

Female Given Names
Hebrew and Russian and their Transliterations
from the Kremenets Vital Records and Revision Lists

The following table contains images of Hebrew/Yiddish and Russian given names that appear in the Kremenets, Ukraine vital records and revision lists. It also includes the English transliteration of these names. All names in the table are from records that have been translated, edited and proofread. As we complete additional translation and proofreading, we will expand the list. The table is alphabetized according to the Hebrew given name. Names are from the following vital records of Kremenets:

Births: 1870 & 1871, 1893-1895

Deaths: 1870 through 1872

For the most part, we have used “phonetic transcription” to indicate how the Hebrew/Yiddish given names used in the Kremenets area would sound in English. The Kremenets Shtetl CO-OP document “*Kremenets Hebrew/Yiddish Transliteration Guidelines*” describes the techniques we used. The Guidelines document is available on the JewishGen’s Ukraine Special Interest Group (Ukraine SIG) website:

<http://www.jewishgen.org/Ukraine>

or on our Kremenets Shtetlinks website:

<http://www.shtetlinks.jewishgen.org/Kremenets/>

With a few exceptions, our *Guidelines* are based on the ANSI Z39.25-1975 General Purpose Standard for Hebrew, YIVO’s transliteration schema for Yiddish, Alexander Beider’s book, *A Dictionary of Ashkenazic Given Names*, and on e-mail correspondence with Beider. To resolve any remaining ambiguity in the Hebrew transliteration, we have used the Russian pronunciation as a guide to the English spelling. Please see our Transliteration Guidelines for details.

For Russian, we have used the transliteration table from Beider’s book (p. 237). Sometimes the Russian genitive form is used in the vital records. In those cases, we have followed Beider’s example and have presented the reconstructed nominative form in the transliterated Russian surname column. Similarly, if the Russian given name is in the form of a patronymic, the regular given name is listed first and the patronymic (or patronymic ending) is in parentheses.

Corrections to this document are welcome. If you see any names in need of correction, or if you find other errors in this list, please contact me via e-mail.
