

Total Life Span:

67 Years calculated over 87 adults

60 years calculated including 18 children

Males Life Span:

66.5 years calculated over 48 adults males

2 died before 30 years old 6.5 %

5 died between 30 and 50 years old ... 11 %

Females Life Span:

60 years calculated over 39 adults females

7 died before 30 years old11.5 %

6 died between 30 and 50 years old.....19 %

For Woman: This was the saddest part of the research:

The dream of every woman to give birth!

The panic of every woman to die delivering!

The number of young women who died delivering was very high...

Those numbers must be compared with life span in towns and cities during the same period, and especially over a much larger number of persons
