

## User Guide to the Indexed List of Personal Names for Kovel

Extracted from Kovel (Kowel) Yizkor books and other sources

### Sources of Documents: Finding the Location Information for Kovel Personal Names

The names in this index are drawn from a variety of sources which include the 1951 Pinkes Kovel (E. Baler, editor) and the 1957 Kovel Memorial Book (Eliezer Leoni-Zopperfin, editor) designated in the Source column with the prefix **YB** ; oral histories (designated as **OH**) drawn from online sources; and family histories (designated as **FH**). The list below will indicate how to get to the source material for each name. There is also a **YB-Baler-TOC** which are author names from the Pinkes Kovel table of contents which I had translated. The URLs are clickable but occasionally there is a slight lag.
