

David Pinn Family

Debi Holtzman, e-mail: dholtzman@McKoolSmith.com

My name is Debi Holtzman and I immigrated to the US from South Africa in 2002.

My elderly parents still live in South Africa and I recently visited them there and asked about my ancestors who I knew came from Lithuania. Unfortunately my parents weren't able to give me too much information but I do know that my late grandfather, David Pinn, came from Sveksna. As a young boy he left Sveksna and immigrated to South Africa. My father, Len Pinn, was born in South Africa and so was I and my 2 brothers. All 3 of us have immigrated from South Africa along with thousands of other South African Jews.
