[To learn more details, please visit the Ellis Island Database at www.EllisIsland.org](http://www.EllisIsland.org)

This list was compiled by Bonnie Blish in April 2015

This is a list of immigrants whose last declared residence or place of birth was **Dashev** (or a town whose spelling is similar to Dashev), and who entered the United States through the port of New York's Ellis Island station. The search through the Ellis Island database was made using Steve Morse's *Searching Ellis Island in One Step Tool*.

If your ancestors immigrated through Ellis Island but do not appear in this list, the possibilities include:

- They entered through Ellis Island but were not recorded as having come from Dashev
- They entered through Ellis Island, were recorded as Hebrews, but did not have Dashev as their last official residence
- They entered the United States through New York (Castle Garden) previous to Ellis Island's establishment (1892)
- They entered the United States through some other port like Baltimore.
- They were missed in the indexing of these records and need to be searched for by other means
- They immigrated after 1924. The Ellis Island Database only lists pre-1925 records

If a listed name was incorrectly transcribed in the Ellis Island database, the index name and the manifest name are both noted in the following list.
