The book, *Juden in der k. (u.) k. Armee 1788-1918, Jews in the Habsburg Armed Forces*, by Erwin SCHMIDL, was printed by the Österreichisches Jüdisches Museum, Eisenstadt 1989. It appears that this book is not easy to find in English-speaking countries and many do not speak German. To help those interested in seeing if the book is of value to them, here is a transcription of the alphabetized list of references in the Register/Index pages (pp. 235-236) from the book,

Since the book is in German and English, the initial pages through p. 90 are in German. Pages in English are from 91-152. After page 152 are additional sections and appendices that appear to be entirely in German. The rest of the book has limited English. However, Appendix 4 (pp. 191-218) is entitled, **Photographs of Jewish Soldiers in World War One**, and captions appear in both languages.
