# GENERAL EDITORIAL REVIEW

## G. HARGREAVES & BRO., PICTURE FRAME MANUFACTURERS.

This sterling firm was established upwards of eight years ago, since which time they have met with great success, and have done a large business which they have justly merited. This is considered the largest manufactory of the kind in the west, consequently have greater facilities for supplying country dealers at prices which defy competition. Their works are large and well adapted for carrying on their extensive business, occupying 150 by 200 feet, having a complete department for their various branches of business, they have an extensive seasoning department, carefully superintended by the proprietors themselves, this is a valuable feature in their business, ensuring buyers against loss by frames shrinking, and becoming *dead* stock. They have also complete cutting and grooving, glueing, shaping and moulding, enameling, mounting, staining and graining, and gilding and varnishing departments. They employ from 80 to 125 hands, and are thus enabled to turn out a great amount of work. This firm is held in high reputation and is considered very responsible. We have been personally acquainted with the members of this firm for some time, and can cheerfully add our testimony to that of many others, that they are trustworthy and we can assure the public that all representations made by them may be relied on. Country buyers will find it to their advantage to send in their orders to this firm which will be promptly attended to. They manufacture solely arch top mirror, oval photograph and picture frames. Remember their manufactory is located on the corner of 17th and Howard sts. See their advertisement front colored page.

## FARRAND SHELEY & CO., WHOLESALE DRUGGISTS.

This well-known house was established in 1845 by J. S. Farrand, Esq., and carried on very successfully by him until 1856. The business having then increased to such an extent he found it necessary to take in several partners, and he associated with him A. Sheley, Esq. and W. C. Williams, Esq., since which they have had one of the leading drug stores in the State. Their store is 25x100, four stories and basement, No 80 Woodward av., besides 3 large warehouses on Bates and Larned sts. They have great facilities for supplying all country dealers at very low figures as they are large importers. They deal in all kinds of drugs, toilet articles, perfumeries, chemicals, paints, oils, glass, varnishes, brushes and every thing usually kept by our largest Drug Houses. They are also sole agents in the city for the celebrated Fairbanks' Scales. This house is a thoroughly reliable one, all representations made by them it may be relied on; country buyers will find it to their advantage to send in their orders to this old and reliable house which will be attended to promptly. Remember the store is 80 Woodward av.

## ANTHONY GERMAN, CONFECTIONER, & C.

This gentleman has been in business upwards of 15 years, he has a nicely fitted up confectionery establishment where may always be found all kinds of candy, cakes, etc., he has also an oyster room where persons can partake of that "dainty dish" in quiet and at a reasonable price, in summer he opens his Ice Cream saloon where that refreshing article may be obtained. He sells wholesale and retail and is prepared to supply country dealers at low figures. Remember his store is 31 Michigan avenue.

## THE CALVERT LITHOGRAPHING, ENGRAVING AND MAP PUBLISHING COMPANY.

The Calvert Lithographing, Engraving and Map Publishing Co. may be mentioned among the business houses which deserve more than a passing notice. The company was established about six years ago, and from a small beginning has grown into an establishment which for completeness, artistic talent, and elegance of work executed is second to none in the west. Their "Commercial work," such as bend

drafts, letter and bill headings, diplomas, etc., etc., is among the best we have ever seen, and this opinion seems to be fully shared by the business community, not only of Michigan, but also Ohio, Indiana, Illinois, Wisconsin and Iowa, judging from the increased connections which the Company is forming in each of these States. Their chromo works are indeed beautiful specimens of the Lithographic art, and with a continuation of the liberal patronage which is being bestowed upon the establishment, Detroit will soon be enabled to boast of one of the leading Lithographing Establishments in the country.

#### ADAM COUSE, PIANOS AND ORGANS, WHOLESALE AND RETAIL.

To all those wishing a good piano or organ, we say go to A. Couse's store at 137 Jefferson avenue. Mr. Couse is State Agent for Lindeman & Sons Unrivalled Cycloid Pianos, and it needs only to have heard this instrument to speak highly in its praise, they have acquired a world-wide repute, and Mr. C. sells them at as low rates as possible. Estey & Co.'s celebrated Cottage organs will also be found in Mr. Couse's store, and we strongly advise all to call and see for themselves before deserting the Home Market for what *they suppose* to be a better and larger one. Pianos to rent and sold on monthly payments.

#### R. BRONSON, UNDERTAKER.

This Gentleman has been so long a resident and is so well known that anything we could say could not add to his already good standing. Mr. Bronson stands first in his particular line of business in this city, and as he employs none but the most experienced hands, satisfaction can be safely guaranteed. Orders will, we are sure, be faithfully and speedily executed and reasonable terms will be asked. Mr. Bronson is a wholesale and retail dealer in all kinds of wood and metal burial cases, casquets and undertakers' trimmings, etc. Hearses and carriages are furnished at all times. Anybody wishing for the services of an undertaker, cannot go to a more thoroughly reliable man than Mr. Bronson.

#### W. F. BREWSTER, MERCHANDISE BROKER.

We call especial attention of the business public to the above named gentleman who has been in the merchandise brokerage business for some time, and has earned for himself a good reputation. He commenced with little hope of success and *much opposition*. Stories of all kinds being maliciously circulated about him, to the effect that he was connected with and acted partial to some firms, all of which reports he has been able by his straightforward conduct to disprove. Gradually and steadily he has increased the number of his customers, till now he is doing business for all the first class grocery stores in the city, and instead of predicted failure he has bought for this market from \$100,000 to \$150,000 per month, and his business is still rapidly increasing. He is doing a large business for the well known firm of Stevenson & Applegate whose extensive acquaintance, large business and well-known integrity speaks volumes in itself. #### SUTTER BROTHERS, CIGAR MANUFACTURERS.

This house has been established several years, during which time they have earned a good reputation, both in the straightforward manner in which they do their business and the quality of articles they manufacture. We would call especial attention (to persons of a smoking turn) to their superior brands of "Sutter's own," "Espanola," and "Croquet," Cigars, which are claimed to be first class, while the prices are low. We have tried these cigars and can add our testimony to that of many others, that they are a superior brand. To retailers they offer great inducements. Remember their store is corner Jefferson and Woodward aves.

#### THOMAS WILSON'S BOWLING ALLEY AND RESTAURANT.

We would call the especial attention of the public to the fact that our well-known citizen, T. Wilson, has opened a Bowling Alley at 42 Woodward ave. where lovers of this athletic game can spend a pleasant hour. We believe this is the only Alley in this part of the city. We hope the proprietor may meet with that success he deserves. He also opened a Restaurant at the same place, where meals may be had at

all hours, and at all prices. Mr. W. informs us that he intends keeping his establishment in first-class order, and that the comfort of his guests will be secured. Do not forget the place, 42 Woodward ave.

#### JOHN B. MADDEN, BOOTMAKER.

This gentleman has lately removed to 77 Larned street, where, by strict attention to business, he confidently hopes for a continuance of the liberal patronage of the public. Facts speak for themselves, and when we mention that Mr. Madden is the only shoemaker in Detroit, or perhaps in Michigan, who has ever taken a DIPLOMA, we believe we have given good reason for our unqualified recommendation of this gentleman and his business. A diploma was awarded to him with *Six First Prizes* at the State Fair in Detroit in 1862, for superior workmanship on boots and shoes; and J. B. M. now, as he has for years, makes for the leading men in this and other cities. Mr. Madden understands the anatomy of human feet, and herein lies the secret of his great success in making such splendid fits. We are ourselves personally acquainted with the make of his boots, and in our own judgment his work is not to be surpassed, while his terms are very moderate. Satisfaction is guaranteed, and success insured with the first order, which will be promptly executed. See advertisement.

#### MESSRS. ROSE & BATTISHILL PAINTERS, ETC.

Holmes & Webster's establishment; they have a world-wide reputation of thirty years' standing, and in their every-day business are not to be surpassed, "expediency and good work" being their motto;—a motto which we are assured they fully act up to. They have a large and constantly increasing trade, and always give satisfaction to their numerous friends and customers; and we are confident all orders will meet with prompt attention, and be executed at the lowest possible prices. Their wood and coal Furnaces are well known through the State and city. They are located on the corner of Jefferson ave. and Shelby. See their card.

#### "THE VERANDA," SHELBY STREET.

"The Veranda" is kept by a gentleman who only requires to be known to be fully appreciated, and his choicest brands of wines, liquors and cigars to be tasted to be largely patronized. The proprietor himself is courteous and affable to all, and his patrons will be sure to meet with civility and a real good article at the lowest rates. Mr. Rice has but lately started his Restaurant and Saloon, but he is rapidly becoming well known as the vender of the purest and cheapest articles of wines, &c., and, judging from our own personal observation of the number of customers always to be found in the "Veranda" we predict for its worthy proprietor, a successful career.

Recently there has been displayed in the windows of the jewelry store of M. S. Smith & Co., on the corner of Woodward and Jefferson avenues, a large number of works of art which have attracted very great attention. Mr. Smith has lately returned from a trip through Europe, and during his visit, he has taken occasion to make himself acquainted professionally, with artistic works in Paris, Geneva, Florence, Rome, and other cities which are the places to which artists and dealers resort. This is the leading jewelry establishment in the city, and the place where purchasers may depend upon getting the worth of their money, and at the same time courteously waited upon by the gentlemanly proprietors or their salesmen.

#### J. W. FRISBIE, SILK AND DRESS GOODS.

This is one of the most splendidly fitted up stores we have seen, and we believe the only one making a specialty in silk and dress goods, cloaks and shawls, in the city. Mr. Frisbie has built up for himself a large trade by representing his articles just what they are, etc., so that a person once purchasing of him invariably returns a second time. We hope he may have larger patronage extended to him, which we believe him to justly deserve. His store is 53 and 55 Woodward ave.

Eldredge & Co. have just patented a self-adjusting take-up for these machines, which does away with the breaking of thread and dropping of stitches, which so many of our seamstresses have so bitterly complained of, and enables them to sew all articles, from the heaviest to the lightest, without change of tension. When desiring to secure one of these machines, do not forget where they may be obtained,—185 Jefferson ave., Detroit, Michigan. Messrs. E. & Co. have the sole agency for the States of Michigan, Indiana, Illinois, Wisconsin and Iowa.

We are thoroughly convinced of the positive excellence of the article mentioned, and we solicit for it a fair trial. The Company are proprietors of their Mines and no other lead ore of this description has been found elsewhere, and to parties using it with pure boiled or raw linseed oil, and pure spirits of turpentine they guarantee it in respect to peeling against any White Lead. The different colors and varieties were mixed all through the bed, and it was a mass of rich bloom. It was much admired, and passers-by would stop to drink in its beauties. A bouquet from the bed was exhibited at the Beaver Dam Fair, and received a premium and a complimentary notice."

Country buyers will find it to their advantage to examine their stock before purchasing elsewhere, as it is large and goods of the best quality, while their prices are not greater than are often charged for inferior articles. Remember, when wanting any kind of painting, wall paper, gilding, or anything in their line, that their Store is 92 Woodward ave.

## H. B. MERRELL, GENERAL INSURANCE AGENT.

This gentleman is the general agent of the Mutual Life Insurance Company of N. Y., for the States of Michigan, Indiana, Illinois, Wisconsin, Iowa and Minnesota, and the manner in which he discharges his onerous duties is, we believe, a credit to the company he represents. The Mutual Life Insurance Company, (which claims to be the most responsible company in the world, having assets of over \$30,000,000), as its name indicates, is for the benefit of policy-holders. The entire surplus resulting

from the business is divided among the policy-holders exclusively. There are no stockholders to absorb any portion. Fifty-two thousand, three hundred and eighty-four (52,384,) policy-holders have united to assure each other, and they have accumulated the sum of \$25,319,319.55 as an earnest of their ability and determination to fulfill the agreements into which they have entered. Remember the office is No. 1 Butler's Block, opposite Post Office.

#### THE WESTERN SUNDAY CRESCENT.

The publishers have the honor to unannounce that, with number fifteen of *The Crescent*, (old series), they have greatly enlarged and improved their paper, and do not hesitate to pronounce it fully up to the standard of non-political and non-sectarian journals. They have added a large number of contributors and correspondents, and greatly augmented the editorial staff. *The Crescent* contains articles each week of general interest to all, on science, agriculture, choice literary, sporting, the drama, etc. It is, unquestionably, the cheapest and best journal of its class now published, and the only Sunday paper issued in the United States, that does not contain sectarian articles. It is, emphatically, everybody's paper. Get specimen copy. Just the paper for those who wish to bring their business before the first families of the West. Rates furnished on application. Terms only \$1.50 a year. All the matter prepared expressly for it—forty columns a week—fresh and vigorous. KOLAR & SLAWSON, publishers, 46 Monroe ave., Detroit. See advertisement.

#### ST. MARY'S HOSPITAL OF DETROIT.

This institution, which was for so many years the only hospital in the State, is now as it always has been, under the care of the Sisters of Charity. These self-sacrificing, gentle and kind women devote themselves to the care of the sick in a manner which is unexcelled, and which unavoidably calls forth the admiration of every medical man who rightly appreciates the value of good nursing and proper attention to the various wants of patients. The hospital is now in a prosperous condition, and its wards well filled with patients from city and country, with the various forms of diseases found in a establishments of a like character.

Medical students who may attend the courses of instruction in the Detroit Medical College can avail themselves of the clinical advantages of St. Mary's, as the recently appointed hospital staff is so arranged that at least one physician and one surgeon will be in daily attendance. An important feature in the organization of the staff is the appointment of Prof. J. F. Noyes as oculist to the hospital, who will give clinical lectures on stated days during college session.

#### DR. STONE'S ELECTRO HOT AND COLD AIR BATHS.

The above reliable and renowned baths were opened by Dr. Stone some years ago in the city of Detroit, since which time hundreds have been relieved and cured of various diseases, especially diseases of the skin, coughs, colds, rheumatism, neuralgia, intermittent fevers and its consequences, and local congestions, and inflammations of all kinds. The effect of the bath to cleanse and promote healthful action of the skin and the seven million perspiratory sewers or pores which open upon its surface and carry off waste and effete matter from the system. We hear them spoken of highly by many eminent physicians and others who have tried them. Dr. Beverton, says. "Pain and ache vanish as if by magic in the bath by placing the body in a better condition to use its own resources against diseases. It is serviceable in any case." No one should fail to give these baths a trial, they may be found at 80 and 85 Wayne Street, bet. Congress and Fort.

#### R. PALMER, BAKER.

The above named gentleman has been in business about fourteen years, during which time he has earned a wide spread reputation for honesty and fair dealing, and for the excellent bread and pastry which he manufactures, while his prices are as low or lower than elsewhere. We know that some people use such language only as "blow," but we can assure the public that all representations made may be relied on. We can confidently recommend this gentleman to the public as we have been personally acquainted with him for some time and can add our testimony to that of many others that he is in every sense of the word a substantial and honest man, therefore we say give him your patronage. Remember the store 168 Michigan ave.

## A. MARXHAUSEN, DETROIT ABEND POST.

The Detroit Evening Post, (a german paper) has been considerably enlarged and its circulation greatly increased. It is extensively circulated among the Germans, consequently is a good advertising medium. All kinds of book and job printing, (english and german) is done at this establishment, with neatness and dispatch. We bespeak large patronage for this paper. Location 10 and 12 Larned street.

## G. W. SPARK'S GRAVEL ROOFING MANUFACTURER.

The above named gentleman has been in business upwards of eight years, during which time he has covered some of the most prominent houses and stores in the States, among the number are the Taylor House and Eolia Hall, Saginaw City and many blocks in Detroit and other cities too numerous to mention. The advantage of this kind of roofing over all other is clearly seen in the fact that it is *fire* as well as *water* proof, while the durability of the same is acknowledged by all who have used it, and by the most prominent architects in the city of Detroit and elsewhere, to be superior to all other, and the charges as low or lower than inferior roofing. Remember when wanting anything of the kind done, that Mr. Spark's may be found at 10 Merrill Hall and we may add that we believe him to be a thoroughly reliable gentleman, quite competent for his business.

## GEORGE B. KELLEY &amp; CO., FURRIERS, &amp;c.

We cannot pass by the well known and sterling firm of G. B. Kellek & Co., which has been established since 1859, without saying a few words. They are manufacturers and wholesale dealers in Hats, Caps, Furs, Buffalo and Fancy Robes, all of which they offer at prices which defy competition, as they believe in quick sales and small profits. The one price system being characteristic of this house. We have been personally acquainted with the senior partner for some time and can add our testimony to that of many others, that he is an honest straightforward gentleman. He being held in high estimation by all who know him. This is considered one of the most responsible firms in the city. Country buyers will find it to their advantage to purchase at this house, as their stock is large and complete, and prices satisfactory. Remember their store and manufactory are located 182 Jefferson ave.

## THE DETROIT CHAIR FACTORY.

We have a few words to say about the well known Detroit Chair Factory located on the corner Porter and Fourth streets, which occupies 100 feet front by 190 deep, being four stories high and is by far the largest establishment of the kind in the west. This factory was erected in 1864 by a joint stock company, they being the owners at the time of the well known Oswego Chair factory of New York, but their business having become so extensive they felt the necessity of building the above. J. M. Wright, Esq., who was treasurer and superintendent of both companies, died soon after the erection of the factory in Detroit in 1865. Henry Smith, Esq., is its present able treasurer and superintendent, Franklin Barber, Esq., Secretary, Luther Wright, Esq., President. The Detroit Cane seat chairs are known or ought to be by every body in the United States as they are beautiful in appearance, durable and cheap, prices ranging from \$14.50 to \$116 per dozen. They have a capacity for manufacturing 100,000 chairs annually, employing about 350 hands, and are competent to fill all orders. Dealers will do well to bear this establishment in mind, as all their chairs are put together with screws instead of nails and every one of them warranted. See their advertisement on colored page front of Directory.

## SMITH &amp; REEVE, REAL ESTATE AGENTS.

This office was established over 24 years ago by R. C. Smith Esq., (who recently associated with him Mr. Reeve,) and a perfect record of the very large business that has passed through it has been kept, consequently they have a large amount of valuable information relative to this State, and the real estate business thereof difficult to obtain elsewhere. He has accumulated in the same time a very large number of plats, maps, descriptions and estimates, showing distinctly the face of the country, villages, roads, streams, growth, kinds and qualities of timber, and all improvements. Their office is such that any person can obtain all information needed as to lands without the expense or trouble of visiting them. We are assured that this is a substantial office, where persons have the right thing done by them in every case, in proof of which see references on their advertisement page. Remember their office is 4 Butler's block, opposite Post office.

F. A. BURGER, CORSET MANUFACTURER.

The above named gentleman has been established upwards of six years and has the leading corset manufactory in the city. He also deals largely in fancy goods and all kinds of underclothing, all of which he offers at low prices. We clip the following from the November number of Godey's Lady's Book: "We are pleased to call the attention of our Northwestern friends to the admirable styles of corsets manufactured by F. Alonzo Burger, at Detroit, Mich. A recent examination of his goods convinces us that, for perfect adaptation, and beauty of finish, they are not surpassed by any made. We bespeak for Mr. Burger great success in his enterprise of supplying the West, and especially his own State, with so desirable a class of goods. Mr. Burger's improved skirt supporter is also worthy of mention here, as combining corset and shoulder brace with complete support for skirts. A most desirable article for all who do not wear the regular corset." Remember his store is 208 Woodward ave.

HEFFRON & CO.'S RESTAURANT.

This is considered one of the leading Restaurants in the city. It has been established over twelve years and the affability of the proprietors, Messrs. Heffron & Bowen, is too well known to need any comment from us, but we may say for the guidance of those in search of a first class restaurant that this is the place to go to, their charges being within the reach of all. They have two tastily fitted up rooms, where they can accommodate about eighty persons, and where meals may be had at all hours. Their regular dinner being served from 12 m. to 2½ p. m. In conclusion we can heartily recommend this establishment and its proprietors to the public. When wanting a good and cheap meal do not forget the place, corner Woodward and Jefferson avenues.

**THE SINGER MACHINES,**

*As expressed by a prominent paper East.*

*And then purchase intelligently when you are ready.*

[From the New York Dispatch, Jan. 21st, 1866.]

The public has long felt the want of a Sewing Machine which should combine in a form most suitable for the family all the superior excellencies which the "Singer" Machine confessedly possesses for the manufactory. Such a machine, after the expenditure of an immense amount of money and time, we now announce, unhesitatingly, has been produced by this Company—a Machine, which for grace and beauty of finish, great range of work, ease, rapidity, and quietness of action, simplicity of construction, great strength and durability, is destined to supercede much of the trash which is now imposed upon the public.

He has accumulated in the same time a very large quantity of Plats, Maps, Descriptions and Estimates, showing distinctly the Face of the Country, Villages, Roads, Streams, Growth, kinds and qualities of Timber, and all Improvements. Our Office is such that all can obtain information needed as to Lands, without the expense or trouble of visiting them in person.

**APPEAL TO INVALIDS.**

Have you a Cold, a Cough, Catarrhal Affection, or Bronchial Irritation, or any disease of the Throat or Lungs that admonishes you that these conditions may be the precursor of, or predisposition to, consumption? If so, come at once and be cured! lest delay or procrastination steal your chances and golden opportunities, and disease and death mark you lethargy and melancholy; or any other morbid condition, mental or physical, occasioned by these deranged and diseased pathological conditions?

Are you afflicted with Neuralgia, Paralytic or Rheumatic Affections? or any of the many ills not above enumerated, that affect and afflict humanity, either acute or chronic? If so, *Come and be Cured!* If your call is timely--before fatal lesions and disorganizations have taken place, or the vital energies of the system too much impaired to admit of recuperation--we again repeat, *We Can Cure You!* We have had long years of experience in the treatment of diseases, both acute and chronic, and possess all the facilities for successful practice, with which inventive genius, scientific research, chemical instrumentality have blessed the medical profession. *References of the most satisfactory character will be furnished all who may desire treatment. Board and Rooms will be furnished patients from a distance at reasonable rates.*

for their victims. Remember! these are the *fatal seeds*—the *obscure causes*—the *positive condition*—that are constantly *germinating, culminating* and *resulting* in the fearful harvest of 60,000 *fatal cases of Consumption* annually in this country!

Have you Liver Complaint, Dyspepsia, Dropsy, Nervous Debility or Vital Prostration?—characterized by lassitude,

New Gallery of Painting and Photography, 205 and 207 Jefferson avenue, Detroit.

After a retirement of over eight years from the Photograph Picture business in Detroit, I have purchased my old Gallery some nine months ago, and have since rebuilt and refitted it with every improvement in the art.

My artists employed in painting and photographing are strictly *first class*. Satisfaction guaranteed, and punctuality will be the order of the institution.

Every style of picture beautifully finished from the finest Ivory miniature to life size, in Ink, Water colors, Crayon, Pastelle and Oil colors. # INTERNAL REVENUE GUIDE, AND TAX PAYERS' ADVISER.

---

For the following valuable information we are indebted to a work by C. N. Emerson, Pittsfield, Massachusetts:

## *The Statutes.*

Early in the history of the war to suppress the rebellion, it was perceived by Congress that in order to meet the vast disbursements incident to such a contest, and at the same time meet the ordinary expenses of the Government, it would be necessary to introduce an "excise" or internal revenue system, as wide in its details and extensive in its operation as the magnitude of the contest. The first enactment was made on the 1st of July, 1862, followed during the same year with explanatory acts, not now requiring particular notice. On the 3d of March, 1863, another statute was enacted, somewhat amendatory, and generally increasing the rates of tax. On June 30, 1864, the system and previous enactments were thoroughly revised; the text of the law re-written; and the same has been made the basis of all subsequent amendments, the more important of which were made on July 13th and 27th, 1866, and March 2d, 1867 (1).

The law has thus been in operation more than five years; it has received extensive alterations and modifications; the decisions and rulings under it have been large in number, and most important in their bearings upon the construction of the statutes, and the administration of the system.

## *The Officers of the Law.*

1. *The Commissioner of Internal Revenue and the Deputy Commissioner.*—These officers are charged with the general administration of the system, (the latter acting as Commissioner in the absence of that officer.) The Commissioner superintends the collection of the taxes and duties, prepares instructions, regulations, forms, blanks, stamps, etc., provides cotton marks, hydrometers, stamps, dies, and renews the same, contracts for the printing of forms and decisions, etc.; and has the franking privilege. His ruling and decision is final upon all matters pertaining to the law, upon all appeals made to him by assessors or other officers. He acts under the general direction of the Secretary of the Treasury, but he is substantially the head of his own Department or Bureau, and controls this now most important branch of the revenue service. His salary is six thousand dollars, and his office has an assignment of clerks made by the Secretary of the Treasury. Upon the re-organization of the office in 1866 two additional deputy commissioners were appointed, each with a salary of three thousand dollars, one solicitor with a salary of four thousand dollars, and seven heads of divisions, to which were also assigned two hundred and twenty clerks, and with a corps of messengers and laborers (2).

It is made a part of his duty to pay over all monies daily to the United States Treasury, and to render monthly an account of all monies received and paid out, or paid to the Treasurer of the United States, and upon the settlement of these accounts by the Auditor and Comptroller to transmit a copy to the Secretary of the Treasury, to whom he at all times submits his accounts for inspection. He also gives a bond in one hundred thousand dollars for the faithful performance of his duties as prescribed.

He also has charge of all real estate which has been or shall be assigned, set off, or conveyed, by purchase or otherwise, to the United States, in payment of debts arising under the laws relating to internal revenue, and of all trusts created for the use of the United States, in payment of such debts due them; and, with the approval of the Secretary of the Treasury, may sell and dispose of, at public vendue, upon not less than twenty days' notice, lands assigned or set off to the United States in payment of such debts, or vested in them by mortgage or other security, for the payment of such debts; and in cases where real estate has already become the property of the United States by conveyance or otherwise, in payment of or as security for a debt arising under the laws relating to internal revenue, and such debt shall have been paid, together with the interest thereon, at the rate of one per centum per month, to the United States, within two years from the date of the acquisition of such real estate, it shall be lawful for the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, to release by deed, or otherwise convey, such real estate to the debtor from whom it was taken, or to his heirs or other legal representatives. As before stated, he has the general charge of internal revenue matters, and his connection with the administration of the system is seen in all its provisions.

2. *The Deputy Commissioners* are also charged with such duties in the Bureau of Internal Revenue as may be prescribed by the Secretary of the Treasury or as may be required by law, and also have the franking privilege. Their annual salary is twenty-five hundred dollars.

3. *Revenue Agents*.—The Secretary of the Treasury is authorized to appoint ten revenue agents to aid in the prevention, detection and punishment of frauds upon the internal revenue, whose compensation is not to exceed two thousand dollars each together with their expenses reasonable incurred.

### *The Assessor.*

In each of the congressional districts of the United States, or the territories and the District of Columbia, there is commissioned by the President an Assessor of Internal Revenue, whose duties are as extensive and comprehensive as the provisions of the law. These will be here stated generally, leaving to their appropriate place, the particular recital of his varied authority in connection with the administration of the system; premising that by him and his assistants is initiated the steps by which the collection of internal revenue is effected.

1. He divides his districts into convenient sub-divisions within each of which the Secretary of the Treasury appoints an assistant.

2. Before entering upon the performance of his duties, he takes the oath for the faithful execution of his office.

3. For willfully neglecting to perform his prescribed duties, or for making false assessments, for receiving fees or rewards not provided by law, or for being guilty of extortion or wilful oppression in office, he shall, upon conviction, be subject to fine of not exceeding one thousand dollars, be subject to imprisonment, be dismissed from office, and disqualified forever from holding any office under the Government.

4. His salary is fifteen hundred dollars per year payable quarterly, and commissions graded by the amount of collections in his district; the entire salary and commissions not to exceed four thousand dollars. He is allowed the reasonable sums expended for office rent, after the same have been approved by the proper officers of the Treasury. He is also allowed his necessary clerks, the allowance for which is arranged and fixed by the Secretary of the Treasury; also for stationery, blank books, postage and such printing as may have been previously approved by the Commissioner. Additional compensation in certain cases is also allowed assessors when the district is larger than the congressional district, and in certain enumerated States where the expense of living and traveling is extraordinary. For fraud in the appointment of an assistant assessor, or for accepting any gift, etc., for the settlement of any charge of violation of law, or for other official misconduct he is subjected to severe penalties.

His accounts for services, salary, commission, and other expenditures necessarily made, his bills are made out quarterly and monthly, and rendered severally to the Collector and the Department.

He supplies his assistants with blanks and stationery; he furnishes them with the decisions of the department, and superintends the performance of their labors. He hears appeals from their assessments; he summons all persons before him who

neglect or refuse to render their returns, to give testimony and answer interrogatories; he returns the lists, both annual and monthly, to the collector duly certified. His office is kept open during the business hours of each day for the hearing of appeals, etc., being bound by the instructions which he receives from Washington. He has full power to enter any distillery, brewery, factory, or other place where taxable merchandise or goods are made, produced or deposited, and to inspect the same or accounts of the same. He certifies to the reasonableness of his assistants' accounts, before they are rendered to the collector, and generally has the superintendence of the assessments and business of his district.

In case of a vacancy in his office by reason of death or other cause, the assistant of the division in which the assessor resided, shall act as assessor until the vacancy is filled.

For approving any assistant's account for a sum larger than is due, he is liable to a suit against him for excess, and a deduction from his own compensation.

Commissions, etc., are apportioned in case of a new appointment, the aggregate not to exceed the compensation of a single assessor.

No salary or commissions are paid to him without the certificate of the commissioner, that due reports have been received, or satisfactory explanation made of the cause of delay.

His official communications to assistants, collectors, etc., are sent free of postage.

He directs his assistants on the 1st of March in each year to assess the annual tax, and before the fifteenth of each month to render the monthly returns of manufacturers, etc. The annual lists are by him submitted to the inspection of any and all persons who may apply for that purpose.

He hears and determines in a summary way upon all appeals against the proceedings of assistant assessors, such appeals to be made in writing. He re-examines and determines upon assessment and valuation, and rectifies as may be just and reasonable. No assessment is increased without five day's notice. He has power upon appeals to summon and examine witnesses, and cause the production of books, and certify to the costs of the hearing.

### *The Assistant Assessors*

These officers having been duly appointed and commissioned, each by diligent inquiry and perambulation, makes himself familiar with the division to which he is assigned, and all taxable persons and products therein, and makes out his annual and monthly assessments. These he renders to the assessor, who revises them, corrects errors, makes additions when necessary, and proper modifications. He is also vested with authority to enter upon premises, and make the necessary examinations of taxable property, the books and accounts of products, and test the accuracy of the returns that are made. His compensation is five dollars per day for every day employed in the performance of his duties, and twenty-five cents for each permit to the makers of tobacco, snuff and cigars, together with his reasonable charges for stationery, blank books, and postage actually paid in official business. His bills for these items are allowed when duly certified by the assessor, and verified by oath or affirmation.

He is also allowed the franking privilege in communication to his principal.

On the failure of a person to make his return, but who consents to disclose the particulars of property, etc., liable to tax, the assistant shall make the proper list in his behalf, which being consented to, is received as the list of such person.

In case a person shall be absent from his residence or place of business when the assistant assessor calls for the annual list, and no such return has been made, said assistant leaves a notice requiring such list to be made within ten days. And if any person, on being notified or required as aforesaid, shall refuse or neglect to render such list or return within the time required as aforesaid, or if any person without notice, as aforesaid, shall not deliver a monthly or other list or return at the time required by law, or if any person shall deliver or disclose to any assessor or assistant assessor any list, statement, or return which, in the opinion of the assessor, is false or fraudulent, or contains any understatement or undervaluation, it shall be lawful for the assessor to summon such person, his agent, or other person having possession, custody, or care of books of account containing entries relating to the trade or business of such person, or any other person he may deem proper, to appear before such assessor and produce such book, at a time and place therein named, and to give testimony or answer interrogatories under oath or affirmation respecting any ob-

jects liable to tax as aforesaid, or the lists, statements, or returns thereof or any trade, business, or profession. And the assessor may summon, as aforesaid, any person residing or found within the State in which his district is situated. And when the person intended to be summoned does not reside and cannot be found within the State, the assessor may enter any collection district where such person may be found, and there make the examination hereinbefore authorized. And to this end he shall there have and may exercise all the power and authority he has or may lawfully exercise in the district for which he is commissioned. The summons authorized by this section shall in all cases be served by an assistant assessor of the district where the person to whom it is directed may be found, by an attested copy delivered to such person in hand or left at his last and usual place of abode, allowing such person at the rate of one day for each twenty-five miles he may be required to travel, computed from the place of service to the place of examination; and certificate of service signed by such assistant assessor shall be evidence of the facts it states on the hearing of an application for an attachment; and when the summons requires the production of books, it shall be sufficient if such books are described with reasonable certainty. In case any person so summoned shall neglect or refuse to obey such summons, or to give testimony, or to answer interrogatories as required, it shall be lawful for the assessor to apply to the judge of the district court or to a commissioner of the circuit court of the United States for the district within which the person so summoned resides for an attachment against such person as for a contempt.

### *The Collector and his Deputies.*

A collector is appointed in each congressional district of the United States, who must be a resident within the same. A provision is, however, made for incorporating any of the States or territories into one district, and for the appointment of additional collectors in California, not, however, to exceed the aggregate number of senators and representatives. There are, also, additional collectors commissioned in New York city and elsewhere, to meet the necessities of populous and wealthy localities.

1. Before the collector enters upon the duties of his office he executes a bond to the United States, for the faithful performance of his duties, subject to renewal and increase.

2. He appoints as many deputies as he deems proper, or revokes their appointments.

3. He may require bonds or sureties from these deputies, but he is personally responsible for their acts and for every omission of duty. In case of the sickness or temporary disability of the collector, he may devolve his official duties upon any one of these deputies, for which he is also responsible to the United States.

In case of the death or vacancy in the office of collector, the deputy longest in service shall discharge the duties of such collector until the vacancy is filled, the official bond of the latter being held for any default of the deputy. The Secretary of the Treasury may, however, designate some new deputy to act. The bond or security taken from the deputy by the collector is available to legal representatives and sureties in case of loss, etc., from the acts of such deputy.

4. The compensation of collectors is fifteen hundred dollars per year, as salary, to be paid quarterly. He is also allowed a commission of three per centum upon the first hundred thousand dollars, and a commission of one per centum upon all sums above one hundred thousand dollars and not exceeding four hundred thousand dollars, and a commission of one-half of one per centum on all sums above four hundred thousand dollars and not exceeding one million of dollars, and one-eighth of one per centum on all sums above one million of dollars, such commissions to be computed upon the amount by them respectfully collected and paid over and accounted for under the instructions of the Treasury Department. And there shall be further paid, after the account thereof has been rendered to and approved by the proper officers of the treasury, to each collector his necessary and reasonable charges for advertising, stationery, and blank books used in the performance of his official duties, and official postage after the account is properly verified. The Secretary may also make further allowances in proper cases.

5. It should also be noted, that the fiscal year is to be observed in adjusting his accounts for services, and in case of two officers in the same year the commissions are to be apportioned. All payments of salary or commissions are made upon the certificate of the commissioner that all reports, etc., required by law have been duly received, or satisfactory explanation made of the cause of the delay.

6. The collector makes triplicate receipts of all annual, monthly or special lists received from the assessors, which receipts are delivered up to the assessor for his files, and for transmission to the Commissioner and the first Comptroller of the Treasury (2).

7. Collectors failing to account for taxes due are liable to a warrant of distress issued by the solicitor of the Treasury, and a seizure and sale of the property thereupon, by the marshal of the district. The manner and effect of sale is fully set forth in the statute (3).

8. For extortion or wilful oppression in his office, or for receiving unlawful fees, or for accepting any gift for settlement of any charge of a violation of law, the collector is subject to the severe penalties of the statute (4).

9. Collectors are also authorized to enter breweries, distilleries, and other places where goods, etc., are manufactured, to inspect the same, and their books, etc., and may seize goods held by any person with intent to evade the law, and deliver the same to the United States for the district (5).

10. One of them shall be designated by the Secretary of the Treasury to have charge of all matters relating to the exportation of articles subject to tax under the internal revenue laws. Also in relation to all matters of exportation and drawback (6).

11. When collectors employ counsel in suits upon information for penalties or forfeitures, in the courts of the United States, their fees shall not be allowed in settlement of their account unless such employment was authorized by the Commissioner of Internal Revenue, either expressly or by general regulations (7).

### *Revenue Agents and Inspectors.*

These agents are appointed to aid, under the direction of the Secretary of the Treasury, in the prevention, detention, and punishment of frauds upon the internal revenue, and in the enforcement of the collection thereof (9).

Their compensation shall be such as the Secretary of the Treasury may deem just and reasonable, not exceeding, however, two thousand dollars per annum, in addition to the expenses necessarily incurred by them (10).

The inspectors are appointed in such districts as may be deemed necessary for the proper enforcement of the revenue laws, etc., the detection of frauds, and are subject to the rules and regulations of the Secretary, with all necessary powers for the performance of their duty. Their compensation is four dollars per day, and their just and proper traveling expenses (11).

For demanding or receiving unlawful fees or rewards, or for extortion or wilful oppression in office, they are subject to a fine of not exceeding one thousand dollars, and imprisonment not exceeding one year, or both, dismissal from office, and disqualification from afterwards holding any office under the United States (12).

### *Special Commissioner of Revenue.*

By the act of July 13, 1866, the Secretary of the Treasury was authorized to appoint an officer in his department, styled "The Special Commissioner of the Revenue," his office terminating July 1, 1870. His duty is to inquire into all the sources of national revenue, and the best methods of collecting the revenue; the relations of foreign trade to domestic industry; the mutual adjustment of the systems of taxation by customs and excise, with the view of insuring the requisite revenue with the least disturbance or inconvenience to the progress of industry and the development of the resources of the country; and to inquire, from time to time, under the direction of the Secretary of the Treasury, into the manner in which officers charged with the administration and collection of the revenues perform their duties. And the said Special Commissioner of the Revenue shall from time to time report, through the Secretary of the Treasury, to Congress, either in the form of a bill or otherwise, such modifications of the rates of taxation, or of the methods of collecting the revenues, and such other facts pertaining to the trade, industry, commerce or taxation of the country, as

he may find, by actual observation of the operation of the law, to be conducive to the public interest; and, in order to enable the Special Commissioner of the Revenue to properly conduct his investigations, he is hereby empowered to examine the books, papers and accounts of any officer of the revenue, to administer oaths, examine and summon witnesses, and take testimony; and each and every such person falsely swearing or affirming shall be subject to the penalties and disabilities prescribed by law for the punishment of corrupt and wilful perjury; and all officers of the government are hereby required to extend to the said Commissioner all reasonable facilities for the collection of information pertinent to the duties of his office. And the said Special Commissioner shall be paid an annual salary of four thousand dollars, and the traveling expenses necessarily incurred while in the discharge of his duty; and all letters and documents to and from the Special Commissioner, relating to the duties and business of his office, shall be transmitted by mail free of postage.

The country has reaped inestimable advantages from the labors of the present incumbent of the office, Hon. David A. Wells, in an intelligent discrimination in the assessment of the internal revenue, on the various subjects of taxation, and philosophical and exhausting discussions of the various topics pertaining thereto.

### *The Assessment of the Taxes.*

The general machinery for the assessment of taxes has been in part detailed in stating the duties of the assessor and his assistants.

It will be perceived that the lists of assessments include the annual, the monthly and the special lists.

1. The *Annual List* includes the annual tax upon income, articles in Schedule A, and the special taxes (formerly styled "licenses") dating from May 1st in each year. The list must be completed and forwarded to the assessor on or before the last day of March, the assessor delivering the same to the collector on or before the 30th day of April. (This is the requirement; but in the large districts this is hardly accomplished, and further time is generally allowed by permission of the department, and annual taxes are entered upon some monthly list.)

2. The *Monthly Lists*, which include the taxes, ad valorem or specific (not included in the annual), which properly belong to the monthly list, all quarterly returns, and those for which no special provision is made. All these returns which can be collected by the fifteenth day of the month are put upon the monthly list, and forwarded to the assessor. The latter must deliver the same to the collector on or before the twentieth of each month.

3. *Special Lists*. These, at the discretion of the assessors, or when the tax-payer requests it (for immediate payment), shall be made out and forwarded at any period of the month. (This is the case frequently with those persons who wish to pay their special taxes at once, and procure a receipt, which authorizes them to commence business.)

It will not be forgotten that it is made the duty of all persons to declare in their returns or lists whether the sales and amounts therein contained are stated in legal tender currency, or according to the amounts in coined money. This is under a penalty for neglect or refusal. And all returns, etc., stated in coin, will be reduced by the assessor to legal tender currency.

In case there is found taxable property in a division owned by a non-resident, of which no list has been made, the assistant assessor may enter upon the premises where it is contained, and make lists of the same in the prescribed form.

A person having taxable property in another district may make a return in the district where he resides, and the assistant assessor transmits the list to such other district for examination, and if approved, it is returned, or alterations are made, and it becomes a good and sufficient return.

All the lists, whether annual, monthly or special, are to be taken with reference to the day fixed by law; and after being collected are arranged into two alphabetical lists, showing respectively residents and non-residents, and the taxes to which each person is liable. The forms are prescribed by the Commissioner, and are known as "Form 23."

It was provided by statute of March 2d, 1867, that the Commissioner may appoint one or more assistant assessors to make assessments in any part of a collection district, upon specified objects of taxation, and to him all other assistants shall report all matters thus specially designated for him to make the due assessment. When two or

more districts are embraced in one County, such special assistant may make assessments on the specified objects of taxation anywhere in the county as may be required by the Commissioner.

The assessor for each collection district shall give notice by advertisement in one newspaper published in each county within said district, and if there be none published in the district, then in a newspaper published in the collection district adjoining thereto, and shall post notices in at least four public places within each assessment district, and shall mail a copy of such notice to each postmaster in his district, to be posted in his office, stating the time and place within said collection district when and where appeals will be received and determined relative to any erroneous or excessive valuations, assessments, or enumerations by the assessor or assistant assessor returned in the annual list, and such notice shall be advertised and posted by the assessor and mailed as aforesaid at least ten days before the time appointed for hearing said appeals.

The said list shall then and there be submitted to the inspection of all persons who may apply for that purpose, and the assessor determines in a summary way, upon all appeals from his assistants.

No appeal is allowed to a party after he has been duly assessed, and the list has been sent to the collector.

All appeals shall be in writing, and shall state the ground of appeal.

The assessor may re-examine lists, and corrects the assessments as may be just and reasonable.

The assessor of each collection district shall, immediately after the expiration of time for hearing appeals concerning taxes returned in the annual list, and from time to time, as taxes become liable to be assessed, make out lists containing the sums payable according to law upon every subject of taxation for each collection district; which list shall contain the name of each person residing within the said district, or owning or having the care or superintendence of property lying within the said district, or engaged in any business or pursuit which is liable to any tax, when such person or persons are known, together with the sums payable by each; and where there is any property within any collection district liable to tax, not owned or occupied by or under the superintendence of any person resident therein, there shall be a separate list of such property, specifying the sum payable, and the names of the respective proprietors when known. And the assessor making out any such separate list shall transmit to the assessor of the district where the persons liable to pay such tax reside, or shall have their principal place of business, copies of the list of property held by person so liable to pay such tax, to the end that the taxes assessed under the provisions of this act may be paid within the collection district where the persons liable to pay the same reside or may have their principal place of business. And in all other cases the said assessor shall furnish to the collectors of the several collection districts, respectively, within ten days after the time of hearing appeals concerning taxes returned in the annual list, and from time to time thereafter as required, a certified copy of such list or lists for their proper collection districts. And in case it shall be ascertained that the annual list, or any other list, which may have been, or which shall hereafter be, delivered to any collector, is imperfect or incomplete in consequence of the omission of the names of any persons or parties liable to tax, or in consequence of any omission, or understatement, or undervaluation, or false or fraudulent statement contained in any return or returns made by any persons or parties liable to tax, the assessor may from time to time or at any time within fifteen months from the time of the passage of this act or from the time of the delivery of the list to the collector as aforesaid, enter on any monthly or special list the names of such persons or parties so omitted, together with the amount of tax for which they may have been or shall become liable, and also the names of the persons or parties in respect to whose returns, as aforesaid, there has been or shall be any omission, undervaluation, understatement, or false or fraudulent statement, together with the amounts for which such persons or parties may be liable over and above the amount for which they may have been, or shall be, assessed upon any return or returns made as aforesaid, and shall certify or return said list to the collector as required by law.

### *The Collection of the Taxes.*

1. Within twenty days after receiving his annual list from the assessor, the collec-

tor gives notice to all tax-payers by newspaper publications and posted notices, that the taxes have become due and payable, stating also the time when he will be ready to receive the same, which notice shall be not less than ten days from the date of the notification.

2. In case of neglect to pay the tax due the collector shall give notice personally or by mail, demanding such payment, and twenty cents for the notice, with four cents per mile, travel fee.

3. If taxes are not paid within ten days after such demand, a penalty of five per cent. is added.

4. With respect to taxes not included in the annual lists, the collector gives notice within ten days after receiving the list, or within twenty days after the expiration of the time within which the tax should have been paid.

5. Upon non-payment of these or the annual taxes, the collector may make distraint and sale of the goods and effects of the delinquent.

6. In case of distraint, it shall be the duty of the officer charged with the collection to make, or cause to be made, an account of the goods or effects distrained, a copy of which, signed by the officer making such distraint, shall be left with the owner or possessor of such goods or effects, or at his or her dwelling or usual place of business, with some person of suitable age and discretion, if any such can be found, with a note of the sum demanded, and the time and place of sale; and the said officer shall forthwith cause a notification to be published in some newspaper within the county wherein said distraint is made, if there is a newspaper published in said county, or to be publicly posted at the postoffice, if there be one within five miles, nearest to the residence of the person whose property shall be distrained, and in not less than two other public places, which notice shall specify the articles distrained, and the time and place for the sale thereof, which time shall not be less than ten nor more than twenty days from the date of such notification to the owner or possessor of the property and the publication or posting of such notice as herein provided, and the place proposed for sale shall not be more than five miles distant from the place of making such distraint. And said sale may be adjourned from time to time by said officer, if he shall think it advisable to do so, but not for a time to exceed in all thirty days. And if any person, bank, association, company, or corporation, liable to pay any tax, shall neglect or refuse to pay the same after demand, the amount shall be a lien in favor of the United States from the time it was due until paid, with the interest, penalties, and costs that may accrue in addition thereto, upon all property and rights to property belonging to such person, bank, association, company, or corporation; and the collector, after demand, may levy, or by warrant may authorize a deputy collector to levy upon all property and rights to property belonging to such person, bank, etc., in which the lien exists, for the payment of the sum due with interest and penalty, fees and costs.

7. The effect of the certificate of sale, shall be, to transfer the interest of the delinquent in the property sold.

8. All books relating to the subject of the distraint must be exhibited on demand.

9. Goods distrained for taxes may be restored to the owner if the taxes are paid before sale; otherwise they are sold at auction, and the taxes, penalties, commissions, etc., are taken from the proceeds of such sale, and the balance returned to the person entitled to the same.

10. The following property is exempt from distraint for taxes, if belonging to the head of a family, viz: The school books and wearing apparel necessary for such family; also arms for personal use, one cow, two hogs, five sheep and the wool thereof, provided the aggregate market value of said sheep shall not exceed fifty dollars; the necessary food for such cow, hog, and sheep for a period of not exceeding thirty days; fuel to an amount not greater in value than twenty-five dollars; provisions to an amount not greater than fifty dollars; household furniture kept for use to an amount not greater than three hundred dollars; and the books, tools, or implements of a trade or profession to an amount not greater than one hundred dollars shall also be exempt; and the officer making the distraint shall summon three disinterested householders of the vicinity, who shall appraise and set apart to the owner the amount of property herein declared to be exempt.

11. In case any tax is not duly paid when payable, the collector shall make proper demand, and if not paid within ten days after the demand, distraint shall be made as aforesaid and five per cent. shall be added as a penalty, with an interest at the rate of

one per cent. a month from the time when the same became due, excluding portions of a month.

12. In case when property is indivisible, the whole may be sold, and the surplus, after satisfying the taxes, penalties and costs and charges, shall be paid to the person entitled to the same, or if he cannot be found, deposited in the treasury.

13. If the amount bid for the property is not equal to the amount of tax, etc., the property may be bid in for the United States, and subsequently sold by the collector, under regulations prescribed by the Commissioner.

14. When goods and chattels are not found sufficient to satisfy the taxes, real estate may be seized and sold after due notice and advertisement of time and place of sale. The manner of such seizure and sale is specifically set forth in § 30 of law of 1864, and may be referred to. A certificate of the sale is given to the purchaser, to be surrendered and deed given, (if the property is not redeemed) in accordance with State laws.

The owner may redeem before the sale, upon satisfaction of the taxes due and costs and fees.

15. The collector may seize and sell other land in any other district of the State.

16. In all sales by the collector of lands, full record of such sales shall be made duly certified, and in case of the death or removal of the collector, the record shall be delivered to his successor, and be evidence in any court. Record shall also be duly made of the redemption of such land.

17. Other property may be seized and sold by the collector when the tax is not satisfied.

18. If a collector shall find in his district property charged with a specific tax which is not paid, such property not being owned by a person resident, or having a place of business in the United States, it may be seized, distrained and sold in the same manner as other distrained property.

19. A collector may transmit lists to another district, where a person liable to tax, resides, or where he has property, for the purpose of having the taxes due collected. The collector in such other district shall proceed to collect the tax, and transmit a receipt for the same to the officer sending the same to him.

20. At the end of every month collectors shall transmit a statement of their collections to the Commissioner, and pay over monthly or as often as may be required, the monies collected. And the same shall be deposited for safe keeping in certain designated depositories, under specific regulation.

21. Each collector is charged with the amount of all lists delivered to him—with the par value of all stamps deposited with him—for all passports, penalties, forfeitures, fees or costs. He shall also be credited with all stamps returned uncanceled—with the amount of all lists transmitted to other collectors—with the taxes of persons absconded or insolvent and all other uncollectable taxes, due diligence having been used. He is also credited with the amount of all property purchased by him for the United States, accounting for the proceeds of a re-sale.

22. All lists and accounts of taxes uncollected are transferred to his successor for collection.

### *The Annual Tax.*

This list includes the taxes upon incomes, the articles in schedule A, and the special taxes (formerly licenses) from May 1. It is the duty of each assistant assessor to complete his annual list, and forward it to his principal on or before the last of March, the latter forwarding it to the collector before the 30th of April.

Within twenty days after receiving the annual list from the assessor the collector must advertise in one newspaper in each county in his district, and by notices to be posted in at least four public places, and mailed to every postmaster in each county, stating the time and place within said county at which he or his deputy will attend to receive the duties, which time must not be less than ten days after the publication of said notice.

At the expiration of ten days from the advertised time, it is the duty of the collector to serve demands upon all persons who have neglected to make payment. Form 9 has been prepared for this purpose, and for the issuing and service thereof the collector is entitled to a fee of twenty cents, and to four cents for each mile actually and necessarily traveled in serving the same. No travel fee can be charged when the

notice is sent by mail, and none for the distance traveled in returning, when personal service is made.

If payment is not made within ten days after the service of demand the collector will proceed to collect the duties, with the penalty of five per centum, interest at the rate of one per cent. per month, and the proper costs and expenses by distraint. No interest is required for a fraction of a month.

The following taxes, dating from said 1st of May are paid by all persons possessing the same, and the tax is a lien upon such articles until paid.

### *The Income Tax.*

The provisions of the income tax upon individuals, and the tax due annually from banks, insurance companies, etc., upon the dividends declared by them, are so important and are so succinctly set forth in the language of the statute, that it is deemed best to set them forth in full. They are as follows:

#### *Income.*

There shall be levied, collected, and paid annually upon the gains, profits, and income of every person residing in the United States or of any citizen of the United States residing abroad, whether derived from any kind of property, rents, interest, dividends, or salaries, or from any profession, trade, employment, or vocation, carried on in the United States or elsewhere, or from any other source whatever, a tax of five per centum on the amount so derived over one thousand dollars, and a like tax shall be levied, collected, and paid annually upon the gains, profits, and income of every business, trade, or profession carried on in the United States by persons residing without the United States, and not citizens thereof. And the tax herein provided for shall be assessed, collected and paid upon the gains, profits, and income for the year ending the thirty-first day of December next preceeding the time for levying, collecting and paying said tax.

That, in estimating the gains, profits, and income of any person, there shall be included all income derived from interest upon notes, bonds, and other securities of the United States, profits realized within the year from sales of real estate purchased within the year or within two years previous to the year for which income is estimated, interest received or accrued upon all notes, bonds and mortgages, or other forms of indebtedness bearing interest, whether paid or not, if good and collectable, less the interest which has become due from said person during the year; the amount of all premium on gold and coupons; the amount of sales of live stock, sugar, wool

And in addition to one thousand dollars exempt from income tax as hereinbefore provided, all national, state, county, and municipal taxes paid within the year, shall be deducted from the gains, profits, or income of the person, who has actually paid the same, whether such person be owner, tenant or mortgager ; losses actually sustained during the year arising from fires, shipwreck, or incurred in trade, and debts ascertained to be worthless, but excluding all estimated depreciation of values and losses within the year on sales of real estate purchased two years previous to the year for which income is estimated ; the amount actually paid for labor or interest by any person who rents lands or hires labor to cultivate land, or who conducts any other business from which income is actually derived ; the amount actually paid by any person for rent of the house or premises occupied as a residence for himself or his family ; the amount paid out for usual or ordinary repairs: *Provided*, That no deduction shall be made for any amount paid out for new buildings, permanent improvements, or betterment, made to increase the value of any property or estate: *And provided further*, That only one deduction of one thousand dollars shall be made from the aggregate income of all the members of any family composed of one or both parents, and one or more minor children, or husband and wife ; that guardians shall be allowed to make such deduction in favor of each ward, except that in case where two or more wards are comprised in the family, and have joint property interest, only one deduction shall be made in their favor: *And provided further*, That in case where the salary or other compensation paid to any person in the employment or service of the United States shall not exceed the rate of one thousand dollars per annum, or shall be by fees, or uncertain or irregular in the amount or in the time during which the same shall have accrued or been earned, such salary or other compensation shall be included in estimating the annual gains, profits, or income of the person to whom the same shall have been paid.

That it shall be the duty of all persons of lawful age to make and render a list or return, on or before the day prescribed by law, in such form and manner as may be prescribed by the Commissioner of Internal Revenue, to the assistant assessor of the district in which they reside, of the amount of their income, gains, and profits, as aforesaid ; and all guardians and trustees, executors and administrators, or any person acting in any other fiduciary capacity, shall make and render a list or return, as aforesaid, to the assistant assessor of the district in which such person acting in a fiduciary capacity resides, of the amount of income, gains, and profits of any minor or person for whom they act ; and the assistant assessor shall require every list or return to be verified by the oath or affirmation of the party rendering it, and may increase the amount of any list or return, if he has reason to believe that the same is understated ; and in case any such person shall neglect or refuse to make and render such list or return, or shall render a false or fraudulent list or return, it shall be the duty of the assessor or the assistant assessor to make such list, according to the best information he can obtain, by the examination of such person, or his books or accounts, or any other evidence, and to add fifty per centum as a penalty to the amount of the tax due on such list, in all cases of wilful neglect or refusal to make and render a list or return, and, in all cases of a false or fraudulent list or return having been rendered, to add one hundred per centum, as a penalty, to the amount of tax ascertained to be due, the tax and the additions thereto as a penalty to be assessed and collected in the manner provided for in other cases of wilful neglect or refusal to render a list or return, or of rendering a false and fraudulent return: *Provided*, That any party, in his or her own behalf, or as such fiduciary, shall be permitted to declare, under oath or affirmation, the form and manner of which shall be prescribed by the Commissioner

of Internal Revenue, that he or she, or his or her ward or beneficiary, was not possessed of an income of one thousand dollars, liable to be assessed according to the provisions of this act; or may declare that he or she has been assessed and paid an income tax elsewhere in the same year, under authority of the United States, upon his or her income, gains and profits, as prescribed by law; and if the assistant assessor shall be satisfied of the truth of the declaration, shall thereupon be exempt from income tax in the said district; or if the list or return of any party shall have been increased by the assistant assessor, such party may exhibit his books and accounts, and be permitted to prove and declare, under oath or affirmation, the amount of income liable to be assessed; but such oaths and evidence shall not be considered as conclusive of the facts, and no deductions claimed in such cases shall be made or allowed until approved by the assistant assessor. Any person feeling aggrieved by the decision of the assistant assessor, in such cases, may appeal to the assessor of the district, and his decision thereon, unless reversed by the Commissioner of Internal Revenue, shall be final, and the form, time, and manner of proceedings shall be subject to rules and regulations to be prescribed by the Commissioner of Internal Revenue: *Provided further*, That no penalty shall be assessed upon any person for such neglect or refusal, or for making or rendering a false or fraudulent return, except after reasonable notice of the time and place of hearing, to be regulated by the Commissioner of Internal Revenue, so as to give the person charged an opportunity to be heard.

That the taxes on incomes herein imposed shall be levied on the first day of March, and be due and payable on or before the thirtieth day of April, in each year, until and including the year eighteen hundred and seventy, and no longer; and to any sum or sums annually due and unpaid after the thirtieth of April, as aforesaid, and for ten days after notice and demand thereof by the collector, there shall be levied, in addition thereto, the sum of five per centum on the amount of taxes unpaid, and interest at the rate of one per centum per month upon said tax from the time the same became due, as a penalty, except from the estates of deceased, insane or insolvent persons: *Provided*, That the tax on incomes for the year eighteen hundred and sixty-six shall be levied on the day this act takes effect.

That there shall be levied and collected a tax of five per centum on all dividends in scrip or money thereafter declared due, wherever and whenever the same shall be payable to stock-holders, policy-holders, or depositors or parties whatsoever, including non-residents, whether citizens or aliens, as part of the earnings, income or gains of any bank, trust company, savings institution, and of any fire, marine, life, inland insurance company, either stock or mutual, under whatever name or style known or called, in the United States or territories, whether specially incorporated or existing under general laws, and on all undistributed sums, or sums made or added during the year to their surplus or contingent funds; and said banks, trust companies, savings institutions, and insurance companies shall pay the said tax, and are hereby authorized to deduct and withhold from all payments made on account of any dividends or sums of money that may be due and payable, as aforesaid, the said tax of five per centum. And a list or return shall be made and rendered to the assessor or assistant assessor on or before the tenth day of the month following that in which any dividends or sums of money become due or payable as aforesaid; and said list or return shall contain a true and faithful account of the amount of taxes as aforesaid; and there shall be annexed thereto a declaration of the president, cashier or treasurer of the bank, trust company, savings institution, or insurance company, under oath or affirmation, in form and manner as may be prescribed by the Commissioner of Internal Revenue, that the same contains a true and faithful account of the taxes as aforesaid. And for any default in the making or rendering of such list or return, with such declaration annexed, the bank, trust company, savings institution, or insurance company making such default shall forfeit as a penalty the sum of one thousand dollars; and in case of any default in making or rendering said list or return, or of any default in the payment of the tax as required, or any part thereof, the assessment and collection of the tax and penalty shall be in accordance with the general provisions of law in other cases of neglect and refusal: *Provided*, That the tax upon the dividends of life insurance companies shall not be deemed due until such dividends are payable; nor shall the portion of premiums returned by mutual life insurance companies to their policy-holders, nor the annual or semi-annual interest allowed or paid to the depositors in savings banks or savings institutions, be considered as dividends.

That any bank legally authorized to issue notes as circulation, which shall neglect

or omit to make dividends or additions to its surplus or contingent fund as often as once in six months, shall make a list or return in duplicate, under oath or affirmation of the president or cashier, to the assessor or assistant assessor of the district in which it is located, on the first day of January and July in each year, or within thirty days thereafter, of the amount of profits which have accrued or been earned and received by said bank during the six months next preceding said first days of January and July; and shall present one of said lists or returns, and pay to the collector of the district a duty of five per centum on such profits; and in case of default to make such list or return and payment within the thirty days, as aforesaid, shall be subject to the provisions of the foregoing section of this act: *Provided*, That when any dividend is made which includes any part of the surplus or contingent fund of any bank, trust company, savings institution, insurance or railroad company, which has been assessed and the duty paid thereon, the amount of duty so paid on that portion of the surplus or contingent fund may be deducted from the duty on such dividend.

That any railroad, canal, turnpike, canal navigation, or slackwater company indebted for any money for which bonds or other evidence of indebtedness have been issued, payable in one or more years after date, upon which interest is stipulated to be paid, or coupons representing the interest, or any such company that may have declared any dividend in scrip or money due or payable to its stockholders, including non-residents, whether citizens or aliens, as part of the earnings, profits, income, or gains of such company, and all profits of such company carried to the account of any fund, or used for construction, shall be subject to and pay a tax or five per centum on the amount of all such interest, or coupons, dividends, or profits, whenever and wherever the same shall be payable, and to whatsoever party or person the same may be payable, including non-residents, whether citizens or aliens; and said companies are hereby authorized to deduct and withhold from all payments on account of any interest, or coupons and dividends, due and payable as aforesaid, the tax of five per centum; and the payment of the amount of said tax so deducted from the interest or coupons, or dividends, and certified by the president or treasurer of said company, shall discharge said company from that amount of the dividend or interest, or coupon on the bonds or other evidences of their indebtedness so held by any person or party whatever, except where said companies may have contracted otherwise. And a list or return shall be made and rendered to the assessor or assistant assessor on or before the tenth day of the month following that in which said interest, coupons or dividends become due and payable, and as often as every six months; and said list or return shall contain a true and faithful account of the amount of tax, and there shall be annexed thereto a declaration of the president or treasurer of the company under oath or affirmation in form and manner as may be prescribed by the Commissioner of Internal Revenue, that the same contains a true and faithful account of said tax. And for any default in making or rendering such list or return, with the declaration annexed, or of the payment of the tax as aforesaid, the company making such default shall forfeit as a penalty the sum of one thousand dollars; and in case or any default in making or rendering said list or return, or of the payment of the tax or any part thereof, as aforesaid, the assessment and collection of the tax and penalty shall be made according to the provisions of law in other cases of neglect or refusal: *Provided*, That whenever any of the companies mentioned in this section shall be unable to pay the interest on their indebtedness, and shall in fact fail to pay such interest, that in such cases the tax levied by this section shall not be paid to the United States until said company resume the payment of interest on their indebtedness.

That there shall be levied, collected, and paid on all salaries of officers, or payment of services to persons in the civil, military, naval or other employment or services of the United States, including senators and representatives and delegates in Congress, when exceeding the rate of one thousand dollars per annum, a tax of five per centum on the excess above the said one thousand dollars; and it shall be the duty of all paymasters and all disbursing officers, under the government of the United States, or persons in the employ thereof, when making any payment to any officers or persons as aforesaid, whose compensation is determined by a fixed salary, or upon settling or adjusting the accounts of such officers or persons, to deduct and withhold the aforesaid tax of five per centum; and the pay-roll, receipts, or account of officers or persons paying such tax as aforesaid shall be made to exhibit the fact of such payment. And it shall be the duty of the accounting officers of the Treasury Department, when auditing the accounts of any officer withholding his salary from moneys received by

him, or when settling or adjusting the accounts of any such officer, to require evidence that the taxes mentioned in this section have been deducted and paid over to the Treasurer of the United States, or other officer authorized to receive the same: *Provided*, That payments of prize money shall be regarded as income from salaries, and the tax thereon shall be adjusted and collected in like manner: *Provided further*, That this section shall not apply to payment made to mechanics or laborers employed upon public works: *And provided further*, That in case it should become necessary for showing the true receipts of the government under the operations of this section upon the books of the Treasury Department, the requisite amount may be carried upon from unappropriated moneys in the treasury to the credit of said account; and this section shall take effect upon salary and compensation for the month of March, eighteen hundred and sixty-seven.

The law provides that the portion of the premium returned by mutual life insurance companies to their policy holders shall not be considered as dividends unless the company pays to the policy holders more than the premium received from him.

Where any mutual life insurance company has a capital stock and the profits of the company are divided between the stockholders and the policy-holders, the amount paid to the policy-holders is exempt from tax under §120, provided it falls within the rule above stated.

To these provisions are added the instructions issued from the department, with such other rulings and decisions more especially practical and important.

1. The farmer's profits from sales of live stock are to be found by deducting from the gross receipts for animals sold, the purchase money paid for the same.

2. No deduction can be made by the farmer for the value of services rendered by his minor children, whether he actually pays for such services or not. If his adult children work for him and receive compensation for their labor, they are to be regarded as other hired laborers in determining his income.

3. Money paid for labor, except such as is used or employed in domestic service, or in the production of articles consumed in the family of the producer, may be deducted.

4. No deduction can be allowed in any case for the cost of unproductive labor. If house servants are employed a portion of the time in productive labor, such as the making of butter and cheese *for sale*, a proportionate amount of the wages paid them may be deducted.

5. Expenses for ditching and clearing new land, are plainly expenses for permanent improvements, and not deductible.

6. The whole amount expended for fertilizers applied during the year to the farmer's lands may be deducted, but no deduction is allowed for fertilizers produced on the farm. The cost of seed purchased for sowing or planting may be deducted.

7. Farmers will not be required to make return of produce consumed in their own immediate families.

8. If a person sells timber standing, the profits are to be ascertained by estimating the value of the land after the removal of the timber, and adding thereto the amount received for the timber, and from the sum thus obtained, deducting the estimated value of the land, on the first day of January, 1862, or on the day of purchase, if purchased since that date.

9. A farmer should make return of all his produce *sold* within the year; but a mere executory contract for a sale is not a sale,—delivery, either actual or constructive, is essential. The criterion by which to judge whether a sale is complete or not is to determine whether the vendor still retains in that character a right over the property—if the property were lost or destroyed, upon which of the parties, in the absence of any other relation between them than that of vendor and vendee, would the loss fall.

10. Tax-payers frequently claim deductions for losses from depreciation in the value of stock or other property of a like nature. No deduction can in any case be allowed for depreciation of value of such property until it is actually disposed of and a "loss realized."

11. Costs of suits and other legal proceedings, arising from ordinary business, are to be treated as other expenses of such business, and may be deducted from the gross profits thereof.

12. Where physicians are obliged to keep a horse for the transaction of business, they may deduct so much of the expense so incurred as is fairly referable to the business done.

13. Expenses for medical attendance, store-bills, etc., are not proper subjects for deduction. Expenses for repairs of implements, tools, etc., used in business, may be deducted.

14. If the members of a family have separate incomes, the returns may be made separately by the proper parties, and a ratable proportion of the \$1000 exempted from the income of each. The parent, as the natural guardian of the minor child, is required to make a return for him. But where any other guardian or trustee has been appointed, the return should be made by the latter. If the minor has no guardian or trustee, he should make return himself. If he refuse or neglect, an independent assessment must be made as in other cases, omitting penalty.

15. For the purpose of the exemption of \$1,000, husband and wife are to be regarded as members of the same family, though living separate, unless separated by divorce or other operation of the law so as to break up the family relation. Minor children and their parents should be counted members of the same family, whether living together or not.

16. If a tax-payer has a minor child in the service of the government, receiving a salary, such parent should include in his income return so much of the salary of his child as is not subject to salary tax.

17. Rent of a homestead actually paid may be deducted, but the rental value of property owned by the tax-payer is not subject to a deduction; but where the tax-payer rents a furnished house, that portion of the rent paid in consideration of the use of the furniture should not be allowed as a deduction.

Any person claiming a deduction on account of expense for room rent, must satisfy the assessor that the room or rooms occupied by him constitute his home, and that he has no residence elsewhere, and this being shown, he may be allowed to deduct what he actually pays for rent of such rooms, but nothing can be allowed for rent of furniture or care of rooms. When rent is included and deducted as an expense of business, it must not be again deducted as rent, nor should a person hiring a house, and sub-letting a portion of it, be allowed to deduct more than the excess of his payments over his receipts.

18. Marriage fees, gifts from members of a congregation to their pastor, etc., are taxable as income, when the gifts or donations are in the nature of compensation for services rendered, whether in accordance with an understanding to that effect at the time of settlement, or with an annual custom.

19. Gifts of money, when clearly not in the nature of payment for services rendered, or other valuable consideration, are not liable to taxation as income. Amounts received on life insurance policies, and damages recovered in actions of tort are exempt from income tax.

20. Lawyers and physicians may return either the actual fees received during the year, without regard to the time when they accrued, or the amounts due to the business of the year. But when the tax-payer has heretofore adopted one method, he cannot now be allowed to make use of the other.

21. If the manufacturer or dealer has been in the practice of estimating his annual profits by taking inventories of stock, he should take the *cost* value of such stock, unless he has taken the market value in making previous returns. Whichever method has been adopted by the tax-payer should be adhered to uniformly.

22. If interest accrued during the year on notes, bonds, etc., is good and collectible at the end of the year, it should be returned as income, whether actually collected or not.

23. The fact that income is devoted to the payment of debts does not release the same from liability to income tax.

24. If an inventor sell his invention at once for a gross sum, he should return as income the whole amount, less the expenses actually incurred in perfecting the invention, or in procuring a patent right. But no allowance can be made for the labor or personal expenses of the inventor. If he sell only a portion of his right during the year, he may deduct a proportionate amount of such expense.

25. Wherever the salary or pay received by any person in government employ does not exceed the rate of \$1000 per annum, or is made up of fees, or is uncertain or irregular in the amount or time, and has not therefore been subjected to salary tax, it should be included with other taxable income. Where such salary exceeds the rate of \$1000 per annum, the amount of salary from which the tax has been deducted may be deducted from the gross income.

26. Incomes of persons who died after December 31st are taxable, and should be

returned by executors or administrators, and also all income which accrued in 1866, to persons who died within that year. Income which accrued from the estates of such persons in 1866, after the date of decease, should be returned by the heirs or other persons who received the benefit of the same.

27. Residents should make return in the district where they reside at the time of making return. The residence required under section 116, for the purpose of taxing income, is held to be a residence during the year for which income is "derived." If any person subject to income tax resides abroad, his return should be made in the district where he last resided.

28. Citizens of the United States residing abroad are subject to tax upon their entire incomes, from all sources whatever; and the same is true of foreigners residing in this country.

29. The law provides that a like tax shall be levied, collected and paid upon the gains, profits and income of every business, trade or profession carried on in the United States by persons residing without the United States, and not citizens thereof.

30. A lease for years or for life is personal estate, and any profits on the sale of such a lease are taxable as income for the year of sale.

31. Where any portion of a legacy has been transferred by the executor to the legatee, so that the executor in his capacity of guardian or trustee has no longer any control of the profits arising from such legacy, the return of such profits as income must be required of the legatee.

32. The payment of legacy or succession tax on the bequest of an annuity does not relieve the annuitant from liability to income tax on his annuity.

33. Assessors should be careful not to allow the deduction of amounts claimed to have been lost in business, when in reality they should be regarded as investments or expenditures: as when merchants expend money in farming or gardening for recreation or adornment, rather than pecuniary profit.

34. Whenever scrip dividends are returnable as income they should be returned at their market value.

35. It is believed that in many instances, in the assessment of income for former years, persons holding United States securities have not included the accruing interest in their return of income. Assessors should inquire especially into this subject, and if the omission has been made, the deficiency should be assessed, but without penalty when it appears to have been due to a misapprehension of the law.

36. The attention of assessors is particularly called to the terms of the act in force which require to be included in returns of income the share of any person of the gains and profits of all companies, whether incorporated or partnership, who would be entitled to the same if divided, whether divided or otherwise.

The amount received by a farmer from the sale of farm products, including cotton, should be returned for the year in which sold, regardless of the year when raised.

The expense of carrying on a farm or plantation may be deducted from the income of the year when paid, and for the income of that year only.

The amount paid for Internal Revenue stamps are to be deducted from income returns as general business expenses.

A gift or testimonial of money for services or faithfulness may be deducted from income returns, but not if in any sense considered as compensation.

The expense of replacing an old or deficient furnace or heating apparatus with a new or better one cannot be deducted from income as "usual and ordinary repairs."

Loss occasioned by accommodation endorsements, or voluntary liabilities incurred for another cannot be deducted from income.

Loss sustained as a stockholder in a corporation cannot be deducted from personal income, it being a loss of capital.

The undivided earnings of a corporation are taxable as income of stockholders, even if applied to pay back debts of the corporation.

Losses from fixed investments, such as banks, manufacturing, gold, oil, and coal stocks are not to be deducted from income returns.

### *Manufacturers.*

#### GENERAL PROVISIONS.

1. All persons, partnerships, companies, etc., before commencing or continuing any manufacture liable to tax under the law, shall furnish to the assistant assessor a

sworn statement as to the place where the manufacture is to be carried on, the articles manufactured, and the proposed market of the same, with a general description of the kind and quality of the proposed manufacture.

2. Within ten days after the first of any month, he shall make sworn returns of the products and sales of such manufacture.

3. The prescribed duty shall be paid within ten days from the 20th of each month, or in case of neglect, his real and personal property may be levied upon: the tax to be a lien in favor of the government.

4. In case of goods made on commission, or when another party furnishes the article to be manufactured, the person paying the tax has a lien on the goods, for the amount so paid.

5. For neglect or refusal to pay the prescribed tax, the goods undisposed of, are forfeited to the United States, and sold for its benefit. The collector in pursuing this remedy takes possession of the goods, summons the party interested before the assessor, and if before the hearing the summons in this behalf shall have been adjudged sufficient by the assessor, and the tax is not paid, the goods, etc., are declared forfeit, and are sold and turned over by the collector to the government, and the proceeds after deducting the taxes due, and all expenses, are paid to the owner, or if he cannot be found, to the manufacturer from whose custody they were taken. The Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may review the whole proceedings; and if the forfeiture has been wrongly declared, idemnity is made from the treasury to the party aggrieved. Immediate notice of all seizures must be made to the Commissioner.

6. Failure to comply with the requirement as to notice the monthly returns, is a good cause for forfeiture, the taxes due to be first ascertained.

7. Perishable articles adjudged to be such by the collector, may be sold at once.

8. In case the manufacturer fails to comply with the required regulations, the assistant assessor, upon such information as he may have, assumes and estimates the amount and value of the goods; and upon the assumed amount assesses the tax and adds fifty per cent. thereto. Failure to comply with the requirements of the law in this behalf, shall also be visited by a fine of five hundred dollars.

9. Any person, firm, company or corporation, manufacturing or producing goods, wares and merchandise, sold or removed for consumption or use, upon which taxes are imposed by law, shall, in their return of the value and quantity, render an account of the full amount of actual sales made by the manufacturer, producer, or agent thereof, and shall state whether any part, and if so, what part, of said goods, wares and merchandise, has been consumed or used by the owner, owners or agent, or used for the production of another manufacture or product, together with the market value of the same at the time of such use or consumption; whether such goods, wares and merchandise were shipped to a foreign port or consigned to auction or commission merchants, other than agents, for sale; and shall make a return according to the value at the place of shipment, when shipped for a foreign port, or according to the value at the place of manufacture or production, when removed for use or consumption, or consigned to others than agents of the manufacturer or producer. The value and quantity of the goods, wares and merchandise required to be stated as aforesaid shall be estimated by the actual sales made by the manufacturer or by his agent. And where such goods, wares and merchandise have been removed for consumption or for delivery to others, or placed on shipboard, or are no longer within the custody or control of the manufacturer or his agent, not being in his factory store or warehouse, the value shall be estimated at the average of the market value of the like goods, wares and merchandise at the time when the same became liable to tax.

10. Manufactures, when the product does not exceed one thousand dollars per year, and is the production of a firm or family of persons manufacturing, are exempt from tax. When it exceeds one thousand dollars and does not exceed three thousand dollars, the tax is levied on the excess above one thousand dollars. This provision does not apply to refined petroleum, refined coal oil, cotton, gold and silver, spirituous and malt liquors, manufactured tobacco, snuff and cigars.

11. When a manufacturer uses or consumes articles, which, if removed for sale, etc., would be taxable, he is assessed for the same as if used or sold by others.

### *Distilled Spirits.*

1. A distiller is deemed to be every firm, person or corporation, who distills or

manufactures spirit or alcohol, or who brews or makes mash, wort or wash for distillation or the production of spirit: and the possession of these materials or of the stills, etc., is presumptive evidence of the business being carried on: and a "rectifier" is deemed to be any one who rectifies, purifies or refines distilled spirits or wines, or who mixes or compounds any liquors under the name of whiskey, brandy, gin, rum, wine, "spirits," or wine bitters.

2. The penalty for distilling or rectifying without having paid the special tax, is not less than double the tax imposed upon the spirits distilled, or double the special tax due for the spirits rectified or found upon the premises, and to imprisonment for a term not exceeding two years, and forfeiture to the United States of the liquors distilled or rectified found upon the premises, and of the stills, materials and vessels used thereon.

3. Notice shall be given of the names and places of business or residence of persons by whom business is to be carried on: also in case of a distillery the capacity of the stills, etc.: and if the property is leased, the terms of the lease: also notice of all changes in the ownership or otherwise, of the business. Bonds are also to be given, conditioned that the requirements of the law shall be complied with under the penalties last provided for.

4. Distilling is forbidden where fermented liquors, vinegar or either are made, where sugar is refined, where liquors are retailed, or any other business is carried on, under penalty of forfeiture of the stills, etc., and all vessels used, and the spirit distilled, and a fine of one thousand dollars, and imprisonment not exceeding one year.

5. Notice shall be given to the collector by the manufacturer of any still, boiler or other vessel to be used for the purpose of distilling, and when the same is to be used, and no such still, etc., shall be set up without a permit from the collector, under penalty of five hundred dollars, and a forfeiture of the distilling apparatus. *Saleratus* may however be made in a distillery and the boiler for generating steam, or heating water may be located in another building.

6. Every rectifier and distiller shall enter daily in a book or books kept for the purpose, under such rules and regulations as the Commission of Internal Revenue may prescribe, the number of proof gallons of spirits purchased or received, of whom purchased and received, and the number of proof gallons sold or delivered; and every rectifier or wholesale dealer who shall neglect or refuse to keep such record shall forfeit all spirits in his possession, together with the apparatus, tools, and implements used, and be subject to a fine of five hundred dollars, or imprisonment for not less than six months nor more than one year, in the discretion of the court. And every rectifier shall mark with a stencil-plate on each package of five gallons or more of distilled or rectified spirits sold by him, his name and place of business.

7. It was provided by the act of 1866, § 27, that the owner or owners of any distillery shall provide at his or their own expense a warehouse suitable for the storage of bonded spirits, of his or their own manufacture only; or he or they may provide a secure room in a suitable building, to be used as such warehouse, but no dwelling-house shall be used for such purpose; and no door, window, or other opening shall be made or permitted in the walls thereof, leading to any other room or building used for any other purpose, or into the distillery; and after a bond has been given, as hereinafter provided, such warehouse or room, when approved by the Secretary of the Treasury, on report of the district collector, is hereby declared to be a bonded warehouse of the United States, and shall be used only for the storing of spirits manufactured by the owner, agent, or superintendent of such distillery, and shall be under the custody of the inspector as hereinafter provided; and shall be kept locked up by the proper officer in charge, at all times, except when he shall be present; and the tax on the spirits stored in such warehouse shall be paid before removal from such warehouse, unless removed in pursuance of law. And the owner or owners of such warehouse shall execute a general bond to the United State with two or more sureties, to be approved by the collector; and such bond shall be for not less than the amount of taxes on the spirits to be covered thereby, and in such form, and containing such conditions, as shall be approved by the Secretary of the Treasury, and shall be changed or renewed from time to time in regard to the amount and sureties thereof, as the collector, with the approval of the Secretary of the Treasury, may require. And by the statute, 1867, March 2, that whenever, in the judgment of the collector, there shall be a general bonded warehouse so located as to be conveniently

accessible to a distillery, and in the same collection district, the said collector shall direct all spirits which may be stored in the bonded warehouse attached to such distillery to be transferred directly to a general bonded warehouse; and all spirits thereafter produced in such distillery shall be removed to a general bonded warehouse within the time and in the manner heretofore required for the removal to the bonded warehouse attached to the distillery.

8. The general bonded warehouses for the storage of liquors distilled, are established under the regulation of the secretary, bearing date of August 29, 1867, providing for the withdrawal, transportation and exportation of the merchandise deposited therein; and for the keeping of proper account thereof, together with rules for the allowance of leakage, but it does not comport with the purpose of this Book, to give them in full. Officers of the revenue, and those otherwise interested, will give particular attention to the same.

9. By the act of 1866, an inspector was appointed for each distillery, whose duties were to take an account of all material used for the purpose of producing spirits, when put into the mash tub, or otherwise used—to inspect, gauge and prove all spirits distilled—to take charge of the bonded warehouse established for the distillery, the same to be in the joint custody of the inspector and the owner, his agent or superintendent; and when any spirits are placed in the “warehouse” to cause entry thereof to be made, the same also to be signed by the owner of the spirits, with the endorsement of the inspector by certificate, that the same had been duly inspected; such entry and certificate to be filed with the collector.

This inspector was precluded from engaging in any other business, and has for compensation five dollars per day while so engaged as inspector, to be paid by assessment upon the distiller. He was also allowed a prescribed fee for every proof gallon of distilled spirits inspected.

10. An assistant inspector might be appointed when the duties could not be performed in full by the principal inspector.

11. If any distiller allowed any distillation, etc., in the absence of the inspector, he incurs a penalty of the forfeiture of double the amount of taxes on the spirits so produced and removed, and also a fine of one thousand dollars.

12. The penalty for shipping or removing any distilled spirits or fermented liquors or wines without a proper brand, was the forfeiture of the spirits, etc., and a fine of five hundred dollars.

13. By the statute of March 3, 1867, it was provided that spirits should be inspected by a GENERAL INSPECTOR, who shall, before the spirits are removed from the distillery, duly brand the packages, and the provision, requiring the appointment of an inspector for each distillery, was repealed.

14. Every distiller shall make or cause to be made an exact entry of all the materials used in the production of spirits, the number of gallons distilled and placed in warehouses, the proof thereof, and the number of gallons sold, and the name or place of business or residence of the person to whom sold.

He also, three times a month, is to render his account to the assessor or his assistant in duplicate, under oath, of these entries. This book of entries must always be open to the inspection of the government officers. The violation of these provisions subjects the offender to a fine of five hundred dollars. For rendering a false account, the penalty is the same, or to imprisonment not less than six months.

15. The proprietor and possessor of a still or its apparatus is jointly and severally liable for the taxes due, and the tax is a lien upon the distillery, the spirits distilled, the apparatus used and the land upon which the distillery is situated.

16. The tax upon any spirits distilled and removed, not being deposited in a bonded warehouse may be assessed by the assessor or assistant assessor, but not to the exclusion of any other remedy or proceeding provided by law.

17. The tax upon all spirits is collected upon the basis of first proof, which proof shall be held and taken to be that alcoholic liquor which contains one-half its volume of alcohol of a specific gravity of seven thousand nine hundred and thirty-nine (.7939) ten thousandths at sixty degrees Fahrenheit; and the Secretary of the Treasury is also authorized to adopt, procure and prescribe for use such hydrometers, weighing and gauging instruments, meters, or other means for ascertaining the strength and quantity of spirits subject to tax, or for the prevention or detection of frauds by distillers of spirits, and to prescribe such rules and regulations as he may deem necessary to insure a uniform and correct system of inspection, weighing and

gauging of spirits subject to tax throughout the United States. And whenever the Secretary of the Treasury shall adopt and prescribe for use any meter or meters, it shall be the duty of every owner, agent or superintendent of a distillery, to make application to the collector of his district for such meter or meters, to be used in his distillery, and the same shall be furnished and attached to the distillery at the expense of the distiller, whose duty it shall be to furnish all the pipes, materials, labor and facilities necessary to complete such attachment in accordance with the regulations of the Commissioner of Internal Revenue, who is hereby further authorized to order and require such changes of or additions to distilling apparatus, connecting pipes, pumps or cisterns, or any machinery connected with or used in or on the distillery premises, or may require to be put on any of the stills, tubs, cisterns, pipes or other vessels such fastenings, locks or seals as he may deem necessary. And in all sales of spirits hereafter made, where not otherwise specially agreed, a gallon shall be taken to be a gallon of first proof, according to the foregoing standard set forth and declared for the inspection and gauging of spirits throughout the United States.

18. The distiller is required to erect cisterns for the receiving of the spirits distilled during the day of twenty-four hours, (a particular description of which is set forth in the statute;) under locks and keys provided by the Secretary of the Treasury.

19. For knowingly or fraudulently using false weights or measures in ascertaining material of distillation used, or for making false records, or destroying locks or seals upon cisterns, etc., subjects the offender to a penalty of imprisonment for the term of two years, and a fine not exceeding one thousand dollars, and for using beer, molasses or other substances for the purpose of producing spirits, before an account of the same is registered, to a penalty of one thousand dollars for each offence.

20. The distiller supplies all needed assistance for the inspection of the distillery, under a penalty for refusal or neglect of two hundred dollars for each offence.

21. The thirty-eighth section of law of 1866 gives full direction as to the mode of inspection of spirits, the marking of the same, and the returns to the collector and assessor, with a penalty for each evasion, false marking or other fraud. The inspector is also made subject to severe penalties, for neglect of his duties, or connivance with the distiller. Severe penalties are also provided for fraudulently using, purchasing or selling any casks, etc., bearing inspection marks; also for fraudulent use of inspector's brands or plates; also for the negligent or wilful leaving of these brands, etc., on the part of an inspector, where they may be fraudulently used.

22. A fine of one thousand dollars and imprisonment for not less than one, nor more than two years, is imposed upon a person who adds ingredients, etc., for the purpose of creating a fictitious proof on spirits, with forfeiture of contents of casks, etc., to the United States.

23. Spirits may be removed from bonded warehouse, owned by distiller, under the prescribed regulations, which will be carefully consulted.

24. Spirits may be removed from bonded warehouse for exportation upon giving bond, to be cancelled upon presentation of the proper certificate that the spirits have been landed, etc., or lost.

25. When a bond, under which spirits have been removed from bonded warehouse, is forfeited, the obligors therein must pay the taxes due and fifty per cent. additional, and the collector may distrain for the same. In case no property is found, the collector forwards the bond to the United States district attorney for suit, and notice is given the Commissioner of Internal Revenue.

26. For executing or signing any false or fraudulent bond, permit, etc., to evade tax on distilled spirits, for withdrawal of the spirits from warehouse or otherwise the penalty is the forfeiture of such spirits, and imprisonment of not less than one, nor more than five years, at the discretion of the court.

27. Persons owning spirits manufactured previous to the operation of the act, exceeding fifty gallons, must notify the collector to gauge the same; and upon the receipt of the notice the collector shall cause the same to be gauged and proved, and the casks to be marked. Such spirits shall not be gauged in cisterns, but only in barrels, etc. That in leech tubs shall be estimated by the inspector, and the collector forwards a copy of the return to the Commissioner. A refusal to notify the collector, is visited with a penalty of five hundred dollars.

These provisions will be thoroughly examined by those interested, as also the department instructions.

And any person, firm or corporation manufacturing tobacco, snuff, or cigars of any description without first furnishing the bond in the case herein required, shall be subject to a fine of three hundred dollars, and in addition thereto, upon conviction thereof, shall be liable to imprisonment for a term not exceeding one year, at the discretion of the court.

5- It shall be the duty of the assistant assessor of each district to keep a record, in a book or books to be provided for the purpose, to be open to the inspection of any person upon reasonable request, of the name of any and every person, firm, company or corporation who may be engaged in the manufacture of tobacco, snuff, or cigars in his district, together with the place where such manufacture is carried on and the place of residence of the person or persons engaged therein; and the assistant assessor shall enter in said record, under the name of each manufacturer, an abstract of monthly returns; and each assessor shall keep a similar record for the entire district. All cases where tobacco, snuff, or cigars, of any description, are manufactured, in whole or in part, upon commission or shares, or where the material from which any such articles are made, or are to be made, is furnished by one party and manufactured by another, or where the material is furnished or sold by one party with an understanding or contract with another that the manufactured article is to be received in payment therefor, or any part thereof, the tax imposed by law thereon may be assessed upon the party for whom the same was made, or to whom the same was delivered as aforesaid, or upon the person or party who made the same, as the assessor shall deem best for the collection of the revenue. And in case of fraud on the part of

either of said parties in respect to said manufacture, or of any collusion on their part, to defraud the revenue, the materials, etc., shall be forfeited and the articles shall be assessed at the highest rate of tax.

6. The manufacturer of cigars, snuff and tobacco, is required on the first of January in each year to make an inventory of the quantity of tobacco, etc., etc., owned by him at said date, and an account is to be kept by him of all articles purchased by him thereafter, and of the quantity manufactured, sold, consumed or removed, a copy of which is to be furnished to the assistant assessor; under a penalty of five hundred dollars, and an examination may be made, under the general provisions, if the account is deemed fraudulent.

7. The tax upon cigars, etc., accrues upon the removal from the place of manufacture.

8. A transfer may be made to a bonded warehouse upon the payment of the duty, and the regulations as to distilled spirits apply so far as applicable; no drawback being allowed.

9. All manufactured tobacco, snuff and cigars before the same are used or removed must be inspected, and each box or package stamped by the inspector, the fee for the same to be paid by the manufacturer.

10. For affixing a fraudulent stamp or inspector's mark, the penalty is not less than fifty dollars, and imprisonment not exceeding two years.

11. All cigars shall be packed in boxes or paper packages, and if sold without inspection, are forfeited.

If any other than the manufacturer parts with the possession of tobacco, snuff, or cigars, on which the duties have not been paid, with the knowledge thereof, he incurs a penalty of one hundred dollars for each offence, and the purchaser of any uninspected or unstamped cigars, etc., with the knowledge thereof incurs a penalty of fifty dollars for each offence, and for receiving these from a manufacturer who has not paid the special tax, the penalty is one thousand dollars, and a forfeiture of the articles.

15. The manufacturer of cigars, etc., must have a permit, also the maker of the cigars; and before making in any other district than his residence, he must procure the endorsement of the assistant assessor in said district, for which the assistant is entitled to a fee of ten cents.

16. The assistant keeps a record of all these permits, showing the date of the same, the name, residence and place of employment of the party named therein, and other particulars.

17. Every maker of cigars shall keep a monthly account of all cigars he makes, and for whom made, and deliver a sworn copy to the assistant assessor on the first Monday of every month. And if any person shall make any cigars without procuring such permit, or the proper endorsements thereon, or neglect to keep such account in book form, he shall be punished by a fine of five dollars for each day he shall so offend, or by imprisonment for such time as the court may order for each day's offence, not exceeding thirty days in the whole, upon any one conviction. And if any person making cigars shall fail to make the return herein required, or shall make a false return, he shall be punished by a fine not exceeding one hundred dollars, or by imprisonment not exceeding thirty days. And any person may apply to the assistant assessor or inspector of the district to have any cigars of his own manufacture counted; and on receiving a certificate of the number, for which such fee as may be prescribed by the Commissioner of Internal Revenue shall be paid by the owner thereof, may sell and deliver such cigars to any purchaser, in the presence of said assistant assessor or inspector, in bulk or unpacked, without payment of the tax. A copy of the certificate shall be retained by the assistant assessor, or by the inspector, who shall return the same to the assessor of the district. The purchaser shall pack such cigars in boxes or paper packages, and have the same inspected and marked or stamped according to the provisions of the law, and shall make a return of the same, as inspected, to the assistant assessor of the district, wherein the same was manufactured, and, unless removed to a bonded warehouse, shall pay the taxes on such cigars within fifteen days after purchasing them, to the collector of the district

wherein they were manufactured, and before the same have been removed from the store or building of such purchaser, or from his possession; and if such purchaser shall neglect for more than fifteen days to pack and have such cigars duly inspected, and to pay the taxes thereon according to law, he shall be fined not exceeding five hundred dollars, and be imprisoned not exceeding six months, at the discretion of the court, and the cigars may be seized by the collector and shall be forfeited to the United States. And if any person, firm, company or corporation shall employ or procure any person to make any cigars, who has not the permit, or the indorsement thereon required by this act, he shall be punished by a fine of ten dollars for each day he shall employ such person, or by imprisonment not exceeding ten days. And if any person shall be found making cigars without such permit, or the indorsement thereon, the collector of the district may seize any cigars, or tobacco for making cigars, which may be found in possession of such person, and the same shall be forfeited to the United States and sold; and the proceeds of such sale shall be distributed between the United States and the informer, if there be any, as provided by law.

18. Any person who shall sell, give away, or otherwise dispose of, any empty cigar box or boxes which have been stamped, without first defacing or destroying such stamps, or shall refill any cigar box without first defacing or destroying such stamp, shall on conviction of either offence be liable to a penalty of one hundred dollars or to imprisonment not exceeding sixty days, or both, in the discretion of the court, with the costs of the trial, and it shall be lawful for any cigar inspector or revenue officer to destroy any empty cigar box upon which a cigar stamp shall be found.

### *Special Taxes.*

No person or firm shall carry on certain specified trades, business or professions, until they have paid a special tax, (or as was originally styled "had taken license.") As preliminary to this special tax, the trade or business must be registered with the assistant assessor, the place where the business is to be carried on is to be stated; if a rectifier the number of barrels he purposes to rectify; if a peddler, the number of horses or mules he designs to employ or whether he designs to travel on foot; the tax is to be paid, and the proper receipt given therefor by the collector. The receipt is equivalent to the former license. It should also be stated that in case of distillers, brewers, makers of tobacco, etc., a bond must also be filed, and special notices given; for the particulars of which the reader will refer to those subjects herein.

The receipt should state the name, the place and character of the business; if by a peddler, whether a foot peddler, or traveling with horses or mules, and the number of them, and the time for which payment is made. Ordinarily these receipts are given annually on May first; but if the business, etc., is subsequently commenced, the receipt will bear date as of the first of the month in which applied for, terminating on May first following.

Auctioneers, produce brokers, commercial brokers, patent right dealers, photographers, builders, insurance agents, insurance brokers and peddlers, unlike others, are not confined to a stationary place of business.

Partners in business requires the payment of but one special tax for the partnership, with the exception of lawyers, physicians, surgeons, dentists, cattle brokers, horse dealers, peddlers, produce brokers, commercial brokers, patent right dealers, photographers, builders, insurance agents, insurance brokers and auctioneers. Each of these must pay the special tax though in partnership. No special tax is required for the storage of goods at other places than the place of business, nor for the sale of goods at the place of manufacture, and at their principal place of business, if no such goods are kept (except as samples) at the said office or place of business.

This receipt for the special tax must be produced on demand by the internal revenue officer; and if it is not produced the presumption shall be that no tax has been paid.

In case a peddler shall refuse to exhibit his receipt when demanded, his pack, wagon, horse or mule, with his goods, may be seized, and after due proceedings, may be forfeited and sold, and the proceeds after the payment of expenses, shall be paid by the collector to the United States.

The executors or administrators of a person, who has paid the special tax, may carry on the business after the death of such person, without payment of an addi-

tional tax. So with the wife or child, or other legal representatives of a person deceased. The place of business may also be changed upon a registration with the assistant assessor and collector of such new place of business.

A special tax is to be paid for each pursuit carried on, when more than one is so carried on by the same person. In cases, however, where the population of a city or town is less than six thousand persons, according to the last preceding census, one special tax shall embrace the business of land warrant brokers, claim agents and real estate agents upon paying the highest tax applicable to either.

The succinct and comprehensive language of the statute, in defining the several occupations subject to a special tax, is given, in the words of the enactment, and the author adds thereto a summary of the more important rulings and decisions upon this subject. No part of the law has become more distinct and definitely settled; and there need to be no misunderstanding in this behalf.

1. *Banks* chartered or organized under a general law, with a capital not exceeding fifty thousand dollars, and bankers using or employing a capital not exceeding the sum of fifty thousand dollars, shall pay one hundred dollars; when exceeding fifty thousand dollars, for every additional thousand dollars in excess of fifty thousand dollars, two dollars. Every incorporated or other bank, and every person, firm, or company having a place of business where credits are opened by the deposit or collection of money or currency, subject to be paid or remitted upon draft, check, or order, or where money is advanced or loaned on stocks, bonds, bullion, bills of exchange, or promissory notes, or where stocks, bonds, bullion, bills of exchange, or promissory notes are received for discount or for sale, shall be regarded as a bank or as a banker: *Provided*, That any savings bank having no capital stock, and whose business is confined to receiving deposits and loaning or investing the same for the benefit of its depositors, and which does no other business of banking, shall not be subject to this tax.

The tax upon a bank should be assessed upon its chartered capital; that of a banker, upon the amount of capital used or employed.

2. *Wholesale dealers*, whose annual sales do not exceed fifty thousand dollars, shall pay fifty dollars; and if their annual sales exceed fifty thousand dollars, for every additional thousand dollars in excess of fifty thousand dollars, they shall pay one dollar; and the amount of all sales within the year beyond fifty thousand dollars shall be returned monthly to the assistant assessor, and the tax on sales in excess of fifty thousand dollars shall be assessed by the assessors and paid monthly as other monthly taxes are assessed and paid. Every person shall be regarded as a wholesale dealer whose business it is, for himself or on commission, to sell or offer to sell any goods, wares, or merchandise of foreign or domestic production, not including wines, spirits or malt liquors, whose annual sales exceed twenty-five thousand dollars. And the payment of the special tax as a wholesale dealer shall not exempt any such person acting as a commercial broker from the payment of the special tax imposed upon commercial brokers: *Provided*, That no person paying the special tax as a wholesale dealer in liquors shall be required to pay an additional special tax on account of the sale of other goods, wares or merchandise on the same premises: *And provided further*, That in estimating the amount of sales for the purposes of this section, any sales made by or through another wholesale dealer on commission shall not be again estimated and included as sold by the party for whom the sale was made.

Selling at wholesale under this paragraph, means selling to others to sell again, without reference to the quantity sold.

Wholesale dealers may do business as confectioners and apothecaries at the same place, without additional special tax.

The fractional part of one thousand dollars cannot be assessed, but the amount is carried forward to the next month, and when it amounts to one thousand dollars it is taxed.

3. *Retail dealers* shall pay ten dollars. Every person whose business or occupation it is, to sell or offer for sale any goods, wares, or merchandise of foreign or domestic production, not including spirits, wines, ale, beer, or other malt liquors, and whose annual sales exceed one thousand dollars and do not exceed twenty-five thousand dollars, shall be regarded as a retail dealer.

Retail dealers may do business as apothecaries or confectioners at the same place for business without additional special tax.

They may sell butchers' meat without being licensed as stall-butchers.

When retailers sell more than twenty-five thousand dollars they must be re-assessed.

They must be assessed upon the basis of all sales made by them, except through wholesale dealers or Commission.

If a farmer sells his tobacco after its manufacture, he is a dealer or peddler, as the case may be.

4. *Wholesale dealers in liquors* whose annual sales do not exceed fifty thousand dollars shall pay one hundred dollars, and if exceeding fifty thousand dollars, for every additional thousand dollars in excess of fifty thousand dollars, they shall pay one dollar, and such excess shall be assessed and paid in the same manner as required of wholesale dealers. Every person who shall sell or offer for sale any distilled spirits, fermented liquors, or wines of any kind, whose annual sales, including sales of other merchandise, shall exceed twenty-five thousand dollars, shall be regarded as a wholesale dealer in liquors.

5. *Retail dealers in liquors* shall pay twenty-five dollars. Every person who shall sell or offer for sale foreign or domestic spirits, wines, ale, beer or other malt liquors, and whose annual sales, including all sales of other merchandise, do not exceed twenty-five thousand dollars, shall be regarded as a retail dealer in liquors.

A retail liquor dealer may sell liquors in quantities of not exceeding three gallons at a time, without wholesale liquor tax. (Act of March 2, 1867.)

Wholesale liquor dealers may sell liquors and other merchandise at retail, also liquor to be drunk on the premises, but all sales must be included in the basis of special tax, re-assessment, etc.

A retail dealer of liquors selling out his stock at one time is not thereby made a wholesale liquor dealer.

When a retail dealer changes his business to that of a retail liquor dealer, he should be re-assessed in the difference in the rate of tax, for a proportionate part of the year.

6. *Lottery ticket dealers* shall pay one hundred dollars. Every person, association, firm, or corporation, who shall make, sell, or offer to sell lottery tickets, or fractional parts thereof, or any token, certificate, or device representing or intending to represent a lottery ticket, or any fractional part thereof, or any policy of numbers in any lottery, or shall manage any lottery, or prepare schemes of lotteries, or superintend the drawing of any lottery, shall be deemed a lottery ticket dealer: *Provided*, That the managers of any lottery shall give bond in the sum of one thousand dollars, that the person paying such tax shall not sell any tickets or supplementary ticket of such lottery which has not been duly stamped according to law, and that he will pay the tax imposed by law upon the gross receipts of his sales.

8. *Livery stable keepers* shall pay ten dollars. Any person whose business it is to keep horses for hire, or to let, or to keep, feed, or board horses for others, shall be regarded as a livery stable keeper.

Hotel keepers may feed the horses of their guests, without paying tax as a livery stable keeper. It is otherwise if he makes it his business to keep, feed and board horses, for others than the sojourners of his house.

9. *Brokers* shall pay fifty dollars. Every person, firm or company, whose business it is to negotiate purchases or sales of stocks, bonds, exchange, bullion, coined money, bank notes, promissory notes, or other securities, for themselves or others, shall be regarded as a broker: *Provided*, That any person, having paid the special tax as a banker, shall not be required to pay the special tax as a broker.

10. *Pawnbrokers* using or employing a capital not exceeding fifty thousand dollars shall pay fifty dollars; and when using or employing a capital exceeding fifty thousand dollars, for every additional thousand dollars in excess of fifty thousand dollars, shall pay two dollars. Every person whose business or occupation it is to take or receive, by way of pledge, pawn, or exchange, any goods, wares, or merchandise, or any kind of personal property whatever, as security for the repayment of money lent thereon, shall be deemed a pawnbroker.

11. *Land-warrant brokers* shall pay twenty-five dollars. Any person shall be re-

garded as a land-warrant broker who makes a business of buying and selling land warrants, or of furnishing them to settlers or other persons.

12. *Cattle brokers*, whose annual sales do not exceed ten thousand dollars, shall pay ten dollars; and if exceeding the sum of ten thousand dollars, one dollar for each additional thousand dollars; and such excess shall be assessed and paid in the same manner as required of wholesale dealers. Any person whose business it is to buy or sell or deal in cattle, hogs, or sheep, shall be considered as a cattle broker.

13. *Produce brokers*, whose annual sales do not exceed the sum of ten thousand dollars, shall pay ten dollars. Every person other than one having paid the special tax as a commercial broker or cattle broker, or wholesale or retail dealer, or peddler, whose occupation it is to buy or sell agricultural or farm products, and whose annual sales do not exceed ten thousand dollars, shall be regarded as a produce broker.

14. *Commercial brokers* shall pay twenty dollars. Any person or firm whose business it is, as a broker, to negotiate sales or purchases of goods, wares, or merchandise, or to negotiate freights and other business for the owners of vessels, or for the shippers, or consignors, or consignees of freight carried by vessels, shall be regarded a commercial broker.

15. *Custom-house brokers* shall pay ten dollars. Every person whose occupation it is, as the agent of others, to arrange entries and other custom-house papers, transact business at any port of entry relating to the importation or exportation of goods, wares, or merchandise, shall be regarded a custom-house broker.

If a produce broker's sales exceed ten thousand dollars annually he should be treated as a commercial broker or dealer, as the case may be.

Persons traveling about the country as the agents of manufacturers or dealers, seeking orders for goods as agents of one person or firm only, and who are paid a salary, but receive no commissions are not required to pay tax as produce or commercial brokers.

If a commercial broker solicits an order, and it is filled, there is a sale by the broker which should be included in his monthly returns.

Parties who make blackberry and old catawba wine by mixing distilled spirits with blackberry wine in one instance, and catawba wine in the other are rectifiers: but the liquor itself is not subject to tax.

17. *Brewers* shall pay one hundred dollars. Every person, firm, or corporation who manufactures fermented liquors of any name or description, for sale, from malt, wholly or in part, or from any substitute therefor, shall be deemed a brewer: *Provided*, That any person, firm, or corporation, who manufacture less than five hundred barrels per year, shall pay the sum of fifty dollars.

18. *Rectifiers* who shall rectify any quantity of spirituous liquors not exceeding five hundred barrels, packages, or casks, containing not more than forty gallons to each barrel, package, or cask, shall pay twenty-five dollars; and twenty-five dollars additional for each additional five hundred such barrels, packages, or casks, or any fractional part thereof. Every person, firm, or corporation, who rectifies, purifies, or refines distilled spirits or wines by any process, or who, by mixing distilled spirits or wine with any materials, manufactures any spurious imitation, or compound liquors for sale, under the name of whisky, brandy, gin, rum, wine, "spirits," or "wine bitters," or any other name, shall be regarded as a rectifier.

20. *Keepers of hotels, inns, or taverns* shall be classified and rated according to the yearly rental, or, if not rented, according to the estimated yearly rental of the house and property intended to be so occupied, as follows, to-wit: when the rent or valuation of the yearly rental of said house and property shall be two hundred dollars, or

less, they shall pay ten dollars; and if exceeding two hundred dollars, for any additional one hundred dollars or fractional part thereof in excess of two hundred dollars, five dollars: *Provided*, That a payment of such special tax shall be construed to permit the person so keeping a hotel, inn, or tavern, to furnish the necessary food for the animals of such travelers or sojourners without the payment of an additional special tax as a livery stable keeper. Every place where food and lodging are provided for and furnished to travelers and sojourners for pay shall be regarded as a hotel, inn, or tavern: *Provided*, That keepers of hotels, taverns and eating-houses, in which liquors are sold by retail, to be drunk upon the premises, shall pay an additional tax of twenty-five dollars. The yearly rental shall be fixed and established by the assistant assessor of the proper assessment district at its proper value; but if rented, at not less than the actual rent agreed upon by the parties. All steamers and vessels, upon waters of the United States, on board of which travelers are provided with food or lodgings, shall be subject to and required to pay twenty-five dollars: *Provided*, That any person who shall make a false or fraudulent return concerning the actual rent mentioned in this paragraph shall be subject to a penalty therefor of double the amount of the tax.

The tax is based upon the rent or rental value of that portion of the premises used for hotel purposes. Usual concomitants of a hotel are barber's saloons, billiard rooms, and liquor, cigars, and news-stand. No deduction should be made from the rent or rental value of the entire premises on account of portions leased to these people. It should be other when portions are leased for ordinary stores.

The keeper of a hotel, etc., is liable if his gross receipts exceed one thousand dollars, regardless of the amount of his gross profits.

21. *Keepers of eating-houses* shall pay ten dollars. Every place where food or refreshments of any kind, not including spirits, wines, ale, beer, or other malt liquors, are provided for casual visitors and sold for consumption therein, shall be regarded as an eating-house. 24. *Patent-right dealers* shall pay ten dollars. Every person whose business it is to sell, or offer for sale, patent rights, shall be regarded as a patent-right dealer.

Persons whose business it is to sell patent rights, should pay tax as patent-right dealers, even though they sell their own inventions.

(Note the difference between a patent-right dealer, and "patent-right agent.")

25. *Real-estate agents* shall pay ten dollars. Every person whose business it is to sell or offer for sale real estate for others, or to rent houses, stores, or other buildings or real estate, or to collect rent for others, except lawyers paying a special tax as such, shall be regarded as a real estate agent.

Every person other than lawyer or claim agent, who makes it his business or part of it to draw deeds, etc., or to examine titles to real estate, or who holds himself out as ready to do the business is a "conveyancer," and must pay special tax. So with the preparation of claims against the General Government.

The exemption or non-exemption of articles produced from a specific or ad valorem tax does not affect the liability of the manufacturer to a special tax. So the manufacturer of any articles or compounds, or who puts up for sale, with his own name or trade-mark, is liable to special tax, without regard to the amount.

If a person manufactures above one thousand dollars in two or more places, he pays special tax on each.

When a manufacturer is engaged the entire year in the production of a taxable article, but his sales are, from the character of the article, or other causes, not made monthly, he is entitled to the exemption of one thousand dollars per annum, if his sales do not exceed three thousand dollars annually, though this may exceed two hundred and fifty dollars per month.

Every peddler should be able to produce a special tax receipt *in his own name*.

Peddlers of spirits, fermented liquors, or wines, may also peddle tobacco and other merchandise.

Peddlers may buy produce to sell again as peddlers, without liability as produce brokers.

"Original packages" are held to be pieces, etc., as they come from the manufacturer or importer.

We here insert the abbreviated detail of these enumerated provisions, with notes of the prominent decisions and rulings in regard to them, being the latest construction of this important section of the law.

\*The numbers which precede each item are the numbers adopted originally by the Department for the use of the revenue officers and preserved in the amendments. And the collectors shall account for all moneys received for passports in the manner hereinbefore provided, and a like amount shall be paid for every passport issued by any minister or consul of the United States, who shall account therefor to the treasury.

### *Telegraph Companies.*

Any person, firm, company, or corporation owning or possessing or having the care or management of any telegraphic line by which telegraphic dispatches or messages are received or transmitted, shall be subject to and pay a tax of three per cent. on the gross amount of all receipts of such person, firm, company, or corporation.

2. In case of refusal or neglect to make their returns for ten days, the assessor or assistant is authorized to estimate their receipts, and add ten per cent for the delinquency.

3. The books of owners or managers of these companies are subject to the inspection of the assessor or his assistant on demand.

4. Upon refusal or neglect to pay the tax, with the penalty, for ten days after the same are payable, an additional penalty of ten per cent. is imposed; and a penalty of one thousand dollars for any attempt to evade the payment imposed upon these companies.

### *Banks and Banking.*

The following taxes are paid by all banks and bankers, except national banks. (These latter, however, now constitute much the larger proportion of all banking institutions of the United States:)

1. Upon the average amount of their deposits subject to payment by check or otherwise, one-twenty-fourth of one per cent. per month.

2. Upon the capital employed beyond the average amount invested in United States bonds, a tax also of one-twenty-fourth of one per cent. per month.

3. Upon the average amount of *circulation*, including all certified checks and other obligations intended to circulate as money, not including that in the vault of the bank, or redeemed or on deposit for the bank, one-twelfth of one per cent. per month, and

an additional monthly tax of one-sixth of one per cent. upon the average amount of circulation beyond ninety per cent. of the capital of such bank.

These returns are made monthly to the assessor of the district, verified by the oath of the president or cashier in the the form presented by the Commissioner, under a penalty of two hundred dollars, besides the additional penalties and forfeitures, prescribed by law ; the proper tax on failure of due return to be estimated by the assessor or assistant assessor.

In case of banks with branches, the tax is assessed upon the circulation of each branch, and the capital of each branch properly to be allotted.

The deposits made in savings banks, or "institutions for savings," having no capital stock and doing no other business than receiving deposits to be loaned, or invested for the sole benefit of depositors, without profit to the company, are exempt from the tax, on so much of their deposits as are invested in securities of the United States, and on all deposits less than five hundred dollars made in the name of any one person.

These returns of savings banks or savings institutions are made on the first Monday of July and January in each year.

4. Every national banking association, State bank, or State banking association, shall pay a tax of ten per centum on the amount of notes of any person, State bank, or State banking association, used for circulation and paid out by them after the first day of August, eighteen hundred and sixty-six, and such tax shall be assessed and paid in such manner as shall be prescribed by the Commissioner of Internal Revenue.

5. It is also further provided that the capital of any State bank or banking association which has ceased or shall cease to exist, or which has been or shall be assumed to be the capital as it existed immediately before such bank ceased to exist or was converted as aforesaid ; and whenever the outstanding circulation of any bank, association, corporation, company or person shall be reduced to an amount not exceeding five per centum of the chartered or declared capital existing at the time the same was issued, said circulation shall be free from taxation ; and whenever any bank which has ceased to issue notes for circulation shall deposit in the treasury of the United States, in lawful money, the amount of its outstanding circulation, to be redeemed at par, under such regulations as the Secretary of the Treasury shall prescribe, it shall be exempt from any tax upon such circulation ; and whenever any State bank or banking association has been converted into a national banking association and such national banking association has assumed the liabilities of such State bank or banking association, including the redemption of its bills, by any agreement or understanding whatever with the representatives of such State bank or banking association, such national banking association shall be held to make the required return and payment on the circulation outstanding, so long as such circulation shall exceed five per centum of the capital before such conversion of such State bank or banking association.

### *Lotteries.*

Every individual partnership, firm or association, being proprietors, managers, or agents of lotteries, and all lottery dealers, pay a tax of five per cent. upon the gross receipts of the business ; the returns of which are to be made monthly and in duplicate to the assistant assessor with the amount of the duty, verified by the oath or affirmation, and in the prescribed form ; the payment of the duty to be made to the collector on or before the 20th day of each month, under penalty of one thousand dollars in case of not making the lists or returns besides the ordinary penalties provided for failure of returns ; and in case of the non-payment of the tax a penalty of one thousand dollars, and imprisonment of such proprietors, managers or agents so delinquent, not to exceed one year.

2. It is, however, provided, that the Commissioner may grant free permits to managers of certain fairs, whose proceeds are to be applied to the relief of sick or wounded soldiers, or other charitable purposes ; and they shall not be subject to any charge for special tax (license) or otherwise in respect thereof. This includes raffles or gift enterprises : nothing contained in this provision to be construed to legalize any lottery.

3. Each lottery ticket or certificate supplementary thereto shall be stamped at the

time of sale with the name of the vender and the date of sale under a penalty of fifty dollars.

4. Purchasers of lottery tickets from venders not duly licensed, may recover twice the amount paid for such tickets at any time within three years, with just and legal costs.

5. Lottery ticket dealers, and those who engage in the business without paying the special tax therefor provided, forfeit and pay one thousand dollars as penalty therefor, to be duly assessed and collected, and in addition, shall on conviction before a court of competent jurisdiction, be imprisoned for a period not exceeding one year at the discretion of the court.

6. The managers, proprietors or agents shall keep books of account of all their transactions, subject to and open to inspection of the revenue officers, subject on refusal or prohibition of such inspection to a penalty of one thousand dollars, and to imprisonment for a period not exceeding one year.

### *Advertisements.*

The former tax upon advertisements was expressly repealed by the act of March 2, 1867, and also all tax upon the gross receipts of all toll roads.

### *Legacies and Distributive Shares of Personal Property.*

These interests in personal and real estate or property by the statutes of 1862 and 1864, were made subject to the following taxes, slightly modified by amendments made subsequent to 1864. They are given in detail substantially as in the marginal digest of the official compend of the law issued from the revenue department.

1. All persons having in charge or trust, as administrators, executors, or trustees of legacies or distributive shares of personal property, when the whole amount exceeds one thousand dollars in actual value, passing after the passage of the act from any person possessed of such property by will or intestate laws, or by deed taking effect after the death of a grantor, are made subject to the following taxes:

(a) When the person beneficially interested is the lineal issue or lineal ancestor, brother or sister, one per cent.

(b) When the person or persons beneficially interested, is the descendant of a brother or sister, two per cent.

(c) When the person or persons beneficially interested is the brother or sister of the father or mother, or descendant of the same, four per cent.

(d) When the person or persons are beneficially interested is the brother or sister of grandfather or grandmother, or descendant of the same, five per cent.

(e) When the person or persons beneficially interested is of any other degree of consanguinity or a stranger in blood, six per cent.

It is also provided, that all property passing by will or otherwise to the husband or wife of the person who died possessed, is exempt from this tax; and also that legacies or shares of personal property passing to minor children to the extent of one thousand dollars shall also be exempt.

2. This tax is payable when the party interested shall be entitled to the possession thereof, or right to the beneficial interest in the profits thereof, and shall be a lien upon the property for twenty years.

3. The administrator, or other person having the estate in charge, shall give notice to the assessor or his assistant, of this liability within thirty days after he shall have assumed the trust, and pay the taxes before payment of any legacy to the collector or his deputy, and render a return to the assessor's office under oath, with schedules of the amount of the legacy or distributive shares, with full particulars of names and amount, etc.

Upon the payment of the tax due, the receipt of the collector shall be sufficient evidence for the person who makes the payment, and representing the estate, to credit therefor in the settlement of his accounts in the surrogate, orphan, or probate court, having jurisdiction.

5. In case of neglect or refusal to make the proper return, or to pay the tax due, or in case of a false return, of value or otherwise, the assessor shall make out such lists and valuation, as in other cases of neglect or refusal or fraud, and shall assess the duties thereon.

6. In case of willful neglect, the party shall be subject to a penalty of not exceeding one thousand dollars and costs of suit, and the collector shall commence appropriate proceedings to cause the property to be sold, upon the decree of the proper court.

7. The deeds of the property so sold shall vest in the purchaser of all the property of the delinquent, in the property so sold, and shall release the property from the lien created by the act.

8. All persons who shall have the custody of and paper, record, etc., which shall contain information concerning the property so passing, and so subject to tax, shall exhibit all such papers, records, etc., to any revenue officer who may desire to examine the same under a penalty five hundred dollars.

9. The recitals in such deeds of sale of this property shall be *prima facie* evidence of their truth, and that the requirements of the law have been complied with.

10. All taxes paid under these provisions shall be deducted from the particular legacy or share, on account of which the same is charged.

When distribution is made in any case without payment of the tax, not only does the executor or administrator become liable to a penalty, but the tax may be collected of the person having the actual or constructive possession of the property in respect of which the tax is due, and the collector may proceed either by restraint or suit as provided by law.

When return is made by the executor at the time when the tax become payable, demand may be made by the collector after the close of the month. When the estate is distributed before payment of the tax, the collector may serve demand as soon as the assessment reaches him. In either case the penalty of five per centum will attach upon failure to pay within ten days after demand.

When an estate is settled without the issue of letters or administration, the person who shall assume the control of the estate will be liable in all respects as administrator.

By the amendatory act of 1856, the tax upon legacies and distributive shares of personal property is made payable whenever the party interested in such legacy or distributive share shall become entitled to the possession or enjoyment thereof, or to the beneficial interest in the profits accruing therefrom. Under the former statute it was merely required that the tax should be paid before distribution, so that it was somewhat doubtful whether an assessment could be made so long as the property remained in the hands of the executor or administrator.

The act of 1866, provides that every executor or administrator, having in share any legacy or distributive share, shall give notice in writing to the assessor or assistant assessor of the district in which the deceased last resided, within thirty days after taking charge of the estate. While no specific penalty is attached to a neglect to give this notice, it can hardly be doubted that such neglect would put the executor or administrator so far in default as to authorize an assessment by the assessor as soon as the tax becomes payable.

### *Succession.*

1. A tax on succession to real estate was provided for by the act of 1864. A succession is defined in the statute to be "every past and future disposition of real estate by will, deed or laws of descent, by reason whereof any person shall become beneficially entitled, in possession or expectancy, to any real estate, or the income thereof, upon the death of any person dying after the passing of the act, shall be deemed to confer on the person entitled, by reason of any such disposition, a succession;" and the term "successor" shall denote the person so entitled, and the term "predecessor" shall denote the grantor, testator, ancestor, or other person from whom the interest of the successor has been or shall be derived.

2. Also an increase of benefit accruing upon the extinction of any estate by death, shall be a survivorship.

3. When persons take successions jointly, they pay a tax proportionate to their respective interests; and beneficial interests accruing by survivorship, shall be deemed a new succession.

4. Any disposition of real estate with reservation of benefit for any term of life, shall be deemed to confer a succession at the time of the determination of such ben-

ent, equal in annual value to the yearly value of the benefit so reserved, on the person in whose favor the disposition is made.

5. When a beneficial ownership is reserved by a secret trust, arrangements, etc., for any term of life, and capable of being enforced in equity or law, such disposition shall be deemed to confer a succession upon the person making the disposition as the predecessor.

6. A conveyance by deed of gift or otherwise without reliable and adequate consideration, shall be deemed to confer a successions

7. When a successor dies, before becoming entitled in possession, but one duty or tax shall be payable; but it shall be at the highest rate chargeable upon either succession.

8. When a succession is alienated before the successor becomes entitled in possession, the duty shall be paid at the same rate and time as if no alienation had been made or derivative title created; and when a title is accelerated by surrender of prior interest, the appropriate tax shall be paid at the time of the surrender or extinction of the prior title.

9. As in case of legacies or distributive shares, the duty shall be payable when the successor becomes entitled in possession.

10. The interest of a successor in monies to arise from sale of real estate under trust shall be deemed to be a succession, and the duty shall be paid by the trustee or executor, or other person, having control of the funds.

11. The interest of a successor in personal property subject to a trust to be converted into realty, shall be chargeable as a succession, and the tax shall be paid by the trustee or executor, or other person having control of the funds.

12. A contingent incumbrance shall not be estimated in valuing a succession, but when such incumbrance takes effect as an actual burden, a proportionate amount of the duty paid, shall be refunded.

13. If the estate of the successor is applied in whole or part, to the payment of the debts of the purchaser, the representative of the estate shall pay out of the sale thereof, for said purposes, the duties from the proceeds.

14. If the estate of the successor is defected by any person claiming title under the predecessor, such person shall be chargeable with the duties so refunded.

15. When a successor has not obtained the whole of his succession when the duty becomes payable, he shall be charged only with the value from time to time obtained by him. And whenever duty has been paid on any succession, and the Secretary of the Treasury shall subsequently be satisfied that the amount of duty was erroneously paid, the amount shall be refunded to the person so paying such duty.

16. When from the nature of the succession or a complication of circumstances affecting the value of a succession or otherwise, the Commissioner shall deem it expedient, he may compound the duty or enlarge the time of payment.

17. At the discretion of the Commissioner, upon an application of a person entitled to a succession in expectancy, he may commute a duty presumptively payable, for a certain sum to be paid at once, regard to be had to its present value, and the contingencies affecting it, interest of the money, etc.; and upon receipts of such present sum, the successor may be discharged.

18. The duty upon successions shall be a lien upon the interest of the successor for five years from the time the same was payable.

19. The Commissioner may, upon request of the successor, make separate assessments upon defined portions or tracts of land; and in such cases the respective tracts shall be chargeable with their separate duty.

20. The succession taxes are as follows:

(a) When the successor shall be the lineal issue or lineal ancestor of the predecessor, a duty at the rate of one dollar per cent. on its value.

(b) When the successor shall be a brother or sister or a descendant of a brother or sister at the rate of two dollars per cent. on its value.

(c) When the successor shall be a brother or sister of the father or mother, or a descendant of a brother or sister of the father or mother of the predecessor, at the rate of four dollars on its value.

(d) When the successor shall be a brother or sister of the grandfather or grandmother, or a descendant of the brother or sister of the grandfather or grandmother of the predecessor, a duty at the rate of five dollars per cent. on its value.

(e) When the successor is in any other degree of consanguinity or a stranger in blood, a duty at the rate of six dollars per centum on its value.

(f) No duty is levied in respect of any succession, when the successor is the wife of the predecessor (otherwise the husband.)

21. When real estate is subject to a charitable trust, under such disposition as would confer a succession if made in favor of an individual, the duty shall be at the rate of six per cent. upon the amount or principal value of such real estate.

22. Any trustee having in trust any real estate subject to tax shall give notice in writing within thirty days after he has assumed the trust, and prior to distribution, to the assessor or assistant assessor, with the names of the persons interested, under a penalty of five hundred dollars and costs.

23. Returns of tax upon successions shall be made to the assessor or assistant assessor, by the person entitled to possession within thirty days after such person is entitled to the receipt of the income or property thereof, with full particulars to enable the assessor to properly assess the taxes due; and if satisfactorily to the assessor the taxes shall be assessed. If the assessor is dissatisfied he may assess upon the best information attainable, subject to appeal.

If no appeal is taken against such assessment, at the discretion of the assessor he may assess the whole or any part of the expenses of the assessment in addition to the tax. If there is no appeal, the expenses shall be in the discretion of the Commissioner of Internal Revenue.

24. Failure to give the required notices or to render the required account willfully made, is visited with an additional assessment of ten per cent. upon the amount of tax payable. A neglect to pay the duty within ten days after being notified, makes the person liable to ten per cent. upon the amount of tax so unpaid, as penalty.

25. An appeal may be taken from the assessment of an assistant assessor to the assessor, and from the latter to the Commissioner of Internal Revenue, a statement to be furnished of the grounds of the appeal by the assessor, assistant assessor or such party, which decision of the Commissioner on such appeal shall be final.

1, §§ 127 and 132 impose a tax on all successions of real estate by deed, will, or laws of descent, whether arising from the acts of persons who died before or since the 30th of June, 1864. But by § 137 it would seem that succession cannot be taxed if any person possesses any intervening interests which prevent the legal possession or immediate right of possession. But a mere right to possess, which cannot without a suit at law debar the party from the present possession, is not, by reasons of provisions in § 131 to be regarded as an incumbrance or estate intervening between inheritance or devise and possession.

2. The executor or administrator does not return for taxation *real estate*, but return thereof is to be made by the devisee or heirs-at-law, except on cases arising under § 138 and 139, where the duty is payable by the person having control of the funds. If the estate is to be held in trust for life or term of years, the trustee returns the interest which is intrusted to him; and when that trust expires, the person who legally takes possession is to return what is *now* a remainder or reversion in expectancy.

3. In cases where real estate is devised to one person for life with remainder to another, the life tenant should be required to pay the tax upon the value of his life estate immediately upon his entering into possession; and the remainder man will be taxed upon the full value of the real estate at the termination of the life estate.

4. The same rule applies to property which was incumbered by a life estate at the passage of the act of July 30th, 1864. In this case, as in all others, the deviser should be named in the return as the "*predecessor*."

5. The value of a life interest is to be computed according to the age of beneficiary at the time when the testator died. No regard is to be paid to the state of health of a life tenant in estimating probabilities of life.

6. Succession returns should always contain a sufficiently distinct description of the several parcels of estate, to enable the assessor properly to estimate the value thereof, and also to enable any person who may examine the records in the assessor's office to determine whether the tax has been assessed upon any particular parcel.

7. Each and every described parcel must be separately valued, according to the market value, at the time the successor becomes entitled in possession.

8. All successions taxes must be assessed and paid in the collection districts in which the real estate lies. *Returns* may, however, be made in the district in which the successor lives; and when any real estate returned lies in another district, the assessor will transmit the return to the assessor of such other district.

9. The valuation of successions must always be in accordance with the judgement of the assistant assessor of the division where the estate lies, subject of course to that of the assessor.

10. In cases where several heirs succeed to an estate which for any cause remains undivided, a single return, if this course be preferred, may be made therefor by any successor in behalf of himself and the other heirs, provided that the fact be made known to and approved by the assessor.

11. Succession duties and returns are in all cases due immediately after the successor becomes entitled in possession, or to the receipt of the income of the estate.

A conveyance in consideration of marriage creates no succession.

Cigar lights and playing cards, in the hands of manufacturers and dealers, should be stamped according to the rates fixed by the law now in force. The fact that they were manufactured prior to August 1, 1866, and are stamped in accordance with the law in force at the time of manufacture, does not relieve them from payment of the increased rates by affixing additional stamps.

No stamp tax is imposed upon any un compounded medicinal drug or chemical, nor upon any medicine compounded according to the United States or other national pharmacopœia or of which the full and proper formula is published in any of the dispensatories now or hitherto in common use among physicians or apothecaries, or in any pharmaceutical journal now issued by any incorporated college of pharmacy, unless sold or offered for sale or advertised under some other name, form, or guise than that under which they are severally denominated and laid down in such pharmacopœas, dispensatories, or journals.

No stamp tax is imposed upon medicines sold to or for the use of any person, which may be mixed and compounded for said person according to the written recipe or prescription of a physician or surgeon. But all medicinal articles, whether simple or compounded by any rule, authority, formula, published or unpublished, which are put up in a style or manner similar to that of patent or proprietary medicines in general, or advertised in newspapers or by public handbills, for popular sale and use, as having any special proprietary claim to merit, or to any peculiar advantage in mode of preparation, quality, use, or effect, whether such claim be real or pretended, are liable to the tax.

The stamps must be denominated *proprietary stamps*. It will not do to use stamps for legal documents, such as *check stamps*, etc. Every stamp must be cancelled with the date and name of the party using it.

All dealers in Drake's, Hostetter's or any similar bitters or alcoholic compounds, which may be used as beverages, must pay the special tax (formerly license) of a retail dealer.

The Publisher of THE DETROIT CITY DIRECTORY deems it but proper to add a few words to the card of Messrs. H. P. BALDWIN & Co., which appears above. This house affords palpable evidence of the success which almost always crowns a steady and earnest pursuit of a legitimate enterprise, having been established on a comparatively small basis, over thirty years ago, until it has grown to be one of the most extensive manufacturing establishments in the West, giving employment to hundreds in Detroit as operatives, and using the products of Michigan in manufacturing. Since July 1st, 1867, Messrs. H. P. BALDWIN & Co. have had their manufactory in the upper part of the building formerly known as the Merchants' Exchange, corner of Woodbridge and Griswold streets, adjoining their present warerooms. This house continues to pay particular attention to the manufacture of their warranted hand made boots and shoes, so long and favorably known throughout the West. Michigan dealers should patronize Michigan manufactories.—EDITOR.

Being practical Artists ourselves, and doing all our own work, we have the advantage over other Galleries that have to employ artists to do the work, who usually receive one-half the price of the picture, which we propose to let the public have the benefit of. We respectfully ask that our work be compared with that of other Galleries, no matter what their prices may be.

We will endeavor to be prompt and obliging, and, by so doing, we hope to merit your patronage.

*A New Fragaria—The Mexican Everbearing Strawberry (Fragaria Gillmani, Clinton.)—*  
This wonderful plant, so peculiar in its appearance and habit, so different from any other known strawberry, has hardly been fairly introduced to the public; yet already its reputation far and near is an enviable one. It has even passed the ordeal of a critical examination by botanists eminent in the scientific world, and has been recognized as a *new species*.

The following is from the *Western Rural*, May 6, 1869.

A communication from Henry Gillman, Esq., of Detroit, of the U S. Lake Coast Survey, a scientific botanist, who has recently examined the Mexican Everbearing Strawberry, and also brought it to the notice of the Society of Natural Sciences at Buffalo. It will be seen that the plant has been subjected to a critical examination, and pronounced a new species of the *Fragaria*, or Strawberry, by some of the best botanists in the country. It is scarcely necessary to say that Judge Clinton and Messrs. Bigelow and Day are authority in such matters, and their opinion establishes what has been claimed for it, that it differs from any known variety, and vindicates it from the premature and unjust criticism, in this particular, to which it has been subjected. Its remarkable fruiting habit will be tested by a large number of persons who have secured plants, and if that proves equally satisfactory it will achieve a very enviable position as among the most valuable berries known.

To sound an alarm for fire, first open the circuit, which is done by turning the small handle off from the button near the centre of the instrument board; this will cause the hammer to sound upon the gong, showing that the instrument is in circuit and the line in working order.

Then with the key at the bottom of the instrument board sound ten (10), which is an alarm for fire, then pause, and then sound the number of the box.

These must be given three times in the order stated as follows:

Sound the alarm 1 1 1 1 1 1 1 1 1 (pause).

If the number of the box is 24, sound 1 1 (pause), 1 1 1, or if the number of the box is 43, sound 1 1 1 (pause), 1 1 1.

The pauses should be but about two seconds, or the time in which a person would ordinarily count three.

Care should be taken that the operation is distinct and at regular intervals.

After sounding the alarm and the number of the box, as above directed, wait a few moments, and if it has not been distinctly understood, a call may be made from some other locality for "repeat," which is 231, thus; 1 1 (pause) 1 1 1 (pause) 1. This being heard in the instrument, the alarm and number of the box must all be given again, as first directed.

Before locking the box, close the circuit, by turning the small handle on to the button near the centre of the instrument board; this must in all cases be done, and in no event must the circuit be left open.

The boxes must not be opened except to sound an alarm for fire, and the persons who are intrusted with the keys to the boxes are requested to report to the office of the Board of Fire Commissioners when any accident occurs, either to the instrument or boxes, or if any unauthorized persons are found tampering with them.
