Subject: Report on town of Omerany.

I.D.T.:

b. Local conditions: The town was originally settled by a Jewish farmers colony and is arranged in the shape of the letter "L." Almost every house has a large truck-garden to its rear and in most instances belong to the Jewish tenants. The town itself suffered no destruction during the war.

Economic conditions: In general seen better than those of its neighbors.

c. Health conditions and institutions:
   - Typhus - 2 cases
   - Active Tuberculosis - 10
   - Favus - 15
   - Trachoma - 20
   - Tuberculous adenitis - 15
   - There is no ambulatorium, Doctor, Dentist or Drug store.
   - There is a field-schecher, however, and an apothecary shop.
   - The field-schecher is subventioned by the Medical Sanitary Committee which received for March 1921 Mts. 25,000.

d. Sanitary conditions: a. Water supply - ten wells (all open)
   - 4 wooden and 6 brick. Needs slight repairs and cleaning.
   - Sewage disposal: on streets or carried to nearby fields.
   - Privies: few and in bad condition.
   - No public toilets.

e. Child welfare: Schools: Bais Hamofer recently closed because of lack of funds.
   - Orphans - there are about 70 in town, interned with friends or relatives.

f. Kitchen – none. Not granted any supplies by the A.K.P.D. because it is not considered a war-ruined town.

Bath house: Functioning but greatly in need of repairs. See accompanying drawing and notation for details.
To Dr. H. Plots.
