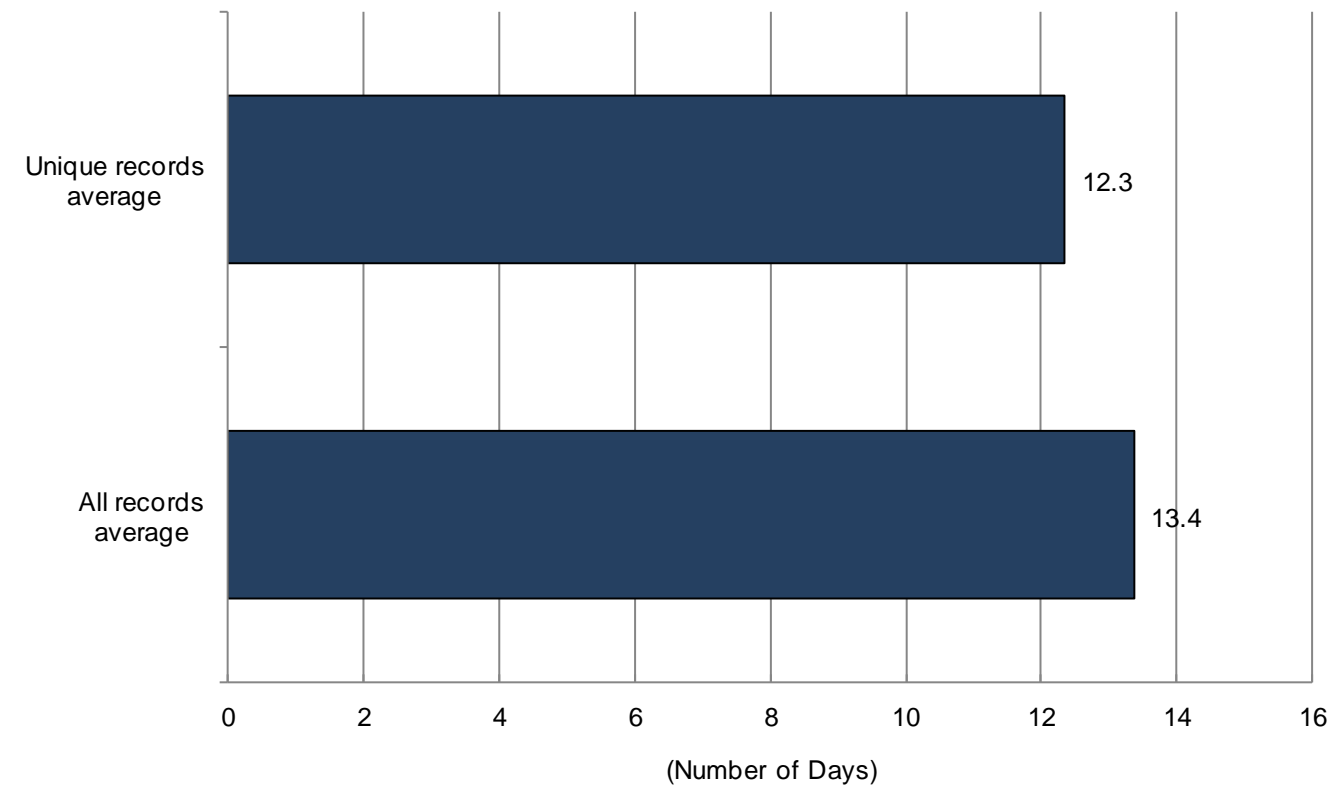

There weren't any immigration records for 1915 to 1920 in the data.

Ages of Pyatyhory Residents Who Immigrated to the United States

Data based on 528 immigration records.
Ages are in years.
The oldest person in this data set was 68.
267 males and 261 females are represented in the data.

Average Number of Days of Travel by Ship of Pyatyhory Residents Who Immigrated to the United States

Data based on 519 immigration records.

Data represents only the final portion of a person's journey. For example, if a person sailed from Hamburg to Liverpool and then from Liverpool to New York, only the days spent traveling from Liverpool to New York are included in this data.

Unique records: If 10 people were on a ship that took 20 days, 20 days is counted only once in the data (not 10 times, as it is in the All records average data).

Data represents 180 unique journeys on 105 different ships.
