Dear Chanale and family!

I was not well for a good while,
so I could not write to you. I have
heard the sad news about your father.
It saddened me very much. To you
all I can say I wish you long live.

Now I want to wish you and
all the family "L'annah Tova," a
very healthy and happy new year
and well over the fast.

I am not able to get in
touch with your dear mother.
Has she got a new address?
Please let me know.

Lots of love and good wishes to
you and your dear family for a

happy and peaceful new year.
I hope now that I feel better to
be in touch with you more often.
Also I wish a very happy birthday
to your dear children. Please give
them a big kiss from me, from
your uncle

Leibish
